

ACT Joint Industry Fabric Standards and Guidelines Cleaning Codes

- S** Clean this fabric with pure solvents (Petroleum Distillate-Based Products). Professional dry cleaning is recommended. CAUTION: Use of water-base solvent cleaners may cause excessive shrinking . Water stains may become permanent and unable to be removed with solvent cleaning agents. To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended.
- SW** Clean this fabric with water-based cleaning agents, foam or pure solvents (Petroleum Distillate-Based Products). Professional dry cleaning is recommended. To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended.
- W** Clean this fabric with water-based cleaning agents or water-based foam to remove overall soil. Many household cleaning agents are harmful to the color and life of the fabric. Professional dry cleaning is recommended. To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended.
- WS** For water based stains use water base cleaning agents only, do not use solvents. For oil based stains use solvent cleaners only.
- X** Clean fabric only by vacuuming or light brushing to prevent accumulation of dust or grime. Water-based foam or solvent-based cleaning agents of any kind may cause excessive shrinking or fading.
