Never stop learning. Essay is more than a student chair, it's a learning chair.

In today's environments, learning isn't always linear. Students learn by interacting, being social, and collaborating. Feel free to wheel around with Essay's wall friendly design and tray base that allows personal items to be tucked away, under the seat and out of the way. The tablet arm features a non-handed dual work zone that allows left-handers and right-handers to efficiently use both digital devices and paper materials. With smart design and intuitive functionality, Essay is the easy answer.
