DAMAGED MERCHANDISE

The consignee is responsible for filing claims with the carrier for damage and shortages. Claims for both obvious and concealed damage must be filed within 15 calendar days, and the damaged merchandise must not have been moved from the original receiving location. All damaged merchandise, including the cartons and packing materials, must be retained for inspection by either the carrier or by an Indiana Furniture Sales Representative. Indiana Furniture reserves the right to select the most cost effective way to repair or replace the damaged item. Once you have notified the carrier, please contact Customer Service for further assistance.

Obvious Damage/Missing Cartons - Do not refuse merchandise damaged in transit. Indiana Furniture recommends the consignee inspect all merchandise upon arrival. If a shipment is received damaged or short, note all information on carrier's copy and your copy of freight bill and delivery receipt. Notify the delivering carrier and file a claim immediately. Pending the results of your claim, either Indiana Furniture or the carrier will cover 100% of the cost to repair or replace the damaged or missing item.

Concealed Damage - If concealed damage is discovered, notify the delivering carrier at once and request an inspection. This must be done within **15 calendar days of delivery**. If the carrier will not perform the inspection, you should prepare an affidavit that you contacted them, noting the time and date, and that they failed to comply with your request. This, along with the other papers in your possession, will support the claim. Pending the results of your claim, the cost to repair or replace the item will be covered 1/3 by the carrier and 2/3 by Indiana Furniture for shipments less than a full truckload and 100% by Indiana Furniture for shipments of full truckloads.

RETURN MERCHANDISE

2. Indiana Furniture order processing error
3. Shipping error
4. Mis-marked cartons
5. Duplicated shipments

If you have any questions as to whether your reason for return qualifies for consideration, please contact your Customer Service Representative. Merchandise must be returned within 60 days of the RGA issued date, or within 60 days upon receipt of replacement product to receive credit. Returns due to mis-marked cartons must also be returned in the original cartoning, with shipping labels intact, to receive credit.

All merchandise being returned must be properly packed and protected to ensure no further damage is incurred during transportation back to an Indiana Furniture facility. Upon receipt, all returned merchandise will be thoroughly inspected and the results compared to the reason for return stated on the RGA. Any discrepancies, such as additional damage, signs of usage, missing parts, etc., will result in an adjustment to the amount of credit issued.

Specifications

UPHOLSTERY

Indiana Furniture manufactures seating to meet your own personal style and taste. Highly-skilled upholsterers hand tailor each unit to meet individual chair specifications. Button tufting is hand applied, and pleats are individually tailored on each chair. Hand-set nail trim is individually applied to many traditional chairs. Upholstery options include a wide variety of contemporary and traditional styles in vinyls, leathers, Maharam, Momentum, Mayer and cf stinson upholsteries, all pre-graded in this price list for your ease of use. No need to order your own fabric and risk lost orders, fabric costs, freight costs, insufficient yardage, delays, damage, misidentification or wrong shipping locations. Let Indiana Furniture do all the work for you.

CONSTRUCTION

Indiana Furniture chair frames are manufactured using kiln-dried solid hardwoods and structurally engineered hardwood plywood. All exposed wood areas are selected from the highest grades of hardwoods. All chair joints are double doweled or mortised and tenoned, screwed and glued for maximum strength and durability. Our frames are individually hand assembled and carefully hand sanded prior to being finished.

FINISH

Indiana Furniture uses a multi-step hand finishing process on all exposed wood frames. Each frame is pre-sanded for smoothness. Chairs are stained and finished with a catalyzed varnish finish which offers durability, lasting beauty and resistance to normal wear. All chair finishes correspond with matching Indiana Furniture casegoods finishes which allows for easy match-up of furniture components without having to custom-stain wood chairs or casegoods within an office.

FOAM

All Indiana Furniture chairs feature high grade CAL 117 polyurethane foam that is attached to chair frame members. To secure additional comfort, high gauge sinuous springs or high quality resilient sheet webbing fastened underneath the polyurethane foam ensures a much softer feel to the chair.

LIFTS

All Indiana Furniture swivel chairs are standard with gas lift mechanisms which allow height adjustments to accommodate various work surfaces.

