round extension table

RT48 · 30" H x 48" D x 48-70" L

The clean lines and tapered legs of the Round Table draws its inspiration from early 19th-century designs, but has contemporary appeal. A generous 10" overhang allows armchairs to slide underneath. Slightly more compact when closed, this table extends from a 48" round top to a 70" oval and seats up to six.
