Seating

# *freedom*® Features & Characteristics

With Freedom, the knobs, levers and locks of current-generation task chairs have been replaced by intelligent mechanisms that automatically support the body as it moves from task to task. By minimizing the need for manual controls, Freedom maximizes natural, spontaneous movement, which is essential for a healthy body and a comfortable day's work. Freedom's many features can be enjoyed with virtually no effort.

## PHYSICAL CHARACTERISTICS

### CUSHIONS

- Molded polyurethane foam cushions
- Optional arm pads and seat have top layer of Technogel®
- Upholstered with a variety of materials customized to the unique form of the cushion

### CUSHION PANS, ARMREST SUPPORTS, HEADREST FRAME, AND FIVE-ARM BASE

- Injection-molded, structural, integral color plastics

### EXTERNAL FRAME AND OPTIONAL BASE UPGRADE

- Die-cast aluminum with fused plastic coating or polished aluminum finish

### STORED ENERGY DEVICES

- Nitrogen-charged gas cylinder for adjustable seat height
- Coil spring in the self-adjusting recline mechanism
- Elastomer spring in the pivoting backrest

### OPTIONAL FOOT RING

- Chrome-plated steel ring

## STANDARD FEATURES

### SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set / release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

### PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides up to 1" additional lumbar support when needed

### SYNCHRONOUS ARMRESTS

- Revolutionary armrests move in tandem to eliminate uneven arm positioning
- Natural lift and release action for immediate repositioning without buttons or locks
- 6" range of vertical motion to accommodate all users and tasks
- Can be positioned below thigh level for close to table or desk work
- Attached to backrest so arms stay in same relation to body during recline
- Duron arm pad for durability and comfort

### STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

### MODIFIED BACK SHELL

- Maintains desired height of the chair
- Adds stability and encourages fluid movement

### CONTOURED CUSHIONS

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

### BODY FIT

- Size adjustable to fit more than 95% of the population
- Adjustments for fit-to-size:
  - Headrest: 5" vertical adjustment range
  - Seat Height: 5" adjustment range
  - Seat Depth: 2.25" adjustment range
  - Backrest/Lumbar Support Height: 3" adjustment range

### HARD CASTERS

- 2.5" double-wheel casters for carpeted floors

## OPTIONAL FEATURES

### DYNAMIC HEADREST

- Position-sensitive headrest moves into place when you recline and out of the way when you sit upright
- 5" vertical adjustment to fit all users
- Moves in the natural arc of head/neck for perfect support through range of recline
- Contoured to cradle the head and neck in comfort

### GEL SEAT CUSHION

- Non-degradable, non-compressible Technogel® layer on top of foam core
- Provides maximum pressure distribution
- Offers unmatched, long-term comfort

### ARM PAD OPTION

- Standard Flexible Duron
- Duron with Gel for optimal comfort

### ADVANCED ARMRESTS

- Automatically lock in place
- Aesthetically align with Niels Diffrient's original design intent
- Improved functionality and durability

### CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring
- Extra-high cylinder with foot ring (Saddle seat only)

### FOOT RING

- Polished finish
- Height-adjustable

### CASTER OPTIONS

- 2.5" soft double-wheel casters for hard floors
- Non-rolling glides for fixed-location use
- 2.5" locking casters

### FIREPROOFING

- CAL 133-approved
  - Fireproof barrier between textile and foam
  - Fire-retardant plastics

### LEATHER STITCHING

- For leather textiles only
- Box-stitched design for added comfort and enhanced aesthetic

# freedom® Specifications

## TASK CHAIR

### SCOPE OF USERS

- Standard chair fits more than 95% of the office population
  - 5'0" Woman to 6'4" Man
  - 100 to 300 lbs.
- Users outside the standard range can be accommodated by
  - Low or Tall Cylinder
  - Advanced Armrests

### WEIGHT

- 35 lbs. Standard Chair
- 39 lbs. Chair with Headrest
- 13.9 lbs. Saddle
- 19 lbs. Saddle with Foot Ring
- 12.5 lbs. Pony Saddle
- 16.5 lbs. Pony Saddle with Foot Ring

### BACKREST RECLINE

- 22° recline plus 7° backrest tilt

### REFERENCE ANGLE BETWEEN SEAT AND BACK

- 100° to 129°

### HEADREST RADIAL MOTION

(automatic motion during recline)

- 30°

### LUMBAR SUPPORT INCREASE IN RECLINE

- 1"

<sup>3</sup> Requires Glides or Locking Casters

<sup>4</sup> Standard Aluminum Base should be selected with A and M frame colors

<sup>5</sup> See Terms and Conditions, page 101, for minimum order requirements

<sup>†</sup> Must be selected for Saddle and Pony Saddle.

# Liberty® Features & Characteristics

Liberty, with Form-Sensing Mesh Technology, is unlike any mesh chair you've seen or experienced. With its tri-panel construction, Liberty has the body-fitting contours that single-panel stretch mesh chairs simply can't achieve. And it offers perfect lumbar support for everyone, without external devices or manual adjustments. Liberty's mesh back is formed by combining three panels of non-stretch mesh in the same way a tailor combines multiple pieces of material to form a shirt. So its contours are custom-made to both fit and support the human body in unprecedented comfort.

