PLANNING GUIDE & PRICE LIST

NUCRAFT

## iSpec

# You design. Let us handle the details.

Nucraft offers a free, online product configuration and specification service that saves you time and allows you to be creative while leaving the nuts and bolts to someone else.

- No special software is required, nor is there any learning curve.
- The service applies to all Nucraft products including private office products, conference room products, reception stations, and training tables.
- You can generate quick and accurate answers for budget estimates and/or quick and exact specifications for final quotes.
- Revisions can be made any time you like, and total accuracy is guaranteed.

---

# How it works.

Called iSpec, this service is as close as your phone and your Internet-connected computer. You can use it anytime you need to configure, specify, or price Nucraft furniture. Here is how it works :

**1.** Schedule an iSpec session by calling 1-877-NUCRAFT or by visiting www.nucraft.com/ispec. (You will be asked to provide some preliminary information on the project. We will respect the confidentiality of the information.)

**2.** At the scheduled time, a Nucraft project specialist will contact you at the telephone number you provide.

**3.** You will be directed to the online collaboration site. (All you need is an Internet connection and a Web browser.)

**4.** Once you are at the site, the Nucraft project specialist will work with you in real time to configure the required product based on your specific direction. (Watch the screen as your workstation appears.)

**5.** When the specification process is completed, you will receive 2-D or 3-D drawings, the specification itself with guaranteed accurate pricing, and the estimated lead time. (Follow-up sessions may be scheduled at your request to make any necessary modifications.)

iSpec—it's fast, it's flexible, it's a free service from Nucraft.

ELEVARE

This price book supercedes all previous versions.

**How to Order**
**Before placing your order, confirm you have all required information necessary. Lead times for orders begin after all required information is included and correct.**

**Delivery Information**
Our goal has always been to provide the very best service to our customers. We know lead times are important and sticking to them even more so. We work to maintain a 6-8 week lead time on all standard products in this book from receipt of a clean order. All orders are acknowledged with an approximate shipping date and will be invoiced with the price in effect at the date the purchase order is received.

Shipping charges are prepaid (within the continental U.S.). Therefore, pricing is a delivered price based on normal ground transportation. If you have special instructions, need to ship by air, or are shipping to Alaska or Hawaii, contact Nucraft Customer Service. Nucraft can also help arrange to have products blanket wrapped for an additional charge. Contact Nucraft Customer Service team or specify it on your purchase order.

**Minimum Freight Charge: Any order below $1,600 net will be assessed an $180 net minimum freight charge (one per order).**

Orders are subject to acquiring the materials required for manufacturing. Fulfillment can be affected by strikes, fires, embargoes and acts of government. These elements are beyond our control.

**Freight Terms**
Shipping charges for Nucraft products are prepaid in the continental United States. Product ships FOB dock. The customer obtains title to their product and materials, and assumes the risk of loss for them, upon shipment from Nucraft's facilities.

**Storage**
Nucraft has no storage facilities for finished product. If a customer cannot accept an order when it is ready for shipment, the customer must designate an alternative shipping address. If no address is provided, Nucraft may, in its discretion, transfer the product to storage. If product is transferred to an off-site storage facility, the customer may be charged for transportation to the facility and for any associated storage fees. Nucraft considers transfer of the product to a storage facility the equivalent of shipment, including invoicing and payment. Customers assume the risk of damage or loss during storage.

**Transportation Times and Delays**
Third party carriers that Nucraft contracts with will make reasonable efforts to accommodate requested delivery times and dates. Scheduled delivery appointments may, however, be delayed for a variety of reasons, including inclement weather, traffic, transportation equipment problems, and delays encountered at other delivery locations along the delivery route. Nucraft does not recommend scheduling activities that depend on the delivery appointment (for example, scheduling furniture installers to install furniture the day of the delivery appointment). Nucraft shall not be liable for any costs incurred as a result of a missed delivery appointment.

**Shipment Damage Claims**
Legal title to merchandise passes to the buyer upon acceptance by the carrier. **Inspect all cartons upon delivery.** Details of visible damage should be noted on the delivery receipt. Do not install product if damage is found upon inspection. The carrier should be notified by the buyer to inspect the merchandise, and file a claim immediately. If visible damage is not apparent, sign the delivery receipt "No visible damage." This will allow recourse for a concealed damage claim. Although most claims for transportation damages must be filed against the carrier within nine months of the date of delivery, concealed damage claims must be filed within 15 days of receipt.

Do not destroy packing materials until shipment has been inspected. Then proceed to file a claim with the carrier.

**Failure to make any claims against Nucraft within 10 days shall constitute acceptance of the merchandise and a waiver of any defects, errors or shortages discovered upon inspection.**

**Cancellations**
Cancellations must be reviewed by our Customer Service team. Because we build your products to order, orders cannot be cancelled once processing has begun. If cancellation is approved, a processing fee of 20-100% will be assessed based upon the manufacturing status of the order. Orders for specially constructed or finished products cannot be cancelled once the product is started.

**Repair Authorization**
Prior written approval is required for repairs of merchandise charged to Nucraft. Failure to do so will result in customer funded repairs.

**Payment Terms**
Terms of payment consist of a 1% cash discount for payment within 10 days of invoice date or payment of the net amount due within 30 days of the invoice date (1% 10 days, net 30 days). Discount is not allowed on credit card payments.

**Credit Card Payments**
When paying by credit card (Visa, Mastercard or American Express), include the card number, expiration date, card holder name (printed) and card holder signature on the purchase order. A credit card payment form is available upon request. No cash discount allowed on credit card payments.

