

Qwizdom® Q^{VR}

Virtual remote

Revolutionize interactivity with the user-friendly QVR virtual remote. Using most any web-enabled device, students and teachers seamlessly connect and communicate with tools they already know how to use.

Features

- Seamlessly integrates with your favorite software and web-based applications
- Works with PowerPoint® (Win), Qwizdom Connect, and Qwizdom Answer Key.
- Allows teacher to control via web-based tool of choice, Q5 or Q7 receiver.
- Enables students to answer questions from most any web-enabled device.
- Right/Wrong indicator provides participants instant feedback after every question.
- Responses are automatically entered and scored.
- May be used in classrooms with other Qwizdom student response remotes (Q2, Q4 or Q6).

Specifications

- Compatible with Windows® and Macintosh® operating systems
- HTTP-enabled device with JavaScript and CSS support
- Browser-based device including PDAs, smart phones, laptops, and desktops
- On-screen question display
- Question types:
Multiple Mark, Sequencing, Rating Scale, Yes/No, Numeric, Multiple Choice, True/False and Text Response

“Students love using their own phones to participate in class.”
