SPECIFICATIONS

Construction

Extruded aluminum with mitered corners forms housing.

Source

Two LED color temperature options — 3500K or 4000K — both within 2.5 MacAdam ellipses.

Lens

Clear 3/8" acrylic, high-performance lens fastened with thumb screws and magnets.

Finish

Painted aluminum is standard.

Electrical

LED light engine consists of modular LED boards and 0-10V dimmable driver rated for 50,000 hours (L80) at 25°C ambient temperature.

Specify MVOLT for 120V-277V or 347V with transformer. Pre-wired with 16AWG fixture wire. For special circuiting or wire gauge, consult factory.

Validation

CSA/CUS listed. FCC part 15 certified. LM-79 tested. Lighting Facts partner. DesignLights Consortium qualified luminaire.

Warranty

Five-year warranty includes fixture construction, LED light engine and driver. Terms and conditions apply.

Packaging

100% post-consumer recycled box and protective lens cover. 100% recycled cardboard inserts and kraft tape.