**Warranty**
Nucraft warrants that each piece of furniture it manufactures will be free from defects in materials and workmanship for a period of ten years of single-shift use. Textiles, decorative trim, electrical components, lamps, mechanical devices, casters and custom-made products not described in Nucraft's catalog are warranted for one year from the date of original delivery. This warranty is applicable only if the furniture is given normal and proper care and is properly installed and maintained in an office environment. This warranty extends only to products manufactured and sold in North America and only to original purchasers acquiring new Nucraft products through authorized dealers, or from others specifically authorized by Nucraft to sell its products.

Nucraft's sole obligation under this warranty is to repair or replace, at Nucraft's discretion, products which prove to be defective during the warranty period. Purchasers may be required to establish that a claim is within the warranty period. To initiate a warranty claim, the purchaser should contact an authorized Nucraft dealer.

This warranty does not cover: 1) Damage caused by a carrier 2) COM (Customer's Own Material) specified by the customer that is not a standard product offering 3) Color, grain or texture of wood and other covering materials (due to the natural variations over which Nucraft has no control) 4) Damages resulting from user modification, attachments to a product, misuse, abuse, alteration or negligent use.

**Nucraft extends no other warranties, expressed or implied, including warranty of merchantability or fitness for a particular purpose. Nucraft shall not be liable for loss of time, inconvenience, commercial loss, incidental or consequential damages.**

# Finish Information

## Custom Finishes

Nucraft specializes in expert custom finish matching. For a nominal upcharge we can provide custom finishes, and we are frequently asked to match the finishes of other furniture manufacturers. For orders over $5000 list, a finish sample will automatically be sent for approval prior to entering the order. Additionally, for finishes that appear unusual to match or for customers directly requesting a sample, a finish sample will also be sent for approval prior to entering the order.

Custom finishes requiring colored varnishes to create a painted look can only be applied to Maple veneer and require one extra week in addition to the standard leadtime. Nucraft's standard black finish (G82) can be applied to all Nucraft standard veneers. Walnut is the standard black veneer. Other species must be specified when ordering.

Custom finishes carry a 10% upcharge per item, per finish.

Do not add the finish upcharge to any item that is not wood. Example: casters, ganging connectors.

## Treatments
**Note: Incoming orders without a treatment specified will default to our standard Gloss treatment.**

**Gloss:** Our standard treatment. Gloss is a durable finish that tends to nicely mask normal wear and leaves wood grain visible to the eye. It achieves a medium gloss open pore appearance (40 – 50 sheen range). Finish numbers preceded by the letter "G" indicate a Gloss finish.

**Matte:** Like Gloss, Matte is durable, tends to nicely mask normal wear and leaves wood grain visible to the eye. It achieves a low luster, open pore appearance (10 – 20 sheen range). Finish numbers preceded by the letter "M" indicate a Matte finish.

**High Gloss:** A full filled hand rubbed treatment, High Gloss has a mirror-like appearance (80 – 90 sheen range). High Gloss treatments tend to show wear as well as grain and surface irregularities to a greater degree. Finish numbers preceded by the letter "H" indicate a High Gloss finish. **There is a 10% upcharge per item for a High Gloss finish.**

When viewing a High Gloss finish from certain angles, you may notice subtle rubbing lines, which is characteristic of any rubbed finish treatment. High Gloss treatments are applied to top surfaces only of products up to 50" in height. A Gloss treatment is then applied to all other exposed surface areas.

Since each veneer type responds differently to both types of treatment, all will have a distinctive look and feel when finished. For example, a Walnut veneer with a Gloss treatment will remain much more textured than a Cherry veneer with the same treatment.

## About the Wood

All Nucraft veneers are carefully selected for uniformity of color and grain. Still, wood is a natural substance and minor variations may occur due to its own uniqueness. Because of this, the furniture you receive may not be an exact match to our samples.

Nucraft takes great pride in our finish color consistency. However, wood is a natural product that will have color variation within a single piece of furniture, as well as from one piece to the next. Other factors also affect color over time, such as exposure to light (both intensity and duration). For example, lighter finishes cause more variation in colors over time.

In cases where a returning customer wants a precise match with existing furniture, we recommend sending a sample of the existing furniture finish. Please contact Nucraft Customer Service to determine an appropriate sample. This will ensure a finish match between old and new orders. This type of order is considered a control sample. There will be a 10% upcharge on an order of this type. Due to natural aging of veneers, natural finishes may vary.

## Care and Maintenance of Wood Finishes

Our finish material is a crystal clear, urethane acrylic blend. This type of finish may be repaired in the field by a qualified refinisher. Contact our Nucraft Customer Service team for detailed touch-up and refinishing instructions.

Nucraft recommends using a damp cloth to clean your fine wood furniture. Always wipe with the grain of the wood. Should your wood furniture require a more thorough cleaning, we recommend using a mild cleaner such as Joy dish soap or Murphy's oil soap, thoroughly diluted in water (one part soap to thirty parts water). Water will not damage Nucraft's finish, but will leave surface spots when it dries. To avoid this, dry the surface with a soft cloth after it is cleaned. Marks that cannot be removed with the cleaning methods above may be able to be removed using naptha, a mild degreasing solvent.

**Caution:** while the use of polishes that contain wax, petroleum solvents or silicones may immediately enhance the "shine" of a product, it may also eventually remove the fine original finish applied in our factory. Silicone on the surface of wood may also make it very difficult to respray or refinish.

All Nucraft furniture is inspected and polished before it leaves our factory. In some instances, the packing materials may imprint on the factory polish. Cleaning and polishing the furniture once it is unpacked will normally restore the furniture to its original beauty.

In some cases, the rubber support feet used on the bottom of common office equipment (teleconferencing phones, laptops, microphones, copiers, etc.) can create unsightly marks in the surface of wood tops, due to oxidation of the lacquer finish. We suggest these machines be placed on a protective type of padding, such as felt.

