Accessible Manager

TYPICAL ID: INV-S-001 09.11

12' X 8'

Individual workstation offers built-in areas for interaction, which allow you to open up lines of communication by bringing managers into the open plan. Soft seating keeps team members accessible and provides secondary workspace to support various workstyles.

- Ample storage and shelving accommodate technology, personal items, files, and projects.
- Banquette provides comfortable space for spontaneous communication and coordinating with team members.
- Desk screen removes distractions while providing easy access to co-workers.
- Glass panels allow light into the workspace to create an inviting environment.
- Open-end gable legs open up the workspace.

Teamwork for Two or More

TYPICAL ID: INV-T-002 09.11
6' X 8', 6' X 16'

From office mate to teammate, the turn of a chair makes the transition from focused work to collaboration effortless.

- Low credenzas offer open and closed storage, provide space for work tools, and serve as arm rests for visitors.
- Banquette separates the space, providing a comfortable area for additional team members to join the conversation.
- Stanchions on low credenzas create layered surfaces for piling.
- Glass screens remove distractions, provide easy access to co-workers, and create an open, inviting environment.
- Panel-mounted glass creates physical separation yet allows natural light to permeate the space.

Heads Down and Focused

TYPICAL ID: INV-T-003 09.11

6' X 7', 6' X 14'

Appropriate for users needing privacy for heads-down work, this workspace provides a variety of storage options for archival and active work.

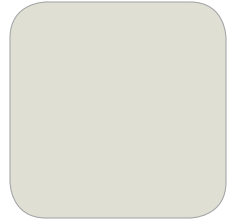

- Towers store everything from coats to binders to files in one efficient, functional unit.
- Open storage and shelving keep active projects and task lists within easy reach.
- Sliding-door storage provides quick access to a variety of items without impeding the kneespace of the user.
- Stanchion detail creates niche space between storage and worksurface for work tools or personal items.
- Foot detail offers a stylish, residential aesthetic.
- Tall panels provide privacy for sensitive work.

Dynamic Communication or Temporary Touchdowns

TYPICAL ID: INV-T-004 09.11

6' X 5', 24' X 10'

This benching application encourages easy communication among a project team or supports individual workers hoteling for the day.

- Open-end gable legs create a lightly scaled aesthetic.
- Open storage beneath the surface makes use of underutilized space and provides a layered surface for piling. 18" deep storage provides for more efficient use of space.
- Storage with cushion doubles as guest seating for quick conversations.
- Power module brings power to the surface to support multiple workstyles.
- Glass screens create separation without inhibiting conversation and collaboration.

Meetings and Media

TYPICAL ID: INV-T-006 09.11

16' X 10'

Using soft seating and a variety of storage units, this huddle space serves as a resource library and multi-media room.

- Open-display shelving, perfect for storing reference materials, books, and resource documents, is anchored by a single-high lateral unit that holds necessary media accessories.
- Use of color in upholstery and shelving makes the space vibrant and inviting.
- Soft seating creates a relaxed environment, and consistently aligns the aesthetic from casegoods to lounge area.
- Power is easily accessible and soft seating supports longer meetings or all-day brainstorming.
- All units can be repurposed in open plan or private office as space needs change.

Private but Open

TYPICAL ID: INV-T-007 09.11

10' X 8'

This private office signals more informal, open communication between manager and employee.

- Tower storage accommodates various personal items while drawered and overhead storage keep files and binders tucked away.
- Stanchions create layered surface heights that help prioritize primary and secondary work.
- A round meeting table invites less formal and more frequent interactions.

Supports Varying Tasks

TYPICAL ID: INV-T-009 09.11

6' X 8' OR 6' X 16'

Varying tasks are supported by a range of workspace options, from heads-down work to team interaction. Here, work function determines user orientation and storage requirements.

- Users easily share information by pulling up to the team table.
- Screens define space between users while providing visual privacy.
- Credenza cushion supports temporary guest seating.
- Sliding-door storage increases functionality of a small footprint without impeding the work area.

Multi-tasking Private Office

TYPICAL ID: INV-T-010 09.11
12' X 14'

This flexible private office enables a variety of activities. It accommodates heads-down, focused work as well as invites team meetings or one-on-one discussions, allowing a seamless integration of “I” and “we” space.

- Soft seating adds an element of functional comfort to the space.
- Low credenzas provide convenient access to power in the wall.
- Stanchions support overheads, eliminating the need to wall-hang storage.
- Storage tower holds personal items and organizes office supplies.