CONTROLS

Indiana Furniture controls are selected to achieve the most comfortable and ease of operation in today’s market. Exceeding the strictest ANSI/BIFMA engineering standards, the slim profile mechanisms feature smooth and noiseless operation. Tension control is easily achieved by an adjusting the control located within easy reach below the seat and near the front of the mechanism. Selected series offer the swivel tilt, the knee-tilt, or syncro-tilt controls.

Both the knee-tilt and syncro-tilt options offer variable tension mechanisms to allow for different body sizes and weights and minimal rise of the seat’s front edge. This allows the user’s feet to remain planted while reclining to a relaxing position. The syncro-tilt mechanism, however, enhances these benefits by taking full advantage of a sychronized seat and back tilting movement.

GRADED-IN PROGRAMS

As a special service to our customers, Indiana Furniture has graded-in upholsteries from Momentum, cf Stinson, Maharam, Mayer Fabrics and Ultrafabrics. Please refer to pages 4-10 for a complete listing of all pre-graded upholsteries. Indiana Furniture, along with these fabric suppliers, is committed to offering you a quick and easy ordering procedure and quick delivery of your seating from a single source supplier.

PHOTOGRAPHIC FABRIC CARDS

The fabrics represented on Indiana Furniture photographic cards were reproduced using the finest technology available. Each Indiana Furniture photo card has an 800 phone # for your use while ordering free fabric swatches or samples. Please verify your desired fabric before ordering as such orders are not subject to return to Indiana Furniture.

FRAMES AND GLIDES

All wood frame chairs feature kiln-dried hardwoods which are double-doweled, securely glued and screwed for maximum joint stability.

Guest chairs ship with nylon glides.

Felt glides (GFELT) are also available at no additional charge.

Must be specified on order.

UPHOLSTERY FOAM

All Indiana Furniture chairs consist of a high grade polyurethane fire resistant foam that meets CAL 117.

FINISH

Indiana Furniture standard seating finishes correspond to casegoods finishes. Minor variations in finish color and value may occur due to the natural characteristics of wood. Consult this price list for specific finish availability within each series.

Special Finishes: Indiana Furniture is able to accommodate our customer's needs for specific finish matches. Please submit a 3" x 5" sample panel to Customer Service for quotation, and lead time.

All Indiana Furniture Chairs feature a catalyzed varnish finish which offers lasting beauty and resistance to normal wear.

CASTERS

All Indiana Furniture traditional chairs are standard with brass hooded dual wheel casters. Indiana Furniture contemporary chairs are standard with black hooded dual wheel casters. Soft wheel casters are optional on any Elation bases at no additional charge. Extended lead times will apply.

BASES

All Indiana Furniture swivel chairs are standard with 5-star bases. Decorative hardwood caps, stylish black nylon or sleek metal bases complement each chair design.

Optional bases are available on Elations and Syntric swivel seating. A contemporary polished Aluminum Base or stylish Wood Base can be selected.

Aluminum Base: Specify "AB" and add \$98 list.

Wood Base: Specify "WB" and add \$229 list.

NAIL TRIM

Antique brass nail trim is standard in Montara, Kennerly, Amery, Breman, and Cirka seating. As an option, Indiana Furniture offers silver nail trim (NSLVR) and welt cord trim (WC) in place of the nail trim at no additional charge.

Must be specified on order.

CONTROL OPTIONS
Knee-Tilt Control

The Knee-Tilt control features a heavy duty torsion bar or a spring tension control which allows variable tension for different body sizes and weights and minimal rise of the seat's front edge. This allows the user's feet to remain planted while reclining to a relaxing position.

A Knee-Tilt control is available on swivel chairs in Energi, Brea, Karlin, Larson, Reminisce, Montara, Kennerley, Amery, and Breman series.

Knee-Tilt Control: Specify "KT" and add \$161 list.

Synchro-Tilt Control

The Synchro-Tilt control features a tension adjustable mechanism that offers reduced front seat edge rise which allows a user's feet to remain planted while reclining in a relaxing position. In addition, the mechanism takes full advantage of a synchronized seat and back tilting movement to enhance these benefits.

The Synchro-Tilt provides adequate spring tension and adjustability while maintaining even support throughout the entire travel range, satisfying a full spectrum of user sizes and weights. It also allows users to achieve a wide variety of positions common in multi-task seating.

