Re: Potential LEED credits for projects using Eco Tile (*based on LEED-NC, version 3*)

To whom it may concern:

Materials & Resources Credit 4 (1 - 2 points): Recycled Content

Eco Tile is manufactured from both pre-consumer and post-consumer materials. Eco Tile may contribute to LEED MR Credit 4.

- Black tiles have 100% post-consumer recycled content.
- All other colors have 40% post-consumer and 25% pre-consumer recycled content.

If you require any further information, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Robichaud", written in a cursive style.