## PHYSICAL CHARACTERISTICS

### CUSHIONS

- Non-stretch, tri-panel mesh back
- Molded polyurethane foam seat cushion
- Duron arm pads
- Optional arm pads and seats have top layer of Technogel®
- Seats upholstered with a variety of materials customized to the unique form of the cushion

### CUSHION PAN, BACK FRAME, FIVE-ARM BASE

- Injection-molded, structural, integral color plastics
- Optional stainless steel caps on base

### EXTERNAL FRAME

- Die-cast aluminum with fused plastic coating or polished aluminum finish

### STORED ENERGY DEVICES

- Nitrogen-charged gas cylinder for adjustable seat height
- Coil spring in the self-adjusting recline mechanism
- Torsion spring in the pivoting backrest

### OPTIONAL FOOT RING

- Chrome-plated steel

## STANDARD FEATURES

### SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

### PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

### FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement

### STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

### CONTOURED SEAT CUSHION

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

### BODY FIT

- Size adjustable to fit more than 95% of the population
- Form-sensing mesh provides perfect lumbar support—automatically
- Manual adjustments for fit-to-size:
  - Seat Height: 5" adjustment range
  - Seat Depth: 2.25" adjustment range

### CASTERS

- 3" casters for carpeted floors

## OPTIONAL FEATURES

### ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 5" range of adjustment

### GEL SEAT CUSHION

- Non-degradable, non-compressible Technogel® layer on top of foam core
- Provides maximum pressure distribution
- Offers unmatched long-term comfort

### ARM PAD OPTIONS

- Standard Flexible Duron
- Duron with Gel for optimal comfort

### CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring

### FIREPROOFING

- CAL 133-approved
  - Fireproof barrier between textile and foam
  - Fire-retardant plastics

### CASTER OPTIONS

- 3" soft casters for hard floors
- Non-rolling glides for fixed location use

### POLISHED BASE CAPS

- Stainless steel caps on five-star base for wear protection and aesthetic appeal

### FOOT RING

- Polished finish
- Height-adjustable
- 18" or 21" diameter

# Diffrient<sup>™</sup>world

## Features & Characteristics

Diffrient World marks Humanscale's first foray into all-mesh task seating. Like its mesh-backed forerunner, Liberty, Diffrient World's tri-panel backrest hugs the body to provide tailor-made lumbar support, while its mesh seat eliminates contact stress under the thighs. But Diffrient World's major innovation is its mechanism-free recline action, which leverages two parts of the chair's frame, the user's body weight, and the laws of physics to provide automatic and balanced support throughout the full range of recline. No chair is more intuitive, creating the ultimate user-friendly sitting experience.

### PHYSICAL CHARACTERISTICS

#### CUSHIONS

- Non-stretch, tri-panel mesh back
- Non-stretch mesh seat
- Optional upholstered polyurethane foam seat cushion

#### EXTERNAL FRAME

- Injection-molded, structural, integral color glass-filled Nylon 6

#### STORED ENERGY DEVICES

- Pneumatic cylinder for adjustable seat height

#### OPTIONAL FOOT RING

- Chrome-plated steel

## STANDARD FEATURES

### SELF-ADJUSTING RECLINE

- Mechanism-free counter-balance recline action automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

### PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

### FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement and upgrades

### NON-STRETCH MESH SEAT

- Automatically sculpts to match body contours
- Cradles the body in flexible, breathable mesh
- Frameless front edge eliminates contact stress under the thighs

### STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

### BODY FIT

- Size adjustable to fit 95% of the population
- Form-sensing mesh provides perfect lumbar support—automatically
- Manual adjustments for fit-to-size:
  - Seat Height: 5" (127mm) adjustment range
  - Seat Depth: 3.5" (89mm) adjustment range

### CASTERS

- 3" (76mm) standard hard casters

## OPTIONAL FEATURES

### ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 3.2" (81mm) range of adjustment

### ARM PAD OPTIONS

- Flexible Duron
- Matching textile-covered arm pad

### UPHOLSTERED SEAT CUSHION

- Mesh topped with a thin layer of polyurethane foam
- Upholstered in a variety of textile options

### CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring

### FIREPROOFING

- CAL 133-approved

### CASTER OPTIONS

- Non-rolling glides for fixed location use
- Optional soft casters for hard floors

### FOOT RING

- Chrome finish
- Height-adjustable

# cinto™ Features & Characteristics

Appropriate for a wide range of commercial and residential environments, Cinto sets a new standard for ergonomic stackable seating through unique design and manufacturing innovations. Spanish for “belt,” Cinto features a floating backrest that is attached to the chair’s frame via a flexible belt, allowing it to move with the body to provide recline and automatic lumbar support. Stress-relief cross-slits on Cinto’s seat pan flex independently under the sitting bones to evenly distribute body weight and reduce pressure points, while air vents on the backrest and seat pan enable air circulation for cool seated comfort.

## PHYSICAL CHARACTERISTICS

### SEAT PAN, BACKREST

- Injection-molded polypropylene

### ARM PAD

- Polyethylene

### FRAME

- Steel tube

### BELT

- Elastomer

## STANDARD FEATURES

### FLEXIBLE BACKREST

- Attached to the chair’s frame via a flexible belt, the floating backrest bends and adjusts with the sitter
- Flexibility of backrest creates virtual pivot point for automatic lumbar support
- No adjustments required

### STRESS-RELIEF CROSS-SLITS

- Seat pan cross-slits flex independently under the sitting bones for even weight distribution and reduced pressure points

### VENTED SEAT PAN AND BACKREST

- Promotes air circulation and prevents “hot spots”

### STACKABILITY

- Freestanding Cintos stack six chairs high
- Up to 15 chairs can be stacked on the optional Cinto Dolly

### BACKREST HANDLE

- Provides easy transport

### LOW MAINTENANCE

- Washable with soap and water

## OPTIONAL FEATURES

### ARMREST OPTIONS

- Armless
- Fixed arms

### FRAME OPTIONS

- Silver
- Black

### BASE OPTIONS

- Sled base
- Four legs on glides
- Four legs on casters

### COLOR OPTIONS

- White with Gray Belt

# Textiles

## TEXTILE

The cushions on all Humanscale chairs utilize advanced technology developed primarily for the sportswear and sporting goods industries. In a single step, a high-tech molding process combines the textile, foam or Technogel®, and plastic support shell into a single, modular unit which can be attached to our seating with four screws. Because of this advanced process, the textiles used on the cushions are as unique as the rest of the chair, and satisfy requirements more demanding than typical upholstery textiles.