A Synchro-Tilt control is available on swivel chairs in the Pavia series.

Synchro-Tilt Control: Specify "ST" and add \$161 list.

CAL 133 CERTIFICATION

California Technical Bulletin 133 (TB 133 or CAL 133) is a composite fire test for fully-assembled seating manufactured for use in certain public buildings. As such, the certification is specific to the fabric that is used in conjunction with the frame and the barrier. Many Indiana Furniture seating products, in combination with some of our standard fabrics, can be manufactured to meet the requirements for certification. Depending on the frame style, a fire-retardant barrier or fire-retardant foam will be incorporated in the chair construction to provide the best opportunity for a successful CAL 133 burn test.

The cost of the test is \$660 (net) which includes the test, freight to the test facility and the fully-assembled test sample. Once payment has been made, please allow approximately 6 weeks for the production of the chair and the completion of the test. Once we receive the successful certification, the order may be placed using the "CAL" prefix on the model number with an up-charge of \$90 list per chair. Please contact Customer Service at 800.422.5727 to order the test.

If you do not need the actual Certification, but wish to have the chairs manufactured to meet the regulation, we can upholster the chair using the fire-retardant components at the \$94 list up-charge per chair. Please order the appropriate frame using the "CAL" prefix in front of the model number.

Please note that if you wish to have Certification on a COM material, Indiana Furniture must approve the fabric according to the COM policy as well.

COM - CUSTOMER'S OWN MATERIAL

All Indiana Furniture seating is available with material furnished by the customer. Refer to grade 1 for list prices. Refer to individual model number for COM yardage requirements. The listed COM yardage requirement is based on the use of non-directional fabric 54" wide. Extra fabric is required to match any pattern with a repeat, either vertically or horizontally. Use the chart below as a guide to add to plain COM yardage requirements listed in the price list.

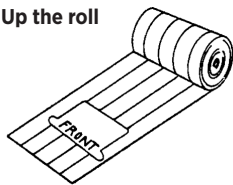

For multiple chair quantities, contact customer service to optimize the yardage per chair at 800-422-5727.

Fabric	Plain	2" - 14"	15" - 27"	28" - 36"
<u>Width</u>	<u>Fabric</u>	<u>Repeat</u>	<u>Repeat</u>	<u>Repeat</u>
54"	0%	15%	30%	35%

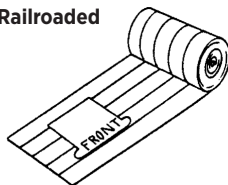

Note: Fabrics less than 54" wide will not be accepted.

Due to the upholstering process used by Indiana Furniture, some COM fabrics are considered directional that may not be considered directional by the fabric supplier. All COM's are cut "up the roll" by Indiana Furniture unless otherwise directed by the customer (see below). All directional fabrics on Indiana Furniture frames match both vertically and horizontally. If you do not desire repeat match, please specify on order.

Up the roll

Railroaded

Note: Directional covers, such as stripes, patterns and plaids may not meet your satisfaction due to contoured shapes and tufting of some models. Should you require such a selection, we will upholster as perfect as possible, but such orders are not subject to return. If in doubt, contact your Indiana Furniture Customer Service Representative prior to placing the order.

COL - CUSTOMER'S OWN LEATHER

Indiana Furniture is pleased to accommodate COL selections whenever this special need arises. Refer to grade 1 for list prices. To calculate COL requirements, multiply the COM yardage required times 17 (1 yard of fabric = 17 sq. ft. of usable leather). Customer's own leather specifications for Indiana Furniture seating shown within the price list are based on an average hide size of 45-50 square feet.

All square footage requirements are based on usable footage. The shape of a hide and the usable, clean footage may make it necessary for us to request more leather after COL is received.

