

## **Cleaning and Maintenance Instructions for Ovation**

### **Initial Cleaning after Installation**

1. Wait 24 to 48 hours after installation before proceeding with floor maintenance.
2. Sweep flooring to remove all loose dirt and debris.
3. Using a mop, apply non-alkaline floor finish stripper, diluted with water to manufacturer-suggested mix ratio.
4. Using a rotary buffing machine equipped with a medium Scotch-Brite pad, scrub the wet floor.
5. Extract wet residue with wet/dry vacuum or mop and squeeze bucket.
6. Rinse with clean water and mop and repeat extraction/drying method.
7. Repeat cleaning process as necessary to remove any remaining mold release or sediment.
8. Stay off floor until area is dry.

### **Regular cleaning**

Ovation may be cleaned at any time with a pH neutral cleaner.

Precautions: Ovation must not be cleaned with any petroleum-based cleaners. If any petroleum fuels are spilled on the flooring, it should be removed immediately to avoid damage to the floor and voiding of the warranty.
