

CATIFA 53

arper

Catifa 53

Catifa 53 is the original: the inspiration that extends to Arper itself. The graceful curved seat and sleek profile are the ultimate synthesis: conceptual purity is achieved through the reduction of the superfluous without loss of sensuality. Utilizing a wide range of finishes, bases and accessories, this almost-universal form may be customized for diverse applications and contexts without altering its essential character.

Made for both residential and contract use, indoors and out, the Catifa 53 shell and base are fabricated in a diverse range of materials, colors and finishes. The shell is constructed in double-curved plywood, polypropylene one color, covered in leather, faux-leather, fabric or finished with upholstered pads.

Designer

Lievore Altherr Molina, 2001

Lievore Altherr Molina was founded by Alberto Lievore, Jeannette Altherr and Manuel Molina in 1991. Their humanist design approach is informed by the fundamental desire for pure, beautiful forms derived from the constraints of function, technology and context. Distinguished by a multi-disciplinary method that engages furniture, interior, product, and package design, their work has been globally exhibited and acknowledged. They are the recipients of the prestigious National Design Award (1999) in Spain where they practice and teach extensively.