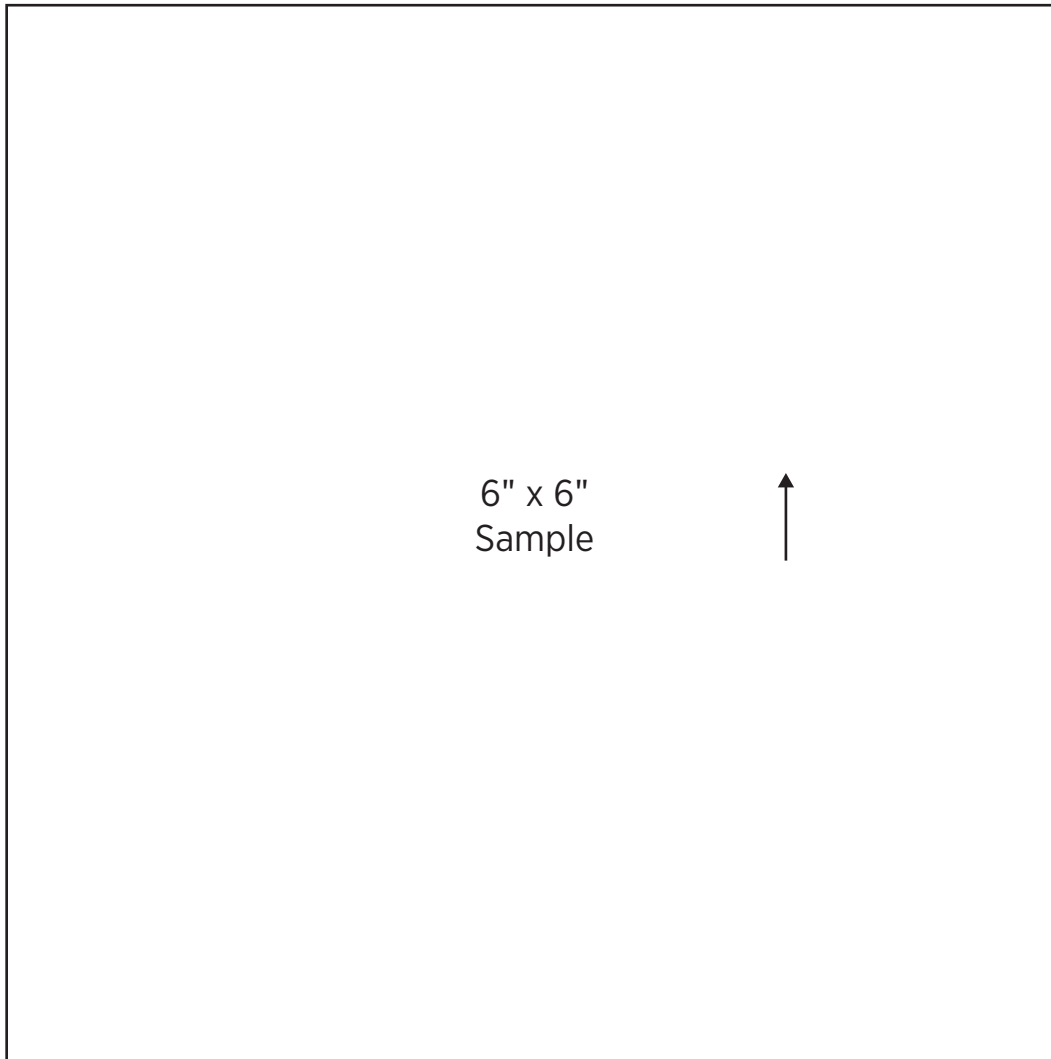

Please note leather is a natural product, and variation in texture is a pleasing quality belonging exclusively to high grade, full top grain leathers.

Indiana Furniture reserves the right to inspect, approve, or reject any COM/COL fabric. Once approved, Indiana Furniture cannot assume responsibility for the durability or tailoring quality of COM/COL material.

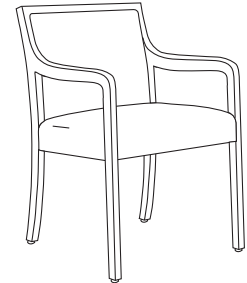

COM/COL Ordering Instructions:

1. Include a 6" sample of the fabric stapled to the order indicating which side is to be exposed.
2. If COM has a pattern or stripe, indicate whether to apply vertically or horizontally. All stripes will be applied vertically unless specified otherwise.
3. Specify the fabric supplier's name, fabric pattern, pattern color, and pattern number.
