CERTIFICATION

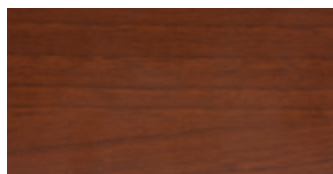

The new generation of powder coating is here.

- Available on various luminaires, including step lights, recessed trims, V-Rail, and more
- Gives the look of high-end woods with the durability of powder coating
- Suitable for interior, exterior, and high traffic architectural applications
- Offers a cosmetically appealing substitute for wood without harming the environment
- Little to no VOC's
- Easy to clean and maintain
- Ranges in hue, grain style, and textured or non-textured
- Can be used where fire codes prohibit wood
- Eliminates worry over insects, such as termites
- Eliminates weight and cost barriers incurred by heavier woods

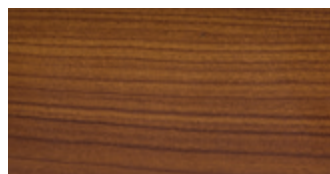

FEATURED FINISHES
