- Industrial Work-stations
- Sport Facilities

CLEANING & MAINTENANCE

Dry Areas: Sweep area underneath where Kushion Safe Light mat is located. If needed, flush both sides of mat with warm water and a mild detergent to remove soil.

Wet Area: Hose both sides of the mat with warm water and a mild detergent.

Periodic Maintenance: If severely soiled, scrub mat using a brush with a low foaming general purpose cleaner. Flush mat with hot water and allow to dry flat before placing it back into service.