# Finish Information

## Laminates

Selected WilsonArt laminates are available on Satellite Tables, A/V and Presentation Cart top insets as well as Conference Tables, Conference Room Furniture, Visual Boards and select Occasional Tables. For standard laminate and wood pricing, refer to individual item pricing columns.

## Non-Standard Laminates

To order a color other than those on our list (see Page 8), refer to Nevamar, WilsonArt, or Formica standard grade, matte texture or Pionite standard grade, suede texture laminate offerings (excluding manufacturers' non-standard matte offering). **Add $90 list per item for a non-standard solid, matrix or pattern.** Add 20% per color for woodgrain laminates (includes stained-to-match for remainder of unit to match laminate color). Add one week to the lead-time for all non-standard laminate orders. Call the Nucraft Customer Service team for quotes on premium grades and laminates. Mirror and metal laminates are not available.

## Care and Maintenance of Laminate

Laminate surfaces may be cleaned with a damp cloth and ordinary soap or non-abrasive household liquid detergent. Dry the surface with a clean cloth or soft paper towel to prevent streaks from appearing.

## Care and Maintenance of Metal

Metal surfaces can be wiped with a damp cloth and rubbed dry. A mild non-abrasive household liquid detergent can be used if necessary. Regular maintenance of metal components, including tightening of fasteners and light lubrication of moving parts, will extend the life of your furniture.

## Care and Maintenance of Glass

Clear or frosted glass may be cleaned with commercial glass cleaner. Be sure to use a lint-free cloth if cleaning the frosted side of the glass.

## Care and Maintenance of Stone

**Marble:** Marble is porous and stains easily. Wipe off anything spilled on marble immediately. Occasionally wash marble surfaces with lukewarm water and wipe dry with a clean cloth. To avoid leaving streaks, wipe surface with a damp chamois. Should your marble surfaces require a more thorough cleaning, wash with a mild household liquid detergent solution, rinse and wipe dry. A light coat of wax will protect the surface of marble but is not considered essential. If wax is applied, it should be a colorless wax.

**Granite:** Granite surfaces may be cleaned with a damp cloth and ordinary soap or non-abrasive household liquid detergent. Dry the surface with a clean cloth or soft paper towel to prevent streaks from appearing.

## Care and Maintenance of Leather

Genuine leather requires very little care. Nucraft recommends that leather be dusted regularly. If a more thorough cleaning is needed, use lukewarm water and a mild, non-abrasive soap. Generate some lather and lightly rub the surface with cheesecloth. Rinse off any soap film with clean water and towel dry. The leather may dry dull. To restore the leather to a normal gloss, rub it with a clean towel. Never use furniture polish, oil, varnish or ammonia. Saddle soap may be used to prevent the leather from becoming brittle or cracked and to maintain the original supple finish.

## Touch Up Finish Kits

| Model # | Description | Price |
|---|---|---|
| KIT-M | Metal Kit | 80 |
| KIT-P | Paint Kit | 80 |
| KIT-S | Stain Kit | 80 |

**REQUIRED INFORMATION:**
**(ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**
- Kit model number
- Quantity of kits
- Specify finish (See Page 8)

**General Information:**
- Touch-up kits must be ordered on a purchase order separate from Nucraft product due to Hazmat shipping

## GRADED FABRIC PROGRAM

Top quality upholstery and fabrics have been graded into the price list. We work with various distributors and now offer a larger selection of fabrics. For a curent list of graded-in manufacturers, check our website at www.nucraft.com

| NET PRICE PER YARD | NUCRAFT GRADE |
|---|---|
| $19.99 and below | A |
| $20.00 - 29.99 | B |
| $30.00 - 39.99 | C |
| $40.00 - 49.99 | D |
| $50.00 - 59.99 | E |
| $60.00 - 69.99 | F |
| $70.00 - 79.99 | G |
| $80.00 and above: contact Nucraft Customer Service | |

For additional information on our graded-in fabrics program, please go to www.nucraft.com.

# COM Specification for Visual Boards & Easels

## For COM orders please include the following:
- Name of customer
- Customer's purchase order number
- Model number and quantity of piece(s) to be covered
- Specify right-way or railroad application (railroad is the default if no selection is made)
- If fabric is a stripe or pattern, specify vertical or horizontal application
- Supplier's name, material number and description

### YARDAGE ESTIMATING
All yardages in the price list are based on 54″ wide plain (no match) fabric. The following is a guide for fabrics that are less than 54″ wide or have a pattern match.

### Fabric Less Than 54″ Wide
For 50″ wide fabrics allow 10% additional fabric
For 48″ wide fabrics allow 15% additional fabric
For 45″ wide fabrics allow 20% additional fabric
For 36″ wide fabrics allow 50% additional fabric

### For Pattern Match Fabrics
3″ to 14″ repeat allow 15% additional fabric
15″ to 19″ repeat allow 20% additional fabric
20″ to 27″ repeat allow 25% additional fabric
28″ to 36″ repeat allow 30% additional fabric

Nucraft may add a charge for sewing, cutting and matching unusual COM or COL materials to cover additional costs. Call customer service for pricing.

**It is the sole responsibility of the customer to determine that the fabric is appropriate for the application in which it will be used.** Once COM/COL is accepted, Nucraft assumes no responsibility for its overall appearance, flammability, normal durability, color fastness or any other quality after upholstered on a Nucraft product beyond our normal quality standards.

