

RIVA

This simple, yet elegant, luminaire is complemented by a sleek inverted tapered pole. RIVA is precision- machined from billet aluminum, then satin anodized. The matte acrylic cylindrical lens diffuses light uniformly. Inverted tapered steel pole with flush handhole is hot-dip galvanized prior to being finished in finely textured paint. Pole is secured to ground mounting assembly with stainless steel socket head cap screws. All hardware is stainless steel. Standard color; matte silver grey metallic. Special colors available.

Wet Location

Model	Pole	Lamp
RV260	7.5' IT	70 MH / 50 MH / 2/24 CF
RV360	10.4' IT	70 MH / 50 MH / 2/24 CF
