#### Rectangular

#### Angular

#### Curved

- Connectors are extruded aluminum. End caps are die cast aluminum and steel.
- Joiner brackets are 14 gauge sheet metal.
- Consult factory for special configurations.
- When C100 satin anodized finish is selected for the luminaires, pattern connectors will always be painted C110 aluminum to match.
- To guarantee a color match between luminaires and pattern connectors, select C100 aluminum or C041 white for the luminaire finish.