The fabric should be sent to the following address:
Nucraft Furniture Company
5151 West River Drive
Comstock Park, MI 49321
Attn: Order Processsing

# Bench Fabric

**GRADED FABRIC PROGRAM**

Top quality upholstery and fabrics have been graded into the price list. We work with various distributors and now offer a larger selection of fabrics. For a curent list of graded-in manufacturers, check our website at www.nucraft.com

| NET PRICE PER YARD | NUCRAFT GRADE |
|---|---|
| $19.99 and below | A |
| $20.00 - 29.99 | B |
| $30.00 - 39.99 | C |
| $40.00 - 49.99 | D |
| $50.00 - 59.99 | E |
| $60.00 - 69.99 | F |
| $70.00 - 79.99 | G |

$80.00 and above: contact Nucraft Customer Service

For additional information on our graded-in fabrics program, please go to www.nucraft.com.

**FIRE RESISTANCE**

All Nucraft benches incorporating upholstery fabrics meet California Technical Bulletin 116/117 and BIFMA X5.7 - Voluntary Upholstered Furniture Flammability Standard for Non-Residential, Non-Live-In Occupancies.

**COM LEATHER SPECIFICS**

The following is a guide for specifying leather requirements. The guide is based on the following general information.

A full "domestic" hide is approximately 50-60 square feet. A specialty or calf hide is approximately 35 square feet. Of this footage there are various non-usable areas included in the hide's size. Conversion of fabric yardage to leather is approximately 1 yard = 18 square feet.

**Bench Requirements**

48" benches will require 1/2 domestic hide or 1 full calf hide.

60" benches will require 1 domestic hide or 2 calf hides.

72" benches will require approximately 1 full domestic hide or 3 calf hides.

The boxing around the seat, if required, will have 4-6 seams that will be placed aesthetically based on the yield and usable remains of the hides.

# Specification Tools

**Computer Aided Planning**

Nucraft products and pricing are available on CD via CAP (Computer Aided Planning), a product of 20 20 Technologies.

Cap Studio is an integrated software system developed specifically for interior designers and facility planners to enhance workplace performance. This modern suite of applications works together seamlessly, in concert. Navigate catalogs, select products, design in plan view and 3D, assign options, create worksheets and build a project where you want, when you want. Take your pick. It's dynamic and interactive. Design projects are a work in progress. And now you can perform any of the many discrete tasks that go into a project any time, any place.

For additional information you may contact 20 20 direct at 800-227-0038.

**iSpec®**

Nucraft offers a free online product configuration and specification service that saves you time and allows you to be creative while leaving the nuts and bolts to someone else. No specific software is required, nor is there any learning curve. This service applies to all Nucraft products. For additional information, call 1-877-NUCRAFT and ask for the iSpec Team or log on to www.nucraft.com/ispec.

# Environmental Statement

**Environmental Options**

Nucraft is committed to supporting responsible environmental policies and practices in all that we do. We strive for sustainability, weighing our business decisions against the costs to the ecological, social and economic systems they affect.

Our products are manufactured to meet one or more of the following credit requirements of the U.S. Green Building Council's LEED rating systems:

**Recycled Content**

LEED Credit MR 4.1

Requirement: The sum of post-consumer recycled content plus 1/2 (one-half) of the pre-consumer content shall constitute at least 10% of the product (by weight).

LEED Credit MR 4.2

Requirement: The sum of post-consumer recycled content plus 1/2 (one-half) of the pre-consumer content shall constitute at least 20% of the product (by weight).

All standard Nucraft products consist of a high percentage of recycled content that far exceed the LEED requirements and vary by product line. For exact percentages, download the Environmental Statements for each respective product line at www.nucraft.com.

**Rapidly Renewable Materials**

LEED Credit MR 6

Requirement: Products shall consist of at least 5% (by weight) of materials made from plants that are typically harvested within a 10-year or shorter cycle.

Nucraft offers all wood products with an optional Rapidly Renewable construction to meet the LEED requirement for Rapidly Renewable content.

Contact Nucraft Customer Service for details on how to order products with this construction. For exact percentages of Rapidly Renewable content by product line, download the Environmental Statements for each respective product line at www.nucraft.com.

**Certified Wood**

LEED Credit MR 7

Requirement: Products shall consist of at least 50% (by weight) of materials that are certified in accordance with the Forest Stewardship Council's Principles and Criteria.

Nucraft is a Forest Stewardship Council (FSC)-certified manufacturing facility and offers all wood products with an optional FSC-certified construction to meet the LEED requirement for Certified Wood. Contact Nucraft Customer Service for details on how to order products with this construction. For exact percentages of Certified Wood by product line, download the Environmental Statements for each respective product line at www.nucraft.com.

**Low-Emitting Materials - Systems Furniture and Seating**

LEED Credit EQ 4.5

Requirement: All systems furniture and seating that was manufactured, refurbished or refinished within one year prior to occupancy must meet the ANSI/BIFMA M7.1-2007 and ANSI/BIFMA X7.1-2007.

All Nucraft conference tables, training tables, and Aerial casegoods satisfy LEED Credit EQ 4.5 as they have been certified to the stringent ANSI/BIFMA X7.1-2007 Furniture Emissions Standard.

**Certified Products 100% - Type I Environmental Label**
Pilot Credit MR 43

Requirement: BIFMA level™ certified products qualify for Pilot Credit 43.

## Section Contents

## Legs

- Equipped with removable covers for cable routing.
- Inside of leg cover is slotted to allow power entry into the modesty panel.
## Electrical System

- 8-wire, 4-circuit modular system.
- Transfers power between adjacent tables from a single point of entry.
- All components, except the plug-in power in-feed, are UL listed and meet NEC requirements; the plug-in power in-feed is not UL listed but does meet NEC standards.

