

Allsteel®

Healthcare environments require an easy-to-maintain, easy-to-operate, comfortable seating solution. One that can withstand the ergonomic needs of multiple shifts, users, and settings, without sacrificing comfort or performance. Inspire offers a complete line of seating solutions designed to meet the high-performance demands of today's healthcare environment, while providing an inviting, ergonomic solution to a steady flow of users.

Inspire™
Healthcare

Well-prepared for any setting.

Comfort, performance, and durability make Inspire ideal for high-demand healthcare settings like training rooms, labs, administrative offices, cafés, and other multi-purpose spaces. Eight contemporary colors pair with black and silver frame finishes and optional seat and back cushions to support a consistent aesthetic throughout your space. All with unmatched comfort, durability, and style.

TriFit™ Technology

Automatic ergonomic systems are designed into the seat and back to allow for healthy movement and provide the comfort essential to maintaining healthy posture in an active healthcare environment.

- Non-mechanical seat suspension provides weight-activated movement.
- Motion-sensing back recline intuitively adjusts with user movement.
- Material flexure moves with the body to reduce pressure and allow airflow.
