aria side chair BSC · 36"H x 19"W x 24"D

The shell-like back of the Aria Chair is methodically crafted with hand-carved convex and concave curves. Each grain-matched stave is carved and attached to its mate with concealed alignment pins. The arms of the armchair connect with a floating tenon that merges flush with the back and seat. Unlike stacked and laminated furniture, the entire surface is seamless to the touch. Sophisticated tapered legs offer stability and strength while custom upholstery lends additional softness and texture.
