NUCRAFT

You design. Let us handle the details.

Nucraft offers a free, online product configuration and specification service that saves you time and allows you to be creative while leaving the nuts and bolts to someone else.

- No special software is required, nor is there any learning curve.
- The service applies to all Nucraft products including private office products, conference room products, reception stations, and training tables.
- You can generate quick and accurate answers for budget estimates and/or quick and exact specifications for final quotes.
- Revisions can be made any time you like, and total accuracy is guaranteed.

How it works.

Called iSpec, this service is as close as your phone and your Internet-connected computer. You can use it anytime you need to configure, specify, or price Nucraft furniture. Here is how it works :

1. Schedule an iSpec session by calling 1-877-NUCRAFT or by visiting www.nucraft.com/ispec. (You will be asked to provide some preliminary information on the project. We will respect the confidentiality of the information.)

2. At the scheduled time, a Nucraft project specialist will contact you at the telephone number you provide.

3. You will be directed to the online collaboration site. (All you need is an Internet connection and a Web browser.)

4. Once you are at the site, the Nucraft project specialist will work with you in real time to configure the required product based on your specific direction. (Watch the screen as your workstation appears.)

5. When the specification process is completed, you will receive 2-D or 3-D drawings, the specification itself with guaranteed accurate pricing, and the estimated lead time. (Follow-up sessions may be scheduled at your request to make any necessary modifications.)

iSPEC — IT'S FAST, IT'S FLEXIBLE, IT'S A FREE SERVICE FROM NUCRAFT.