## Modesty Panel

- Attaches to table with tabs that latch into slots in the leg.
- Features a voice/data raceway with cover.
- Raceway cover is constructed of extruded PVC and contains cutouts for customer supplied modular furniture faceplates and snap-in connectors.
- Physical barrier between power and data channels meets Category 5 performance requirements.
- Mounting clips allow for optional field installation of modular electrical system.

**Electrical System Components**

## Power Assembly
- Mounts into Technology Modesty Panel; contains two (2) power blocks for each table.
- Each power block accepts a duplex receptacle, providing up to four (4) outlets.
- Installs without tools.

## Duplex Receptacle
- Mounts into the power assembly's power block.
- An installation's electrical requirements determines the number of receptacles and electrical circuits required. (See electrical planning details on pages 319-320.)

## Power Jumpers
- Transfers power from table to table.
- Available in three lengths based on the power transfer application:
  — Table to table (30" length)
  — Table to CPU bridge (22" length)
  — Table to table, beneath a connection top or quarter round (42" length)

## Plug Strip
- Designed for applications requiring less-extensive power requirements.
- Provides four (4) surge-protected electrical outlets from one 10'-long plug-in infeed.
- Mounts to Technology Modesty Panel in two locations, offering a maximum of eight (8) electrical outlets per modesty panel.
## Power In-feed
- Carries electricity from the building's power source through the table's leg and into the Technology Modesty Panel, connecting to the table's power assembly.
- Enters the inside leg cover of any table in a configuration.
- CPU bridge does not accept the power infeed.
- Available in plug-in or hardwire options.

### Plug-in In-feed
- Plugs into a 120 volt/20 amp receptacle, activating circuit #1 only.
- Equipped with 2' cord; table must be placed within 18" of receptacle.

### Hardwire Option
- Activates up to four (4) circuits.
- Equipped with 7' cord.
- Must be installed by licensed electrician.

OCCASIONAL TABLES

BENCHES

BOOKCASES & MODULAR SHELVING
## Electrical Planning

All circuits require a hot, neutral, and ground wire to be complete.

Satellite Training Table's 8-wire electrical system consists of the following:

Circuit #1
Circuit #2 — share neutral and ground
Circuit #3

Circuit #4 — share neutral and isolated ground

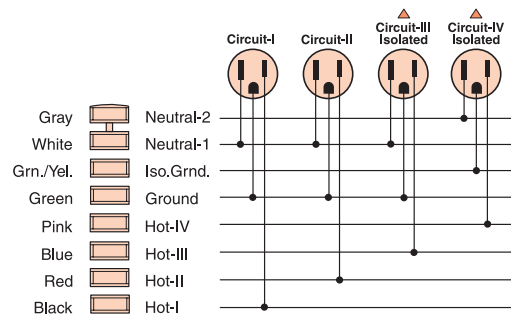

Each circuit is rated for a maximum of 20 amps of intermittent use or 16 amps of continuous load (continuous load defined as three hours or more of constant use). Nucraft recommends planning for continuous load. The National Electrical Code (NEC) restricts a 20 amp circuit to a maximum of 24 receptacles. In Canada, the national system is rated for 15 amps, and receptacles are limited to 20.

NOTE: The above standards are maximum amounts only. The equipment in a typical computer training application will often consume the amperage capacity using less than 24 receptacles. Always check your local codes for restrictions.

### How To Determine What You Need

Before ordering or installing any electrical component, first consult with a licensed electrician.

### 1. Design The Furniture Layout
- Survey user needs and future reconfiguration requirements.
- Note the location of building power sources in the room; it may be necessary for the electrical contractor to re-route power to a more convenient outlet location.

### 2. Make An Equipment List
- Remember to consider equipment that may be added in the future.

### 3. Find The Amps
- Look for amperage information on each equipment item, either on the manufacturer's nameplate or in the user manual.
- Amperage is typically displayed as follows:
  INPUT: 120V—1.8A (amperage shown here is 1.8)
- Round decimals up to the next whole number (1.8 would become 2).
- If the equipment power consumption is listed as watts, convert watts to amps using this formula:
  Watts ÷ Volts = Amps

# Satellite® Planning

## How To Determine What You Need, continued

### 4. Total The Amps
• Multiply the amperage by the number of corresponding equipment items.

| Equipment | Amps | Qty. | Total Amps |
|-----------|------|------|------------|
| CPUs | 3 | 6 | 18 |
| Monitors | 1 | 6 | 6 |
| Printers | 6 | 1 | 6 |
| Lamps (future expansion) | 1 | 6 | 6 |
| | | | 36 |

### 5. Divide Total Amps By 16 To Determine Number of Circuits
• Remember, the total amps available on each circuit (for continuous load) is 16.
• Divide 36 by 16.
• Take the new number — in this case 2.25 — and round it up to the next whole number (3).
• The result is that 3 circuits would be required, per each hardwire power infeed, to power the equipment listed.

### 6. Specify Products and Components.
• See the sample furniture layout below.

## Sample Layout

This example depicts three (3) Satellite Training Tables and three (3) CPU Bridges, along with the equipment list featured above. Note that one (1) power infeed entering the left side of the configuration supplies electricity to all three tables; power jumpers route power from table to table.