### WAVE

**Textile Code: W      Textile Grade: 1**  
Developed initially for sportswear, Wave responds to the unique form and production requirements of Humanscale seating. This four-way stretch fabric exceeds all contract interior testing requirements for heavy-duty upholstery. The colors of Wave are taken from the phenomenal hues found in nature.

- Colors:**
- 101 Black
  - 102 Graphite
  - 104 Smoke
  - 201 Dark Brown
  - 213 Rattan
  - 402 Loden
  - 415 Sage
  - 502 Blue
  - 507 Navy
  - 601 Ultraviolet
  - 714 Poppy
  - 803 Cayenne

### VELLUM

**Textile Code: V      Textile Grade: 1**  
Constructed of a simple weave using a blend of nylon, Cordura and elastic yarn, this textile offers a pleasing texture and extreme durability. Because of the Cordura content, this four-way stretch woven textile performs to the rigors of the most demanding environments. The color palette includes brights, classics, and neutrals.

- Colors:**
- 101 Black
  - 102 Graphite
  - 106 Ash
  - 114 Light Gray
  - 202 Seal
  - 211 Beech
  - 212 Mahogany
  - 404 Moss
  - 407 Grass
  - 414 Greenwood
  - 507 Navy
  - 607 Periwinkle
  - 713 Pomegranate

### SQUIGGLE

**Textile Codes:      Textile Grade: 0**  
**Vertical: S**  
**Horizontal: G**  
Composed of 100% recycled polyester, Squiggle offers an innovative weave structure to create a modern organic wave pattern resembling ripples of water. This environmentally sound textile may be applied either horizontally or vertically to Humanscale seating.

- Colors:**
- 106 Ash
  - 208 Chocolate
  - 262 Sand
  - 275 Espresso
  - 507 Navy

### GINKGO

**Textile Code: F      Textile Grade: 2**  
Composed of 90% Wool, Ginkgo offers a pleasing texture and durability. Its subtle and elegant pattern makes this textile appropriate for a variety of environments. Ginkgo comes in vibrant and saturated colors, expanding the scope of Humanscale's upholstery line.

- Colors:**
- 101 Black
  - 197 Charcoal
  - 281 Walnut
  - 315 Wheat
  - 463 Green
  - 507 Navy
  - 556 Storm
  - 568 Horizon
  - 816 Harvest Orange

### SENSUEDE

**Textile Code: D      Textile Grade: 3**  
Offering style and performance, Sensuede was developed to be the best and most luxurious engineered suede available. The silky feel is the result of recycled microfibers that are breathable, extra-strong, and resistant to most stains and wrinkles.

- Colors:**
- 111 Ebony
  - 115 Pewter
  - 208 Chocolate
  - 305 Goldenrod
  - 406 Olive
  - 411 Pear
  - 413 Arbor
  - 512 Denim
  - 517 Persian
  - 709 Pampas
  - 712 Oxblood

## BRIDGET STRIPE

Textile Codes: Textile Grade: 2

Vertical: B

Horizontal: H

Composed primarily of renewable merino wool, Bridget Stripe offers a five-color 50-stripe pattern with shifting color sequence that creates an undisrupted movement across the surface of the fabric. Boasting exceptional durability for a wool textile, Bridget Stripe may be applied either horizontally or vertically to Humanscale seating.

Colors:

104 Smoke  
266 Kohl

## PROMESSA

Textile Code: E Textile Grade: 3

This Ultraleather textile from Ultrafabrics is environmentally friendly, wipeable and antimicrobial, and ideally suited to healthcare, hospitality and industrial applications. Made without PVC, Promessa has a pebbled, highly textured finish that will work beautifully in a wide variety of environments.

Colors:

111 Ebony  
158 Shale  
215 Horsehair  
219 Fields  
224 Cashmere  
245 Bronze  
255 Leather  
518 Atlantic

## LOTUS

Textile Code: K Textile Grade: 1

Water repellent and easy to clean, Lotus is an ideal textile for the healthcare and hospitality environments. Its polyurethane finish with nylon backing boasts a soft texture that is pleasant to the touch while offering exceptional durability.

Colors:

101 Black  
128 White  
158 Shale  
182 Hematite  
2C4 Umber  
281 Walnut  
302 Ochre  
459 Verdant  
507 Navy  
603 Plum  
608 Crocus  
624 Eggplant  
757 Earth Red  
758 Lucky Red

# Textiles

## SPINNEYBECK LEATHER

### VICENZA

**Textile Code: Z**      **Leather Grade: 0**  
A lightly corrected, aniline-dyed leather produced from European hides, Vicenza receives a special retannage which enriches the leather and tightens the grain. A breathable protective finish offers durability and comfort.

