

HORNET RETROFIT

HORNET RETROFIT

A retrofit as quick & easy as 1-2-3.

Take your retrofit to the next level with the added features and benefits of the Hornet LED Retrofit Kit. Designed to fit most existing 6" cans (with torsion springs), the Hornet LED Retrofit is a direct replacement for up to 75w PAR30 fixtures. Consuming only 15 watts, the Hornet Retrofit also offers up to 20° adjustable aiming with easy field changeable beam spreads from 15° to 45°. The Hornet LED Retrofit adds additional flexibility that did not exist in the downlight it is replacing. Triac dimming ensures compatibility with your existing dimming system. Experience these features and benefits as quickly as you can say L-E-D.
