

The mover and changer Mitos promotes movement and changing positions throughout the workday. The transmotion mechanism assures optimal support by orchestrating seat and backrest motions in an exact ratio. And the Mobile model redefines the notion of desk work—stand, sit or recline, it's all about productivity.

Kimball®Office | interstuhl® | MITOS™

**Mitos™ refreshes your perspective,
giving you a new point of view**

- High, mid and low back desk chairs, side chairs and Mobile.
- Mobile model transforms into laptop table with footrest, lectern, side chair.
- Patented transmotion mechanism offers synchronized recline motion and wider range of movement for healthy sitting.
- Relax button reduces spring strength in the backrest so you can lay back longer without effort.
- Backrest available in black or ice-grey mesh.
- Lumbar support and seat depth adjustment available.
- Armless or 4D adjustable armrests with height, width and forward/back adjustment plus 180 degree pivot.
- Optional leather headrest is counter-synchronized.
- Cantilever or 4-leg side chairs are available with or without arms.

Mitos may contribute to LEED credits. Please refer to our Environmental Data Sheets, located on www.kimballoffice.com, for specific details.