**Colors:**  
101 Black  
201 Dark Brown  
214 Saddle  
506 Night Blue

### MESH

These translucent textiles were created to provide optimal ergonomic support and comfort by melding strength, flexibility and resiliency. They surpass the performance criteria for contract seating textiles and meet a variety of environmental standards in both the United States and Europe, while remaining gentle on clothing.

### MONOFILAMENT STRIPE

**Mesh Code: M**  
Using only monofilament yarns that are thin and strong, a simple but classic stripe pattern is achieved through weave structure and yarn placement. This pattern has slight elasticity but terrific memory.

**Colors:**  
10 Black  
11 Carbon  
14 Platinum  
41 Green  
51 Atlantic  
81 Amber

### SILVER CHECK

**Mesh Code: C**  
This unique translucent pattern is achieved using monofilament and a silver-plated yarn spun with polyester at its core. More than simply an aesthetic choice, the silver-plated yarn gives the textile flexibility and strength.

**Colors:**  
12 Alloy  
32 Topaz

### PINSTRIPLE

**Mesh Code: N**  
Designed specifically to work with the Diffrient World Chair, this lightweight fabric provides the strength and support of a much heavier mesh by using two different monofilament stretch yarns to provide proper support.

### CERVO

**Textile Code: R**      **Leather Grade: 3**  
Cervo is thicker than the other leathers in our collection. Specialized milling adds additional character providing a soft pebble grain texture unmatched by any other leather in its class.

**Colors:**  
1A6 Pietra Lentina  
1A7 Sasso Nero  
2F0 Mantefalcone  
2E8 Aveto  
2E9 Metaponto  
470 Campigna

### ACQUA

**Textile Code: Y**      **Leather Grade: 1**  
Acqua's combination of a special retannage and technically-advanced finishing process results in a leather that is not only water-resistant but also practical for applications that require a durable finish.

**Colors:**  
1C0 Leviathan  
1C1 Black Sea  
1A9 Aquitania  
2F1 Tahiti  
2F2 Mississippi Delta  
2F3 Sea Wolf  
471 Flying Dutchman  
573 Cote d' Azur  
763 Yardarm

### TORQUE

**Mesh Code: T**  
This proven weave construction gives the look of a solid yet translucent textile. Originally developed as a protective layer for motorcycle riders, Torque is woven with nylon, polyester and urethane yarns. It is both unique and durable.

**Colors:**  
10 Black  
13 Aluminum  
31 Soleil  
61 Lagoon

### DASH

**Mesh Code: A**  
Designed to resemble embroidery floss, Dash is stronger, more responsive, lighter weight and uses less material than most mesh textiles. It gives the user support, comfort and ease of movement, while meeting Humanscale's seating requirements.

**Colors:**  
14 Platinum  
19 Zinc

### Colors:

01 White	34 Cadmium Yellow*
02 Silver	43 Citron*
03 Graphite	74 Crimson*
10 Black	

\* Available Q1 2013

## TEXTILE PURCHASE PROGRAM

All Humanscale textiles (with the exception of Leather, Sensuede, Promessa and Spirit Millennium) are available for purchase by the linear yard. The prices below are net (standard discounts do not apply). A \$20 cut charge will apply to each order. Please see your Humanscale representative for more information.

Wave	\$35/yd (61" width)
Monofilament Stripe	\$60/yd (50" width)
Vellum	\$45/yd (50" width)
Silver Check	\$70/yd (53" width)
Torque	\$70/yd (57" width)
Squiggle	\$25/yd (54" width)
Bridget Stripe	\$55/yd (55" width)
Lotus	\$36/yd (54" width)
Ginkgo	\$75/yd (51" width)

---

## CUSTOM COLORS

**Textiles:**

Most Humanscale textiles are available in any customer-specified color. Delivery time frames for custom color orders will depend on color approval. A surcharge of \$200 will apply to custom color orders of 100 or more chairs, and a surcharge of \$350 will apply to custom color orders of less than 100 chairs. The following minimums are required for custom textile colors.

**Vellum:**

50-chair minimum (Freedom), 100-chair minimum (Liberty & Diffrient World)

**Wave:**

175-chair minimum (Freedom), 350-chair minimum (Liberty & Diffrient World)

**Torque:**

110-chair minimum

**Lotus:**

200-chair minimum (Freedom), 400-chair minimum (Liberty & Diffrient World)

**Ginkgo:**

240-chair minimum (Freedom), 480-chair minimum (Liberty & Diffrient World)

**Non-Stocked Colors:**

Vicenza, Acqua and Cervo leathers, Sensuede, Spirit Millennium, and Promessa can be ordered in a ny color standard to these textile lines, even if it isn't stocked by Humanscale. Ordering any non-stocked color may impact the lead time for delivery. The list price upcharge for these non-stocked colors is as follows:

**Sensuede, Spirit Millennium, Promessa:**

\$30 per chair (Freedom), \$20 per chair (Liberty & Diffrient World)

**Vicenza, Acqua, Cervo:**

\$30 per chair (Freedom), \$20 per chair (Liberty)

**Vicenza, Acqua, Cervo:**

2-chair minimum (Freedom), 4-chair minimum (Liberty)

Civilization advances by the number  
of important operations which we can  
perform without thinking about them.

# Build Your Element Light Product Code

## Element Light

To create the product code for your Element Light, simply choose your preferred style, plug, mount and color, and combine the respective codes for each.

