Wall mounted luminaire for indirect and diffused LED lighting.

Materials: three concentric elements obtained from a single aluminum plate support a circuit of 400 white LEDs
• the two internal elements rotate independently on the horizontal axis, enabling the light emission to be directed and numerous spatial configurations to be obtained at the same time • anodized aluminum

Light emission

Colors

metal grey

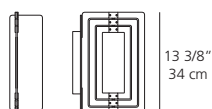

metal black

Applique murale à éclairage DEL indirect et diffus.

Matériaux: trois éléments concentriques obtenus à partir d'une seule plaque en aluminium supportent un circuit de 400 DEL blanches • les deux éléments intérieurs tournent indépendamment sur l'axe horizontal, ce qui permet à la fois d'orienter l'émission de lumière et d'obtenir de nombreuses configurations • aluminium anodisé

Luminaria de pared para iluminación LED indirecta e difusa.

Materiales: tres elementos concéntricos, realizados a partir de una única placa de aluminio, hacen de base a un circuito de 400 Leds blancos • los dos elementos interiores giran independientemente a lo largo del eje horizontal; merced a ello, es posible orientar el haz de luz y obtener distintas configuraciones al mismo tiempo • aluminio anodizado