- Power Infeed
- Power Jumper
- Power Assembly
- Duplex Receptacle
- Power Assembly for CPU Bridge
| Quantity | Product No. | Description |
|----------|-------------|-------------|
| 3 | PV-SCT-3060-W-GC | Computer training table, laminate with PVC edge (PV), 30″ x 60″, wire management modesty panel (-W), and ganging connectors (-GC) |
| 3 | PV-SCB-30 | CPU Bridge, 20″W x 30″D, laminate top with PVC edge |
| 3 | SPA-60 | Power assembly for a 60″ table; accepts two duplex receptacles (4 outlets) |
| 3 | SPA-CPU | Power assembly for a CPU bridge; accepts two duplex receptacles (4 outlets) |
| 5 | SPJ-TC | Power jumper from table-to-CPU bridge |
| 3 | SDR-1 | Duplex receptacle for circuit 1 |
| 3 | SDR-2 | Duplex receptacle for circuit 2 |
| 3 | SDR-3 | Duplex receptacle for circuit 3 |
| 3 | SDR-4 | Duplex receptacle for circuit 4 (isolated and dedicated circuit) |
| 1 | SDR-H | Hardwire power infeed |

**Voice/Data Planning**

Nucraft does not provide modular furniture faceplates and data connectors due to the vast variety of voice/data connectors available in the marketplace. Faceplates and connectors are customer supplied.

Nucraft recommends consulting an audio visual (AV) integrator for assistance with voice/data planning.

OCCASIONAL TABLES

BENCHES

BOOKCASES & MODULAR SHELVING

Satellite Shared Leg Tables are specified with legs and tops separately.

**How to Determine the Quantity of Legs**
Legs need to be specified based on the number of seams between tables and end of run. **Please note that each Sight Line top, Double Radius table and Half-Round table requires an additional leg for support.**

**Vignette 1**

| Qty | Model Number | Description |

---

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**

**Laminate Top/Modular PVC Edge [PV]**
• Choose laminate selection.  See Page 8
• Choose PVC color. See Page 8
• Choose applicable leg model number.  See Page 342

**Laminate Top/Modular Wood Edge [PW]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose laminate selection.  See Page 8
• Choose Applicable Leg Model number.  See Page 342

**Laminate Top/Comfort Wood Edge [PC]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose laminate selection.  See Page 8
• Choose applicable leg model number.  See Page 342

**Veneer Top/Modular Wood Edge [WW]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose applicable leg model number.  See Page 342

**Veneer Top/Comfort Wood Edge [WC]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose applicable leg model number.  See Page 342

**PV** - Modular PVC Edge
(Laminate tops only)

**PW** and **WW** - Modular Wood Edge

**PC** and **WC** - Comfort Wood Edge

**General Information:**
• **Note:** Due to the modular nature of these tables, exact grain matching between tables is not possible
• Tops are 1-1/4" thick and available in laminate or veneer surfaces
• PVC edges have a 2" corner radius and wood edges have 1/4" radius
• Comfort wood edge is 2-1/8" wide with a waterfall hardwood curved edge on the users side only; the other (3) sides have a 1/4" square hardwood edge

Ganging Connector
**-GC**

**PV** - Modular PVC Edge
(Laminate tops only)

**PW** and **WW** - Modular Wood Edge

**PC** and **WC** - Comfort Wood Edge

**Options:**

| | | |
|---|---|---|
| Grommet: | Add **-G** | (1) Grommet on 42"-48" tables, Add $122 |
| | | (2) Grommets on 60"-72" tables, Add $244 |
| Locking Casters: | Add **-LC** | Add $183 per table (tables with casters are 29-1/2" high) |
| Ganging Connectors: | Add **-GC** | Add $129 per table (for end-to-end connections only) |
| Modesty Panel Cover: | | See Page 348 for information |
| Power & Voice/Data: | | See Page 397 |

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**

**Laminate Top/Modular PVC Edge [PV]**
• Choose laminate.  See Page 8
• Choose PVC color.  See page 8
• Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)

**Laminate Top/Modular Wood Edge [PW]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose laminate.  See Page 8
• Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)

**Laminate Top/Comfort Wood Edge [PC]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose laminate.  See Page 8
• Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)

**Veneer Top/Modular Wood Edge [WW]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)

**Veneer Top/Comfort Wood Edge [WC]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)

**General Information:**
• **NOTE:** Due to the modular nature of these tables, exact grain matching between tables is not possible
• Tops are 1-1/4" thick and available in laminate or veneer surfaces
• PVC edges have a 2" corner radius and wood edges have 1/4" radius
• Comfort wood edge is 2-1/8" wide with a waterfall hardwood curved edge on the users side only; the other (3) sides have a 1/4" square hardwood edge

                                            Ganging connectors are for end-to-end connections only)

Grommet:                     Add **-G**     (1) Grommet on CPU, 42"-48" tables, Add $122
                                            (2) Grommets on 60"-72" tables, Add $244

Power & Data:                               See page 397 for info.  (Not available on CPU Bridge)

Ganging Connector **-GC**

**PV** - Modular PVC Edge
(Laminate tops only)

**PW** and **WW** - Modular Wood Edge

**PC** and **WC** - Comfort Wood Edge

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**
**Laminate Top/Modular PVC Edge [PV]**
• Choose laminate.  See Page 8
• Choose PVC color.  See Page 8
• Choose Powder Coated Metal Finish for Legs:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)
• Choose Powder Coated Finish for Modesty Panel:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**Laminate Top/Modular Wood Edge [PW]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose laminate.  See Page 8
• Choose Powder Coated Metal Finish for Legs:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)
• Choose Powder Coated Finish for Modesty Panel:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**Laminate Top/Comfort Wood Edge [PC]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose laminate. See Page 8
• Choose Powder Coated Metal Finish for Legs:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)
• Choose Powder Coated Finish for Modesty Panel:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**Veneer Top/Modular Wood Edge [WW]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose Powder Coated Metal Finish for Legs:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)
• Choose Powder Coated Finish for Modesty Panel:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**Veneer Top/Comfort Wood Edge [WC]**
• Choose Wood Species & Finish:  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose Powder Coated Metal Finish for Legs:  Nickel (A43), Metallic Silver (A47), Graphite (AGR), or Black (A44)
• Choose Powder Coated Finish for Modesty Panel:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**General Information:**
• **NOTE:** Due to the modular nature of these tables, exact grain matching between tables is not possible
• Tops are 1-1/4" thick and available in laminate or veneer surfaces
• PVC edges have a 2" corner radius and wood edges have 1/4" radius
• Comfort wood edge is  2-1/8" wide with a waterfall hardwood curved edge on the users side only; the other (3) sides have a
  1/4" square hardwood edge.
• CPU Bridge only connects to 30" deep tables with C-leg bases
• CPU Bridge houses (2) CPU towers with an available storage space of 16-1/2" x 17-1/2 D x 20 H
• Computer training tables come with two inside leg covers featuring additional cut-outs for routing power into modesty panel
• Modesty panel will default to finish of legs unless otherwise specified.