Element Light Product Code:

Style	Plug	Mount	Color
1	2	3	4
_____	_____	_____	_____

### 1 Style

**EL** \$405  
Element Classic: 5-Watt  
MCX LED Light

**ED** \$449  
Element 790: 5-Watt Hi-Output  
MCX LED with Dimmer

**EV** \$499  
Element Vision: 7-Watt  
Hi-Output MCX LED with  
Dimmer and Occupancy  
Sensor

**EC** \$499  
Element Disc: 7-Watt  
Thin Film LED Technology™  
with Dimmer and  
Occupancy Sensor

### 2 Plug

**E** N/C  
North America

**U** Add \$4  
Universal  
(4 interchangeable plugs)

## 3 Mount

**C** N/C

### Clamp

For grommet or edge mount. Fits surfaces up to 2" thick and grommet holes 2" or more in diameter.

**G** Add \$10

### Clamp with Grommet Cover

For grommet holes 2" – 3.25" in diameter.

**K** Add \$15

### 2-Piece Clamp

Requires minimum 1/4" clearance between desk and wall or panel.

**T** Add \$35

### 2-Piece Clamp with Theft Deterrent

Requires minimum 1/4" clearance between desk and wall or panel.  
By Special Order.

**Panel Mount** Add \$25

**PC** Allsteel Concensys

**P2** Allsteel Terrace 2.6 & 3.4, Align

**PH** Haworth Places, Unigroup

**PM** Haworth Premise

**PA** Herman Miller Action Office

**PR** Herman Miller Resolve

**P9** Steelcase 9000

**PB** Teknion Boulevard

**PI** Teknion IE

**PL** Teknion Leverage, Transit

Not compatible with corner mount applications. For other panel systems, see your Humanscale representative.

**U** Add \$25

### Universal Panel Mount

Adjusts to fit most panels that use vertical slotted rails for mounting accessories. Not compatible with corner applications.

**B** Add \$50

### Element Desktop Base

8" diameter

**S** N/C

### Universal Slatwall

Adjusts to fit most standard slatwalls.

**W** N/C

### Wall

Screws into vertical surface.

**A** N/C

### Humanscale Access Rail

**NM** N/C

### No Mount

**D** N/C

### Direct

Screws into horizontal surface.

**R** Add \$25

### Direct with Theft Deterrent

Screws into horizontal surface.  
By Special Order.

Note: All Silver lights ship with Silver mounts.

All Black lights ship with Black mounts.

All White lights ship with Silver mounts, except Desktop Base (B), Two-Piece Clamp (K), Two-Piece Clamp with Theft Deterrent (T), Direct (D), and Direct with Theft Deterrent (R), which ship White.

## Lighting Accessories

### Occupancy Sensor Power Strip

#### OCCSTRIP

\$240

**8-outlet power strip with energy-saving  
personal occupancy sensor**

## Benefits of Energy-Efficient Task Lighting

### Improve Comfort

Different tasks and different users can require significantly different levels of light, and therefore can't be accommodated by single-source overhead lighting schemes.

Task lighting is essential for ergonomic comfort by supplying the right amount of adjustable illumination for each user and task while reducing eyestrain, headaches, monitor glare, and other symptoms caused by poor office lighting.

### Save Energy

When task lights are implemented at each workstation in an office, ambient lighting levels can be reduced. And when lower levels of overhead lighting are combined with energy-efficient task lights, the cost-savings can be significant.

**SINGLE Source**  
Bright Ambient Lighting

**DUAL Source**  
Low Ambient Lighting  
with Task Lighting

**ZÖN Air Purifier**

**M4S-Z** *Silver*  
**M4B-Z** *Black*

Top-Mounted Arm Bracket, M4 Adjustable Double-Link Arm, Bolt-Through Mount with Slim Post. Accommodates one monitor, 5 – 20 pounds.

# Build Your M7/M4 Product Code

To determine the list price for your monitor arm solution, identify your choice for each component and build the product code as shown below. Add the prices for all the options selected.

PRODUCT "M7" or "M4"	BRACKET STYLE	COLOR	ARM STYLE (3b and 3c, if applicable)	MOUNT	POST STYLE	ADD-ONS (if applicable)
	1	2	3 3b 3c	4	5	6
___	___	___	___	___	___	___

**1**

**BRACKET STYLE**  
Choose the appropriate Bracket based on number of monitors and Bracket Style. There are two characters in the product code for Bracket Style.

**2 COLOR**

**3**

**ARM STYLE**  
Choose the desired arm style (M7 shown). There is one character in the product code for Arm Style. To order a monitor arm for one monitor, only one character (component #3) is required. To order an arm for two monitors (as with N2 or B2 Brackets), use #3 and #3b to specify the left Arm Style, then the right Arm Style (in that order). To order an arm for three monitors (B3 Brackets), use #3 and #3b and #3c to specify the left Arm Style, the middle Arm Style, and the right Arm Style (in that order).

**5**

**POST STYLE**  
Choose the desired Post, if applicable. There are two characters in the product code for Posts.

**4**

**MOUNT STYLE**  
Choose the desired Mount based on your mounting surface. There are two characters in the product code for Mounts.

**6**

**ADD-ONS**  
Enhance the function of your monitor arm with optional Add-Ons. Simply include the applicable codes for the desired Add-On. For example, for the Quick Release Add-On only, add a QR to the end of the product code. For a Quick Release and a Post Stop, the product code would end in QRPS.

**ACCESSORIES**  
Monitor Arm Accessories are ordered separately from the monitor arm itself. Product codes for Accessories, detailed on page 76, are not included in your monitor arm product code.

