## PuraVida

### Electronic Basin Mixer, DN15, with 230V mains connection

#### Description

- infrared sensor technology
- 230 V mains connection
- temperature pre-adjustable
- temperature limitation adjustable
- manual water stop for basin cleaning
- theft-proof aerator
- adjustable optical range of infrared sensor (2 settings)
- automatic environmental adjustment of infrared sensor
- projection: 129 mm
- flow rate 5 l/min
- dirt filters in the connection hoses
- performance may be impaired if the sensor is obscured by the design of the wash basin, or when the wash basin is oversized and the distance between sensor and the wash basin edge is larger than 75mm
- scope of supply: With two angle valves DN15 with fine filter (# 13904000) to protect from incoming dirt. Filter element can be removed and cleaned., non-return valve

#### Surfaces

#### Art. no.

|              |          |
|--------------|----------|
| chrome       | 15173000 |
| white/chrome | 15173400 |
