

Model FSB 1057 is the work of Munich-based designer Jan Roth. Unimpressed by the handles then on sale he designed a handle of his own for his doors. After the first casting in aluminium, he took the polished parts home with him and fitted them to his doors, which is where they can still be found.

All details subject to modification

Design: Jan Roth

Materials and Finishes

Aluminum

- 0105 (628)
- 0205
- 0305 (688)
- 0405 (709)

- 0505 (703)
- 0704 (710)
- 0805 (711)
- Powder Coated

Stainless Steel

- 6204 (630)
- 6205 (629)

Brass

- 4205 (605)
- 4305
- 4404 (607)