# Access Rail

# Desk-Mounted Access Rail

## Build Your Product Code

To determine the product code and list price for the first segment of your Access Rail, identify each component required for your two-post configuration and insert the appropriate code in the chart below. For configurations requiring more than two Posts, you must create a separate product code for add-on configurations, which require only one Post. To calculate list price, total the cost of all components.

Product	Post Height/ Number Of Collars	Color (Silver)	Post Quantity & Mount Style	Number Of Rails	Rail Length
<b>Access Rail</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
<b>A1</b>	—	<b>S</b>	— — —	—	— — —

### 1 POST HEIGHT/NUMBER OF COLLARS

The number of Collars is dependent upon the number of Rails, the desired Rail height, and the configuration. Two-Collar Posts accommodate one Rail. Three-Collar Posts accommodate one or two Rails. Four-Collar Posts accommodate one to three Rails. Five-Collar Posts accommodate one to four Rails. The maximum number of Collars for Rails longer than 48" is two (1-Rail).

### 2 COLOR

The Access Rail is currently available in Silver. Custom colors may be available. Consult your Humanscale representative.

### 3 POST QUANTITY & MOUNTING STYLE

For your first Access Rail segment, select a two-post configuration with the Mount that is appropriate for your work surface. Add-on configurations consist of one Post. Complete a separate product code for each configuration segment.

### 4 NUMBER OF RAILS

Select the desired number of Rails noting that the maximum number of Rails is one less than the total number of Collars on each Post.

### 5 RAIL LENGTH

Select the appropriate Rail length for your work space solution, noting that Rail length specified is the actual Rail length—not desk width—and that the Posts, Mounts and Rail Endcaps take up space that must be accommodated (see Access Rail Spec Guide).

# Desk-Mounted Access Rail Component Pricing Chart

# Wall-Mounted Access Rail

## Build Your Product Code

To determine the product code and list price for the your Wall-Mounted Access Rail, identify each component required for your configuration and insert the appropriate code in the chart below. To calculate list price, total the cost of all required components.

Product	Color (Silver)	Rail Length
<b>Access Rail with Wall Mount</b>	<b>1</b>	<b>2</b>
<b>AW</b>	<b>S</b>	— —

**1 COLOR**  
The Access Rail is currently available in Silver. Custom colors may be available. Consult your Humanscale representative.

**2 RAIL LENGTH**  
Select the appropriate Rail length for your work space solution, noting that Rail length specified is the actual Rail length.  
Note: Wall Mounted Access Rails up to 42" include two Wall Mount Brackets and 48-60" Rails include three Wall Mount Brackets.

IMPORTANT: Humanscale bears no responsibility for installation of the Wall-Mounted Access Rail and is not liable in any way for the manner in which the Wall-Mounted Access Rails are attached to the wall. Installation should be managed by a structural engineer.

## Wall-Mounted Access Rail Pricing Chart

Component		Code	Description	Price
<b>1 Color</b>	<b>2 Rail Length</b>	S	Silver	\$0
	<div>Rail</div>	18	18" Rail	330
		24	24" Rail	350
		30	30" Rail	370
		36	36" Rail	410
		42	42" Rail	450
		48	48" Rail	545
		54	54" Rail	590
		60	60" Rail	640

## Access Rail Extras

The following components and accessories are ordered separately from the Access Rail.

### ADDITIONAL RAILS

An add-on for adding Rails to an existing installation.

Code	Description	Price
A118S	18" Rail	\$180
A124S	24" Rail	200
A130S	30" Rail	220
A136S	36" Rail	260
A142S	42" Rail	300
A148S	48" Rail	345
A154S	54" Rail	390
A160S	60" Rail	440

### EXTENSION KIT

Extends a 2-Collar Post to 4-Collar, or extends 3-Collar Post to 5-Collar: as an add-on for an existing Access Rail installation.

Code	Description	Price
A1EX2	2-Collar Extension Kit	\$180

### MONITOR ARMS

Consult the Humanscale Monitor Arms Pricing and Specification Guide for complete specs and additional configuration options.

Code	Description	Price
M7N1S9S4	M7 with Folding Links, Silver	\$310
M4N1SAS4	M4 Adjustable Arm, Silver	480
M2SW2S	M2 Adjustable Arm, Polished Aluminum with White Trim	310

### NOTEBOOK HOLDERS

Consult the Humanscale Monitor Arms Pricing and Specification Guide for complete specs.

Code	Description	Price
M7N1S9S4NH	M7 with Folding Links and Notebook Holder, Silver	\$430
M4N1SAS4NH	M4 Adjustable Arm, with Notebook Holder, Silver	600

### TASK LIGHTS

Consult the Humanscale Ergo Tools Pricing and Specification Guide for complete specs.

## Keyboard System Product Code:

Mechanism	Keyboard Platform	Mouse Platform	Palm Support	Track (optional)
1	2	3	4	5
_____	_____	_____	_____	_____

1

## Mechanism Options

All keyboard mechanisms, with the exception of the KM, offer 0° to -15° tilt for low-risk typing postures.

Build-Your-Own configurations are available in Black only, unless otherwise noted.

**6G** (Black), **6GW** (White) \$255

Humanscale's most advanced keyboard mechanism to date, the 6G provides intuitive ergonomic adjustability and unmatched styling.

7" height adjustment

(1.75" above track to 5.25" below track)

Comes standard with 21.625" track

**5GSM** (Black), **5GSV** (Platinum) \$270

The 5G Short Mechanism provides 5G functionality with a shorter arm for small workstations and tight spaces.

