

Cumberland Benches Collection

Designed by Jordan Goldstein, AIA and Shawn Littrel

Alia Metal Bench

The Alia Metal bench owes its striking appearance to three exquisite elements—steel base, wood frame, and fine upholstery—and how they balance one another visually. An invitingly plush upholstered cushion further enhances the bench’s welcoming form.

Specifications

The stainless steel bench is available in 4 lengths with an upholstered seat. The base is constructed of maple veneer supported by a welded and smoothed stainless steel base, available in Polished, Satin or Statuary Bronze. The seat is 4" thick multi-density polyurethane foam wrapped in Dacron®. Catalyzed lacquer finish in all Cumberland Maple finishes. The 48" w upholstered top has a double-stitch seam in the center across the depth. The 60" and 72" w upholstered top has two double-stitch seams across the depth.

Options – Specify:

Wood Surround: Maple is standard; Walnut is available for an additional \$220 list charge per bench. Option A Exotic woods are available for an additional \$400 list charge per bench.

Finishes: Standard and custom finishes

Upholstery: Com/Col, Fabric and Elmo Leather program

Metal: Polished or Satin Stainless Steel. Statuary Bronze is also available at an additional charge of \$375 list per item.
