

# Very®

Task and Collaborative Seating

A MORE SUSTAINABLE, MULTI-DIMENSIONAL  
SEATING FAMILY BORN OUT OF GLOBAL  
DESIGN AND SCIENCE-LED COMFORT, VERY'S  
PROFILE INCLUDES A BROAD APPLICATION

# EXPERIENCE VERY

RANGE, FANTASTIC SCOPE OF COLOR, ESSENTIAL  
ERGONOMICS, AND COMFORT — ALL AT A  
SENSIBLE PRICE. THIS AWARD-WINNING FAMILY  
IS SURE TO INJECT LIFE INTO ANY SPACE.

Very Conference with Tetro Back—Patent Pending

## VERY SMART

By incorporating ergonomics and work style knowledge, Very provides the ultimate in comfort. For instance, the Conference and Seminar models intelligently support users through a unique intuitive recline. Or, available on the Conference, Seminar, and Side models, the innovative, industry-leading Very Tetro™ back mixes materials for a feel good experience that is also functionally easy to clean and highly durable.

Shown Above: Very Conference with Intuitive Recline

The sleek Very Task chair's intelligent platform extends its reach from simple elegance to high-intensity performance. Its best-in-class features include an optional asymmetrical lumbar and four-dimensional arms for healthy seating.

# VERY VERSATILE

With models and options to support a variety of task and collaborative needs, Very works to bring consistency throughout an organization. Featuring chairs perfect for corner offices, conferencing, cafeterias, medical centers, classrooms—and all points in between—Very can operate in a wide range of environments.

# EXTENSIVE ARRAY OF ENVIRONMENTS

1. Café 2. Patient Room 3. Touchdown Office 4. Classroom 5. Break Room 6. Dorm Room 7. Coffee Shop 8. Home Office

# THE FULL SPECTRUM

Whether exuding a quiet sophistication or a colorfully eclectic personality, the Very line can highlight any style with its impressive array of colors.

**Perforated back.** Allows chair to breathe and promotes flexibility and torsional movement. Available on Conference, Seminar, and Side.

**Polymer and Tetro Colors.** Available on Conference, Seminar, Side, and Wire Stacker (Polymer Only on Wire Stacker).

**Mesh Colors.** Available on Task chairs.

# VERY RESPONSIBLE

Each Very family member can be disassembled quickly and returned to Haworth at the end of life through Haworth's Take Back program. Very seating achieves BIFMA level™ 2 and GREENGUARD® Children & Schools certification and may contribute to LEED® credits. Very Collaborative models have earned Gold and Silver Cradle to Cradle® certification by MBDC. Very Task is an industry benchmark made with up to 65% recycled content and is up to 98% recyclable.

**Asymmetrical Lumbar (Optional).** Only Haworth offers a side-independent asymmetrical lumbar feature. This is the highest performance available in lumbar support.

**Back Lock (Standard) and Forward Tilt (Optional).** The back lock is an important feature for users who are more comfortable working in an upright position. A forward tilt of the seat pan and back can support users in task-intensive applications while encouraging a healthy posture.

**Tilt-Tension Adjustment (Standard).** Unrestricted ability to adjust the tilt tension based on user preference in any position.

**Pneumatic Seat-Height Adjustment (Standard).** Accommodates a wide range of users, adjusting 16-21."

**Supportive Mesh.** Supports the back while providing breathability and comfort.

**Four-Dimensional (4D) Arms (Optional).** To meet the size range of users and their functional needs, Very offers 4D arms that are height-adjustable, front-to-back adjustable, width-adjustable, and pivot. Also available are height-adjustable arms, fixed arms, and armless.

**Seat-Depth Adjustment (Standard).** 3" sliding seat reduces the pressure behind the knees and does not restrict blood flow, encouraging circulation.

## FEATURES & SPECIFICATIONS

**Task and Conference Bases:** Aluminum – Painted Metallic Silver, Painted Metallic Champagne, Painted Metallic Gunmetal, Painted Black, Polished Aluminum | Plastic – Black or Fog

**Seminar, Side, Wire Stacker Bases:** Painted Metallic Silver, Painted Metallic Champagne, Painted Metallic Gunmetal, Painted Black, Trivalent Chrome

**Arm Caps:** Black or Fog

**Upholstery:** Collaborative Seating – Optional upholstered seat and/or back pad | Tetro Back – Optional upholstered seat | Task Seating – Optional upholstered back jacket

**Casters or Glides:** Casters – Two-Tone Fog (Hard) or Black (Hard or Soft)  
Glides – Fog or Black (Plastic or Felt)

**Tetro Back:** Using a state-of-the-art process, this innovative one-piece back delivers a soft membrane with a built-in lumbar support, providing users with unexpected comfort and durability at a sensible price. Available on the Conference, Seminar, and Side chairs and stools.

**4 Shot Tetro Back Process:** Shot 1 – Right and left structural components, provides majority of the back strength; Shot 2 – Connects Shot 1 components at lumbar and shoulders, provides built-in lumbar and upper-back support; Shot 3 – 2 mm encapsulating wall around frame; Shot 4 – Fills in the chair back, provides flexible, durable membrane.

**Tablet Arms and Storage Racks:** Tablet arms are available on the Seminar, Side, and Wire Stacker chairs. The Side and Seminar tablet arm flips up and folds away for storage, while the Wire Stacker tablet simply flips up for access. The Wire Stacker tablet arm is field retrofitable. The Seminar, Side, and Wire Stacker also have storage racks. The Wire Stacker storage rack is field retrofitable.

**Headrest:** For tailored executive applications, a headrest is an option on Very Task chairs, providing the user added comfort and support through multiple adjustments.

**Ganging:** Seminar, Side, and Wire Stacker chairs can gang. Seminar and Side use the above-shown ganging bracket and gang arm chair-to-armless, armless-to-armless, and arm chair-to-arm chair. The Wire Stacker uses a ganging clip and gangs arm chair-to-armless and armless-to-armless.

**Stacking:** Wire Stacker chairs stack 40 high on the available stacking cart and 10 high on the floor. Seminar and Side chairs stack 8 high on their cart and 5 high on the floor. Wire Stacker stools stack 10 high on the floor. Side stools stack 5 high on the floor.

**Stool:** For high-top table applications, a stool version is available on the Wire Stacker, Side, and Conference models.