4" height adjustment

(0.5" above track to 3.5" below track)

Comes standard with 18" track

**5G** (Black), **5GV** (Platinum) \$270

The world's best-selling keyboard mechanism, the 5G combines easy dial-a-tilt and height adjustability with the strongest arm on the market.

6.25" height adjustment

(1.25" above track to 5" below track)

Comes standard with 21.625" track

**5GAD** \$335

The 5G Above Desk mechanism provides 5G functionality with a longer arm for use above the work surface.

13.5" height adjustment

(7.5" above track to 6" below track)

Comes standard with 27" track

**4G** \$375

The 4G represents revolutionary keyboard technology with simple dial-a-tilt keyboard angle adjustability.

6.25" height adjustment

(1.25" above track to 5" below track)

Comes standard with 21.625" track

**4GAD** \$335

The 4G Above Desk mechanism provides 4G functionality with a longer arm for use above the work surface.

11.5" height adjustment

(8.5" above track to 3" below track)

Comes standard with 27" track

**2G** \$240

The original standard bearer, the 2G offers independent height and tilt adjustment and unmatched stability.

6.25" height adjustment

(1.25" above track to 5" below track)

Comes standard with 21.625" track

**Mechanism Accessory  
LS**

\$86

The Lateral Slider allows the platform to be adjusted left or right a total of 8" for optimal keyboard positioning. It can be ordered with any keyboard mechanism by indicating "LS" after the mechanism code (e.g., 6GLS or 6GWLS).

**KM** \$220

The Standard Pre-Set Tilt Arm offers total knee clearance, knob-free adjustment and 0° tilt.

6.25" height adjustment

(1.25" above track to 5" below track)

Comes standard with 21.625" track

### Keyed Security Lock

<b>TT1</b>	\$32
For CPUs, laptops, flat panels, etc.	
Keyed lock with 2' cord.	
<i>Fits all units with standard security keyhole</i>	

# Humanscale Terms and Conditions

*THE FOLLOWING TERMS & CONDITIONS APPLY TO ALL HUMANSCALE PRODUCTS.*

## TERMS OF PAYMENT

Upon approved credit, terms of payment are net 30 from date of shipment. Deposits may be required for large or custom orders. The processing of orders and/or shipment of orders placed may be delayed if the deposit is not received with the order or if customer's account is in "Past Due" status.

## CREDIT POLICY

All customers of Humanscale must complete a credit application, with current information, which must be signed by an owner or officer. A line of credit may be set by our Credit Department, however the basis for the line of credit may be changed or cancelled at our discretion and advance payment may be required. Any unpaid balance, upon which payments are not made according to the terms governing the sale, will be considered "Past Due" and will increase by a maximum of 2% per month, without forfeit of Humanscale's right to payment.

Any customer who has failed to pay for goods delivered or services rendered in a timely manner shall be liable for all fees, expenses, disbursements, and charges (including all legal costs) incurred by Humanscale in collecting monies owed, as well as interest (at 24% per annum).

## PURCHASE ORDERS

Purchase orders must include the following: "Bill To" and "Ship To" information—Company Name (Ship To company may be end user or installation company), Address, Telephone, Fax, Contact Person; End User Company Name; Requested Ship Date; Purchase Order Number; Special Delivery, Shipping and Packing Instructions (if applicable); Proper Discount Off Current List Price, Product Quantities and Full Model Numbers; and Total (List/Net).

## ORDER CHANGES & CANCELLATIONS

All changes to or cancellations of orders placed with Humanscale must be in writing and sent to Customer Service. Orders may be changed or cancelled without penalty if Humanscale is notified at least two (2) weeks before the scheduled ship date for standard orders (under 250 units), or at least three (3) weeks before the scheduled ship date for large orders (250 units or more). Order changes or cancellations made less than two (2) weeks before the scheduled ship date for standard orders or less than three (3) weeks before the scheduled ship date for large orders will incur a minimum change/cancellation fee of 10% of net. Irrespective of when notified, changes or cancellations are not binding upon Humanscale until Humanscale issues a written acknowledgment of the change or cancellation. Order changes are defined as the deletion of line items; changes in style, color, quantity or requested ship date; or ship-to address changes. Order changes that result in a quantity reduction may be subject to an additional small order fee or adjustment in pricing. Under no circumstances will changes or cancellations be accepted on any custom fabric, special order or custom product orders.

## TAXES

Humanscale list prices do not include sales tax. Customer is responsible to remit all such tax. Humanscale requires a State Resale/Exemption Certification to be on file at its main office. Sales made without said Certificate will be charged the appropriate sales tax.

## PRICES

All discounts and list prices are subject to change without notice. Prices are those in effect at the time of order entry. If the requested shipment date is more than 90 days after the order date, Humanscale reserves the right to price said order based on the published list price as of the shipment date.

## SMALL ORDER FEE

A 3% small order fee applies to all invoiceable orders of \$1,500 net or less, including billable replacement parts, regardless of product category.

## SHIPPING AND DELIVERY

All Humanscale orders are acknowledged with a promise date (scheduled ship date) based on the product with the longest lead time. Large orders may increase standard lead times. Standard shipping charges will be billed to customer. Custom platform orders require 4 to 6 weeks.

Seating orders, unless otherwise specified, will ship 4 to 6 weeks from the date of order. Unless otherwise contractually specified, Diffrient World, Freedom and Liberty chairs will ship with the base and frame disassembled. Chairs can be easily assembled in seconds without use of tools. Blanket-wrapped shipping is available for full truckloads of 200 or more Diffrient World, Freedom or Liberty Task and Conference chairs. Consult your Humanscale representative for blanket-wrapped shipping requirement for Cinto and the Liberty Side chair.

