## No Meeting Is Complete Without It.

Nevers offers a superb selection of visual presentation products to bring your ideas to life. They're an integral part of our exceptional portfolio of meeting room furniture and accessories. When you arrange our products to fit your needs, they allow you to increase the productivity of people, meetings and spaces. Nevers calls this advantage **The Complete Meeting Room™**.

Our Americana Collection of Visual Board Cabinets, WallWorks™ Systems, Presentation Boards, Projection Screens and Easels is designed to ensure effective communication. Because they're extremely flexible, you can reconfigure them to accommodate virtually any type of meeting. And because all product components are always close at hand, you can be ready for even spontaneous presentations. Each presentation product offers the sophisticated look and impeccable craftsmanship that sets Nevers apart... plus a timeless appeal that complements both traditional and contemporary office furnishings.

An Open And Shut Case For Better Communication.

Nevers Visual Board Cabinets are designed to help you focus attention, encourage interaction and increase retention. Each exquisitely detailed cabinet opens to reveal a porcelain writing surface, tackboard surfaces, a paper pad and a convenient eraser/marker tray. Optional components include a pull-down projection screen and porcelain writing surfaces on the doors.

## Distinctive Details

**Dovetail Key**  
Creates a stronger joint, resulting in a more durable cabinet.

**ThinLine Profile**  
Results in a sleeker and a lighter frame, mounted flush with the wall.

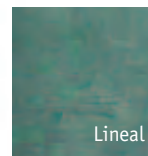

**Porcelain on Doors**  
Provides another versatile writing surface. An option on wood and wood trim cabinets up to and including 48" x 48".

## WallWorks™ Presentation Systems. For Virtually Unlimited Presentation Capabilities.

Mounting, displaying and presenting are easily done with WallWorks™ Presentation Systems. Because all the Component Parts are designed to attach easily to the track and can be quickly moved around or changed, your presentation capabilities are virtually unlimited. Some presenters start with a system that features basic Component Parts, such as WallWorks™ Complete System (*shown on the facing page*). Others choose an advanced system like WallWorks™ MultiWriter, our new dual presentation product (*shown on page 9*). And many presenters order WallWorks™ Component Parts separately, which allows them to create a meeting space that's uniquely tailored to their specific needs.

## WallWorks™ Component Parts. A Place For Everything.

WallWorks™ Component Parts provide everything you need to efficiently and effectively showcase your ideas. They're a practical way to make your meetings more organized, more versatile and much more productive.

**Track Mounted Projection Screen**  
*(shown above)* attaches to any WallWorks™ mounting track, then slides for perfect placement. Bottoms Up Projection Screen *(left)* angles to avoid keystone, which helps ensure a sharp image. Mounts under Display Rail.

**Presentation Boards**  
Reversible, with a choice of porcelain/porcelain or porcelain/tackable fabric.

**Dry Erase Writing Surface**  
Magnetic surface cleans up effortlessly with a dry eraser and is steel backed to prevent warping.

**Mounting Guides**  
Hook onto and out of the Mounting Tracks, allowing Component Parts to slide easily.

**Rack and Shelf Component Parts**  
Choices include the Flipchart Wire Grid, Wire Shelf, Literature Rack, Slide Projector Shelf and Three-Shelf Wire Grid.

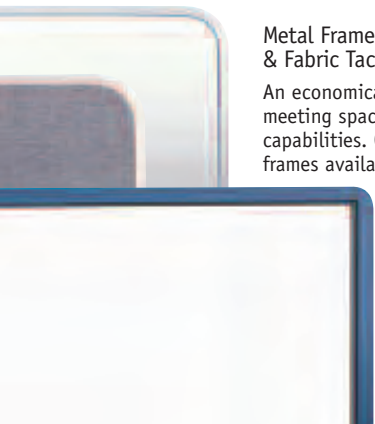

## And Everything In Its Place.

When each meeting is over, you can store the individual Component Parts out of sight.

**WallWorks™ MultiWriter**  
A dual presentation system that features a wall mounted porcelain writing surface, Wood Mounting Track and Display Rail. Compatible with all WallWorks™ Component Parts.
