## Axor Starck X

### Electronic basin mixer without temperature control battery-operated

#### Description

##### consists of

- Angle valve with microfilter

##### product features

- infrared sensor technology
- battery operation 6 V (Lithium battery, lifetime approx. 2 years, battery included in scope of delivery)
- temperature pre-adjustable
- ComfortZone 80
- manual water stop for washbasin cleaning
- adjustable optical range of infrared sensor (2 settings)
- automatic environmental adjustment of infrared sensor
- wide flood jet
- adjustable spray former
- flow rate 5 l/min
- dirt filters in the connection hoses
- not suitable for continuous flow water heaters
- performance may be impaired if the sensor is obscured by the design of the wash basin, or when the wash basin is oversized and the distance between sensor and the wash basin edge is larger than 75mm, functional restriction due to too large distance
- scope of supply: with two angle valves DN15 with fine filter (no.13904000) to protect from incoming dirt. Filter element can be removed and cleaned., non-return valve
- connection dimension: DN15