OCCASIONAL TABLES

BENCHES

BOOKCASES & MODULAR SHELVING

## Power Assembly

| Model # | For Use With: | Price |
|---|---|---|
| SPA-CPU | CPU Bridge | 113 |
| SPA-42 | 42" Table | 217 |
| SPA-48 | 48" Table | 217 |
| SPA-60 | 60" Table | 217 |
| SPA-72 | 72" Table | 217 |

**General Information:**
• Field Installed into Technology Modesty Panel
• Order (2) Duplex Receptacles per Power Assembly

## Duplex Receptacles

| Model # | Description | Price |
|---|---|---|
| SDR-1 | For Circuit 1 | 28 |

**Hardwire Infeed Only**

| Model # | Description | Price |
|---|---|---|
| SDR-2 | For Circuit 2 | 28 |
| SDR-3 | For Circuit 3 | 28 |
| SDR-4 | For Circuit 4 (isolated and dedicated circuit) | 28 |

**General Information:**
• Field installed into Power Assembly

## Power Jumpers

| Model # | For Use With: | Price |
|---|---|---|
| SPJ-TT | 30" from Table to Table | 145 |
| SPJ-TC | 22" from Table to CPU Bridge | 145 |
| SPJ-TQ | 42" beneath a Connecting Top or Quarter Round Top | 145 |

## Power Infeeds

| Model # | Description | Price |
|---|---|---|
| SPI-H | Hardwire Power Infeed | 282 |
| SPI-P | Plug-in Power Infeed | 282 |

SPI-H          SPI-P

**General Information:**
• Power infeed enters the inside leg of a training table. (Infeed cannot mount into a CPU Bridge)
• Hardwire infeed includes 7' flexible conduit
• Hardwire power infeed must be installed by an electrician
• Plug-in power infeed includes 2' cord and powers only circuit 1 (Duplex Receptacles - SDR-1)
• Plug-in power infeed requires a 20 amp, 120 volt receptacle for plug-in

## Plug Strip

| Model # | | Price |
|---|---|---|
| SOA-100 | | 381 |

**General Information:**
• 15 amps - Mounts into Technology Modesty Panel
• Includes (4) outlets, surge protection and 10' electrical cord

## Chicago Electric Housing Option

| Model # | Description | Price |
|---|---|---|
| SPA-CHI | Chicago Electrical Housing | 109 |

**General Information:**
• Many areas of the City of Chicago require hardwiring of all components and do not allow the use of standard modular power systems
• This housing is a convenient device that mounts into the Technology Modesty Panel and allows the electrician to hardwire the electrical components
• Fits standard size electrical receptacles
• Order (2) for each table, (1) for each CPU bridge
# Satellite® Table Accessories

## PowerPUP

| PowerPUP | Model # | L x W | | Price |
|---|---|---|---|---|
| | PUP | 8 x 4 | | 324 |
**General Information:**
- PowerPUP option includes two simplex receptacles and two voice/data openings
- 10' cord and a 15amp plug-in power in-feed
- Voice/data modules must be ordered separately; contact your local AV integrator
- Default color to metal finish specified on tables (Black and Graphite receives Black Anodized PowerPUP, Metallic Silver and Nickel receives Clear Anodized)
- UL listed
- Detailed planning information found on page 262
- One PowerPUP per table, centered on Trapezoid 48" or bigger only

## Modesty Panel Cover - J-channel wire management  (Non-Powered)

| Model | W x D x H | For Use With: | Price |
|---|---|---|---|
| SMP-8 | 8 x 1-1/2 x 10-1/2 | For quarter round or connecting top | 212 |
| SMP-42 | 42 x 1-1/2 x 10-1/2 | For 42" rectangle table | 325 |
| SMP-48 | 48 x 1-1/2 x 10-1/2 | For 48" rectangle table | 345 |
| SMP-60 | 60 x 1-1/2 x 10-1/2 | For 60" rectangle table | 385 |
| SMP-72 | 72 x 1-1/2 x 10-1/2 | For 72" rectangle table | 427 |

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**
- Choose Powder Coated Finish: Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**General Information:**
- Wire management capable only. (No electrical, voice or data connections)
- 42"-72" modesty panel covers attach to the legs with a bracket which is provided
- 8" modesty panel covers attach with a bracket
- J-channel wire management comes attached to the back of the modesty panel cover
- Cannot be used with T-Legs

