

## **MEDITERRA CORK FLOOR TILE LEED CREDIT INFORMATION**

**Mediterra is FloorScore® certified.**

Capri's Mediterra Cork can achieve LEED credits in the following areas:

### **MATERIALS & RESOURCES**

Mediterra cork is manufactured in Luogosanto, Italy. Cork bark is harvested from local trees in the Luogosanto area.

**MR4.1 and MR4.2:** Cork tiles are made with 0% post consumer and 90% post industrial waste.

**MR6:** Cork flooring is made from a rapidly renewable resource, which is harvested in 7-9 year cycles. The cork tree is not damaged in any way when the bark is harvested. A cork tile is made of 90% rapidly renewable cork.

### **INDOOR ENVIRONMENTAL QUALITY**

#### **IEQ 4.1:**

Wakol D3540 water-based contact adhesive (only approved adhesive) VOC content is 0.

For jobsite applied polyurethane, only Capri approved polyurethane from Loba, can be used. The VOC content of the Loba finish is 200g/L.

#### **IEQ4.3:**

Mediterra passes CA section 01350 and CHPS and is FloorScore® certified.

#### **IEQ 4.4:**

No urea-formaldehyde resins are used in the manufacturing of cork floor tiles.

All documents pertaining to Mediterra cork including MSDS sheets, and cleaning instructions are available in the document library on the capricork website: [capricork.com](http://capricork.com).
