

REGOR G

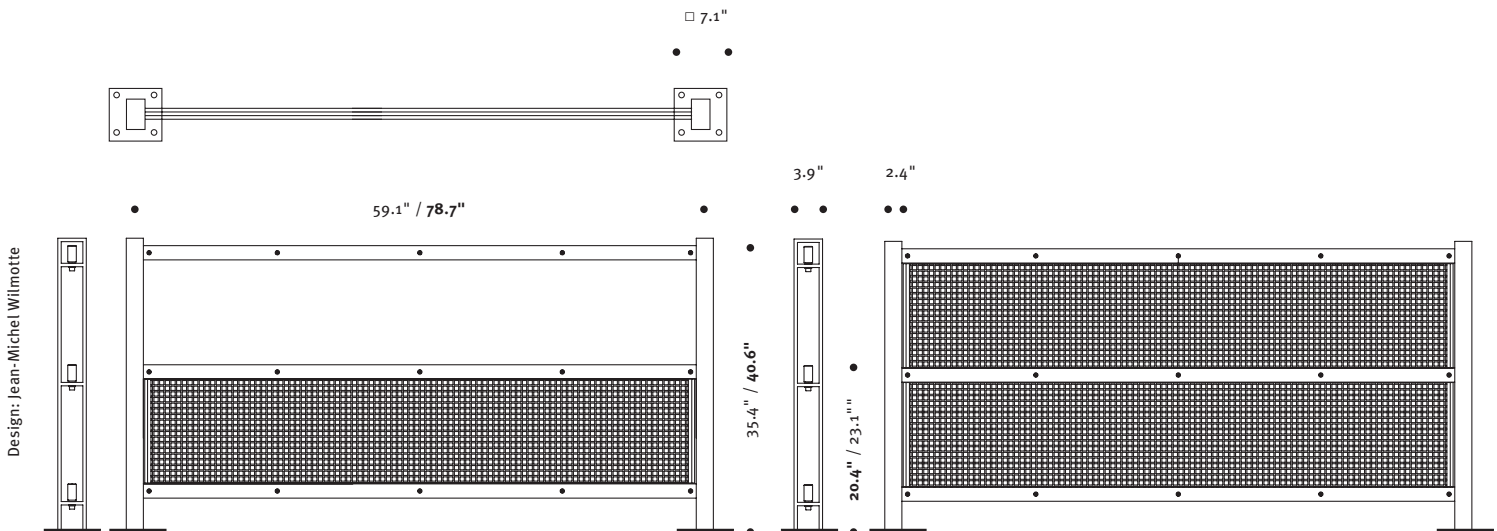

**REGOR G**  
Barrier System

Clean simple lines and crisp edges define the REGOR barrier system. Barrier system allows 90° to 180° post-to-post placement and is available in two heights. Support posts and rails are fabricated from

cold-rolled steel and are hot-dip galvanized prior to being finished in finely textured paint. Stamped stainless steel infills in half or full height configurations provide barrier protection between

sections. All hardware is stainless steel. Standard color; graphite grey. Special colors available. See technical sheet for details.

Post Height	Rail Length	Single Panel	Double Panel
35.4"	59"	RGR900-GU-59	RGR900-G-59
	78"	RGR900-GU-78	RGR900-G-78
40.6"	59"	RGR1030-GU-59	RGR1030-G-59
	78"	RGR1030-GU-78	RGR1030-G-78
