

Villa Toscana.

The Collections of **POMPEII**

Villa Toscana displays true hand craftsmanship. The furniture's structure is created from both extruded and cast aluminum components with a Polyurethane powder coat finish. The "upholstered look" woven areas are created by using a proprietary method of combining a unique blend of weather-proof materials to replicate natural peel, cane and rattan construction. There is no material used that could rust or rot, making this design ideal for outdoor use, even though your eye will believe it is meant for indoors. The Micro-Cane weave is composed of extruded PVC (Poly-vinyl chloride) with UV inhibitors. All strands are hand colored prior to weaving with colorant that contains UV inhibitors. All furniture has self-leveling glides with stainless steel 1/4" x 20 threaded stems. It takes a skilled artisan several days to complete a single piece of furniture. Clean with mild soap and water. Do not use abrasive or solvent-based cleaners. Cover in winter.

Ask your representative about other luxurious dining and seating options available in this collection, or view online at www.winstoncontract.com

2V11-CT 44" x 74" Oval Dining/Umbrella Table*-Cast Top
74"W x 44"D x 29"H
