

Meet Essay™...Simple, Highly Functional, Thoughtful

Chevron Back

Back style serves as a place to hold backpacks or bags.

Armrest

Armrest can also be used to hold a backpack or bag.

Swivel Seat

Lightly textured shell flexes for comfort; optional upholstered seat cushion is available.

Cup Holder

Optional black swivel cup holder.

Easy Assembly

Simple, no tool assembly. Simply place the tablet arm onto the frame, followed by the shell, then sit.

Vented Back

The back features cutouts which provide ventilation.

Chevron Worksurface

Non-handed chevron-shaped worksurface comfortably supports users and is large enough to support devices and notepads.

Plastic Shell

Wall-friendly design; shell swivels within the radius of the base.

Frame and Tablet Arm Support

The frame and tablet arm support always match in color and are available in dark grey or black.

Tray

Spacious, flat tray is easy to clean and keeps personal belongings off the floor. The chevron design allows for items that are left on the floor to be tucked in tightly for easy access.

Casters

Hard or soft roll control casters are available and provide mobility on hard or soft flooring surfaces; hard or soft glides are available for stationary models.

Essay™ Seating Collection

In today's environments, learning isn't always linear. Students learn by interacting, being social, and collaborating. Feel free to wheel around with Essay's wall friendly design and tray base that allows personal items to be tucked away, under the seat and out of the way. The tablet arm features a non-handed dual work zone that allows left-handers and right-handers to efficiently use both digital devices and paper materials. With smart design and intuitive functionality, Essay is the easy answer.
