	8C21-20 Oil Prices	8C21-47 Manhattan	
	8C21-57 Tokyo	8C21-51 Cigar	

Notes:

- “Pattern Width” is the trim width on the specification and represents the width of the wallcovering that will be received by the customer.
- “Gauge” is the product thickness measured after the first pattern colorway is produced.
- “Tensile” and “Tear” results are the minimums required by CCC-W-408A federal specifications.
- “Nominal Pattern Width” is the expected width yield from one drop on the wall.

*These decorative metallic effect wallcoverings should only be cleaned with mild ingredients such as soap, detergent and water. Stronger, more alkaline household cleaners (ex. Lestoil®) have the potential to damage the surface of the wallcovering as does excessive scrubbing.