**Ship Sets:** All products ordered on a single purchase order will be delivered together in a single ship set. To break a ship set, customers must indicate "Ship as Available" on the purchase order. Upon request, customer accounts may be defaulted to ship all orders on an as-available basis.

**Shipping Instructions:** Humanscale will attempt to accommodate basic shipping instructions, such as "call ahead" or "deliver before 12:00 p.m.," if clearly identified on the purchase order as "Shipping Instructions."

**Packing Instructions:** Humanscale will attempt to accommodate basic packing instructions for internal delivery of specific items on an order, such as "Deliver to Joe Smith" or "Deliver to cube #218," if clearly identified on the purchase order as "Packing Instructions."

## DELIVERY SHORTAGES

Product shortages must be noted at the time of delivery and reported to the carrier for correction. Claims against Humanscale for shortages, errors, etc., must be made in writing and within three (3) days of the date of delivery or customer waives its right to make such a claim.

## FREIGHT CLAIMS

Humanscale will file all F.O.B. destination claims. In order to receive credit, customer agrees to cooperate and assist in the procedures set out by the carrier and Humanscale.

## EXTERNAL DAMAGE

If the shipping container shows any external damage, customer is instructed to refuse the product at time of delivery. If it is a multiple piece shipment, customer may refuse only the damaged items. Humanscale will not issue full credit for returned product unless customer takes the following action steps:

1. Note damage on the delivery receipt at time of delivery.
2. Refuse product at time of delivery.
3. Contact Humanscale Customer Service within 24 hours of the attempted delivery and advise them of the damage.
4. Enter a chargeable replacement order; credit will be issued after the disposition of damaged product is determined.

**CONCEALED DAMAGE/LOSS**

If customer determines that there is internal damage not visible at time of delivery, customer will retain all packaging materials and take the following action steps within fifteen (15) calendar days from the date of delivery:

1. Request inspection by calling local freight carrier to report damage.
2. Retain merchandise in the original box.
3. Call your Humanscale Customer Service agent to provide order and product information.
4. Get a copy of the inspection report from carrier.
5. Enter a chargeable replacement order; credit will be issued after the disposition of damaged product is determined.

**STORAGE**

If a customer is unable to accept a scheduled product delivery, Humanscale, if notified in writing after product assembly and prior to the scheduled ship date, will store the product at customer's expense. Humanscale shall invoice customer for the product and monthly Storage Fees.

Storage Fees will be 1% of the net order value per month or actual storage costs—whichever is greater. Storage Fees are calculated with a one-month minimum and will not be pro-rated. If customer is unable to accept a scheduled product upon delivery, customer shall be responsible for placing the product in storage and bears the risk of loss. However, payment of the balance due is per Humanscale's Terms of Payment.

**RETURN AUTHORIZATIONS & REFUSALS**

All returned and non-damaged refused orders are subject to a five percent (5%) restocking fee. Seating and special order returns will not be accepted. Customer must request a Return Authorization through the Humanscale Customer Service Department within 45 days of product receipt to return any product. If Humanscale agrees to restock the product, customer must return it freight prepaid to Humanscale, F.O.B., to the original shipping point or as otherwise instructed by Humanscale Customer Service. If product is returned without a Return Authorization, Humanscale will notify customer of the unauthorized return and customer must provide instructions for its disposition within one week thereafter. Failure of customer to respond within one week will result in Humanscale's right to dispose of the product with no credit. Return Authorizations expire sixty (60) days after the date of issue. If the returned product is not in resalable condition, customer will not receive credit for the return. Customer must promptly provide a purchase order or other acceptance of fees/credit reduction as required.

**WARRANTY**

THE FOLLOWING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

Humanscale offers the following warranties on its products:

PRODUCT	WARRANTY
All seating and other products detailed in a current Humanscale Price Guide, unless otherwise specified	15 Years, 24/7 Warranty
Fabric/Cushions/Arm Pads	5 Years, Single-Shift Warranty

Customer's Own Material (COM, COL)	No Warranty
All other products NOT detailed in a current Humanscale Price Guide	Varies; consult your Humanscale representative for details

This Warranty is applicable to the initial purchaser only and is non-transferable. If products are procured through authorized Humanscale Dealerships, the end-user customer name and address must be included on dealer purchase orders with Humanscale for the warranty to be in effect. Humanscale warrants that, at the time of customer's receipt, the product will be in good working order and will be free from defects in material and workmanship. This Warranty does not apply to normal wear and tear or damage caused by accident, neglect, misuse or improper installation or operation. Humanscale will not be responsible for damage due to service, maintenance, modifications or tampering by anyone other than a Humanscale authorized representative. In the event a product is defective and Humanscale receives written notice of the defect within the Warranty period, Humanscale, at its option, will either repair or replace the defective product. This Warranty does not cover damage caused by a carrier or transportation of the product from one location to another, or alterations made by owner.

**LIMITATION OF LIABILITY**

Purchaser's remedies set forth herein are exclusive and the liability of Humanscale with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the product or part on which such liability is based. In no event will Humanscale be liable to purchasers for any special, collateral, incidental or consequential damages however caused, whether by Humanscale's negligence or otherwise.

The remedies provided above are the purchaser's sole remedies for any failure of Humanscale to comply with its obligations regarding the workmanship of its products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Humanscale, with respect to or arising out of the product furnished hereunder.
