

Delphin™

ABCO 2.0

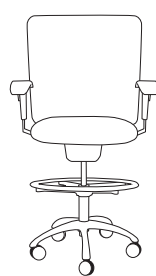

# Delphin design & function in balance

There's cool and then there's cool. Delphin is both: hip to look at and not a heat trap to sit in, thanks to the breathable mesh back. Comfort is key for Delphin, with its supporting upholstered seat to its synchronous back and seat movement. Two seat sizes and fully adjustable arms make it just right for sitters of all sizes. Also available in stool height.
