

JET

**AGATI**  
FURNITURE

Jet Nesting Tables offers mobility without taking up extra space. Casters allow users to move or configure Jet tables for any size room. When not in use, simply fold and nest tables for tidy storage.

Jet Nesting Tables, shown left, and stacking Side Chair, above.

## JET Collection

The Jet Chair's sleek design offers a contemporary twist to the stackable chair. A light weight and flexible addition to the AGATI collections, the Jet offers a chromium plated frame, lessening its environmental impact. The Jet Chair is perfectly sized for small rooms, benefiting from its curved ply seat, back and arm rests. A recessed seat pattern completes the final finishes, resulting in an expertly polished chair low in cost and high in versatility.

The Jet is available as a side chair, arm chair and high stool, in natural or stained finishes. Visit [www.agati.com](http://www.agati.com) to see more.

AGATI is defined by versatility. Designs combine a unique blend of aesthetics and engineering, distinguished by their eclectic styles. Inspired by the need for furniture that is both timeless and universal, AGATI is committed to the design and engineering of each and every piece.

Furniture built to last a lifetime means investing in the future. AGATI is dedicated to implementing sound environmental practices such as utilizing domestic reforested lumber, as well as reusable packaging materials. AGATI believes in helping preserve resources at no expense to the integrity of the product or the satisfaction of the customer.

Celebrated for its design. Chosen for its quality.