Wire Management J-channel end view

## Technology Modesty Panel - Field Conversion Kit

| Model | W x D x H | For Use With: | Price |
|---|---|---|---|
| **Stationary Table – Modesty Panel and Leg Covers** | | | |
| SWMP-42 | 42 x 7 x 10-1/2 | For 42" stationary table | 664 |
| SWMP-48 | 48 x 7 x 10-1/2 | For 48" stationary table | 720 |
| SWMP-60 | 60 x 7 x 10-1/2 | For 60" stationary table | 828 |
| SWMP-72 | 72 x 7 x 10-1/2 | For 72" stationary table | 939 |
| **Folding Table – Modesty Panel and Leg Covers** | | | |
| SWMP-60F | 60 x 7 x 10-1/2 | For 60" folding table | 828 |
| SWMP-72F | 72 x 7 x 10-1/2 | For 72" folding table | 939 |

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**
- Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**General Information:**
- Used only for converting non-computer tables in the field
- No tools required for attachment
- Includes Technology Modesty Panel and replacement leg covers only. Electrical components must be purchased separately

## Keyboard Tray

| Keyboard Tray | W x D x H | Description | Price |
|---|---|---|---|
| KT-13 | 25 x 10 x 1 | With Dual Mousing Surface | 485 |
| KT-1 | 20 x 10 x 1 | With Single Mousing Surface | 649 |

KT-13

KT-1

**General Information:**
- KT-13
  Field Installed — 25" gel wrist rest
  Black finish — 15 degrees +/- tilt, one touch adjustment for height and tilt

- KT-1
  Field Installed — Gel palm support on mouse platform
  Black finish — Ambidextrous quick connect tile and swivel mouse platform
  18″ gel wrist rest — 15 degrees +/- tilt, one touch adjustment for height and tilt

- Tracks come with a Track Bridge that allows you to mount under worksurfaces with rod stiffeners.

## CPU Holder

| CPU Holder | W x D x H | | Price |
|---|---|---|---|
| CPU-101 | 3-1/4 to 8-1/2w x any x 13-1/2 to 24h | | 282 |
**General Information:**
- Field Installed
- Black finish
- Mounts under worksurface
- 360° Swivel
- Supports most CPU sizes (15"-23" H, 4-3/4" to 8-1/2" W, any depth)
- 33 lb. Capacity
- No tools needed to adjust height or width range
- 18" track length provides 13" in/out adjustment range

# Satellite® Carts, Easels & Storage Dollies

| A/V Cart | Model # | W x D x H | | Price |
|---|---|---|---|---|
| | SAV | 35 x 26 x 45 | | 6085 |
**Options:**

| | | | |
|---|---|---|---|
| Laminate Inset Top: | Add **-P** | Specify laminate selection | |
| Locks: | Add **-L** | $122 | |

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**
Choose Wood Species & Finish.  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
Choose laminate selection if **-P** option is chosen.  See Page 8
Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**General Information:**
• 3″ non-locking casters standard
• Multiple outlet assembly sincluded
• One adjustable shelf, one top roll-out shelf
• Rear door for easy wiring of A/V components
• Top shelf:  35″ W x 25-3/4″ D
• DVD/VCR shelf storage space:  27-3/4″ W x 24″ D x 5″ H
• Storage space above interior roll-out shelf:  33-1/2″ W x 17″ D x 8″ H
• Storage space below roll-out shelf (not including thickness of adjustable shelf) 33-1/2″ W x 22″ D x 16″ H

| Presentation Cart | Model # | W x D x H | Description | Price |
|---|---|---|---|---|
| | SPC | 35 x 26 x 38 | Standard Top Shelf | 4925 |
| | SPC-C | 35 x 26 x 38 | Overhead Projector Cut-Out | 5059 |

**Options:**

| | | | |
|---|---|---|---|
| Laminate Inset Top: | Add **-P** | Specify laminate selection | |
| Hinged Doors w/Lock: | Add **-HD** | Add $479 | |
| Keyboard Drawer: | Add **-KD** | Add $527 (SPC model only) | |

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**
• Choose Wood Species & Finish  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose laminate if **-P** option is selected.  See Page 8 for information
• Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**General Information:**
• 3″ non-locking casters included
• Multiple outlet assembly included
• Two adjustable shelves
• Optional Keyboard drawer mounts under top shelf
• Top shelf:  35″ W x 25-3/4″ D
• Overhead Projector Cutout:  16-1/2″ W x 17-1/2″ D x 6″ H
• Storage space left & right side (EA):  16-1/2″ W x 21-3/4″ D x 26-1/4″ H

**REQUIRED INFORMATION:  (ORDER CANNOT BE ENTERED WITHOUT THIS INFORMATION)**
• Choose Wood Species & Finish  See Page 8.  (Available in Oak, Rift-Cut Oak, Maple, Cherry & Walnut)
• Choose Fabric selection (if applicable).  See Page 9.  (Guilford Lido 031 Smith Point standard)
• Choose Powder Coated Metal Finish:  Nickel (A43), Metallic Silver (A47), Graphite (AGR) or Black (A44)

**General Information:**
• Includes locking casters, flip chart storage compartment, pen tray, storage drawer, eraser & four markers
• Flip chart holder fits standard Avery 3-hold pad size 27″ W x 36″ H (1/2″ dia. holes with 8-3/4″ spacing)
• Wood finish is applied to pen tray, drawer fronts, top and base trim
• Metal finish is applied to base, pulls on storage compartment and flip-chart holder

| Table Storage Dolly | Model # | W x D x H | Description | Price |
|---|---|---|---|---|
| | SDOLLY | 48 x 31 x 39-1/2 | Standard Dolly | 2261 |
| | SDOLLY-R | 48 x 31 x 68-1/2 | With modesty panel racks | 2745 |

**General Information:**
• 6″ casters
• Black finish
• Accommodates all table sizes
• 6 table capacity per dolly
• Optional modesty panel rack holds 6 modesty panels
• Modesty panel rack has 11″ long rods spaced 9-1/2″ apart
• Shipped set up
• Dollies are for use with folding tables only
