#### Comments:

Fixtures Furniture endorses the use of upholstery fabrics with significant recycled content. The percentages above are based on using Mindset or Jay, Fixtures Furniture fabrics made with 100% post industrial recycled polyester. You should use fabrics with similar recycled content to maintain this Leed-CI MR 4.1 credit.

#### Disclaimer:

Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Fixtures Furniture made conservative assumptions when compiling this information to provide the most accurate content calculations possible. Variability in market conditions and manufacturing processes as well as product revisions may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.
