## PuraVida

### Electronic Basin Mixer, DN15, with temperature control, battery operated

#### Description

- infrared sensor technology
- battery operation 6V (lifetime approx. 2 years, battery included in scope of delivery)
- battery condition indicator
- temperature adjustable via mixer lever on the side
- temperature limitation adjustable
- manual water stop for basin cleaning
- theft-proof aerator
- adjustable optical range of infrared sensor (2 settings)
- automatic environmental adjustment of infrared sensor
- projection: 129 mm
- flow rate 5 l/min
- dirt filters in the connection hoses
- performance may be impaired if the sensor is obscured by the design of the wash basin, or when the wash basin is oversized and the distance between sensor and the wash basin edge is larger than 75mm
- scope of supply: With two angle valves DN15 with fine filter (# 13904000) to protect from incoming dirt. Filter element can be removed and cleaned., non-return valve

#### Surfaces

#### Art. no.

chrome	15170000
white/chrome	15170400
