

INUA™

THERAPY / DESIGN / ARCHITECTURE

INUA is the latest evolution in our TMU line of therapeutic baths. This collection invites you to reconnect with the life force within. In Inuit spirituality, INUA means "everything that lives" or the universal soul uniting all things in nature and in human life.

- T** • Hydro-thermo massage®, the inverted V, raised seat, heated backrest, and chromatherapy are all key features of this new bathtub
- Highly specific back massage action thanks to the combination of air jets, the inverted V, and the therapeutic comfort cushion
- D** • The cushion reduces splashing
- The tub's attractive design with gentle curves and welcoming shape are an invitation to relax
- A** • Tub sizes are perfect for spaces between 80 and 144 sq. ft.
- Bathtubs in this collection can be podium mounted

The cushions are made entirely from polyurethane, which offers a host of benefits, including outstanding durability and strength. The material emits very low levels of volatile organic compounds (VOCs) and meets the stringent standards of the Society of Automotive Engineers (SAE).

Complementary products

The Espalier® is perfect for stretching before a Hydro-thermo massage session or before a morning Light Therapy treatment in the shower.

The Relaxation Chair & Footrest® promote relaxation before and after Hydro-thermo massage sessions. They position the body perfectly to receive care in the Vedana®.

The Universal Legrest® enhances the bather's comfort by providing natural, effortless support. It positions the body better in the bath to help relieve legs.

The quest for your wellness®

Components* Acrylic*

The specifications shown represent the outer edge dimensions and the inside bathing capacity dimensions measured at air jet height. The manufacturer accepts a 1/4" (0.64 cm) variance. There are variations on each bath and specifications are subject to change as we improve upon our product as required. The dimensions needed for site preparation and structure building will differ. These specifications cannot be used for cutting. No structure building must be done before product delivery. BainUltra assumes no responsibility for preparatory work done prior to the product being on the site.

The quest for your wellness®

A SURGE OF ENERGY

The air jets create a soothing wrap-around effect. You will feel it especially in your back, as the jet action, combined with the inverted V and therapeutic comfort cushion, provide a truly superb back massage that will revitalize you!

THERAPEUTIC BENEFITS AT THEIR BEST

INUA is the latest evolution in our TMU line of therapeutic baths. Hydro-thermo massage®, an inverted V design, a raised seat, a heated backrest, and chromatherapy are all key features of our new collection. They say everything has a soul. INUA invites you to reconnect with the life force within.

The **Therapeutic Comfort Cushion**, combined with the inverted V, massages the lower back, helping flush out toxins, reduce stress, and prepare the body for sleep.

THREE SIZES TO CHOOSE FROM

We offer three tub sizes to meet your specific needs: two one-person models for different body types and one two-person model that lets you relax in the company of your special someone.

All our models are available for podium mounting.
