TABLES & CONFERENCING OVERVIEW9

where to find the information you need

Teknion provides an array of tools and information resources to help you get things done simply and easily. From product pricing to application guidelines to online planning suggestions, you will find what you need when you need it.

The following is a directory of available resources:

4

Product Pricing 	Web Pricing access to all up-to-date pricing, as well as partially updated and complete Price Guides in PDF format can be found at www.teknion.com/products/default.asp and selecting the pricing tab. Printed Price Guides by product line containing product maps, detailed pricing tables and product basics information are available to help you specify correctly. These guides can be ordered online through the order literature link at teknnion.com or by contacting your local Teknion Representative.
 Please review the online guides for the most up-to-date information prior to placing your order.	
Application Guidelines 	Web Access to partially updated and complete Application Guides in PDF format can be found at www.teknion.com/products/default.asp and selecting the pricing tab. Printed Application Guides by product line containing detailed application guidelines as well as tips to help you plan and specify each of our products are available. These guides can be ordered online through the order literature link at teknnion.com or by contacting your local Teknion Representative.
Planning Ideas 	Web Planning Tool Select and view typicals of our products by solution, size or price with a click of your mouse. Get great ideas and save time! Web Access is available by selecting the tool kit link found on the top navigation bar of teknnion.com.
Weights & Volumes 	Web Access to Weights & Volumes can be found by selecting the additional information link at teknnion.com on specific product pages within the pricing sections.
Fabrics & Finishes 	Teknion's fabrics and finishes offering includes the following programs; Standard Panel and Seating Fabrics & Finishes, Graded-In Panel and Seating Fabrics. Web Access is available by selecting the Fabrics & Finishes link at teknnion.com within each product line home page. Printed Fabrics & Finishes Guides can be ordered online through the order literature link at teknnion.com or by contacting your local Teknion Representative.
Product Photos & Drawings 	Web Access to all photos, line drawings and renderings are available by selecting the Photo Bank link at teknnion.com. Image CDs are also available upon request. Contact your Teknion Customer Service Representative.
Order Forms 	All forms, from COM Forms to Key Charts. Web Access is available by selecting the additional information link at teknnion.com on specific product pages within the pricing sections.
Warranty/Terms & Conditions of Sale 	Web Access is available by selecting the legal link found on the top navigating bar at teknnion.com.
Installation Guides 	Installation Guides are available on CDs or at Tekniontips.com (Canada) or Teknioninfo.com (U.S.A.).
User Feedback 	How is our marketing material working for you? Feedback from the user is very important to the quality of Teknion's marketing material. We ask that if you have suggestions on how you think we could improve content OR if you have found an error, that you please email us at pricebookchanges@teknnion.com.

additional information

The following forms are available at www.tekniion.com/products to help you specify and place your order if required:

TekniPaint	If you require a custom paint color match you must submit a TekniPaint form.
Using your Own Material (COM)	If you wish to use your own material on fabric-covered products, you must submit a completed TekniPlate form including a sample upholstery and safety testing. A COM Order Information Sheet must also be submitted. This form captures all relevant ordering and tracking information. A COM Request for Yardage Calculation form may be sent to Tekniion for preliminary yardage requirements.
Noting Key Requirements	If you require that certain pieces share the same locks provide your key requirements on a key chart which can be printed from our website.
Summarizing Coordinating Tag Areas	Summarize any coordinating groupings on to a Tag Worksheet. There are spaces on the form to describe all common features and finish options for specific tag areas or an entire order. A tag area can be as small as a worksurface and as big as an entire floor.
Placing a Manual Order	Complete an Order Cover Sheet with the information we need to fill your order. This is the most important step. If the Order Cover Sheet is not complete and correct, the order may be delayed.

GENERAL:

All dimensional codes (listed throughout the text and under options) are nominal figures – they are not actual dimensions.

CANA AND WESTCOAST:

Canas are characterized by their well crafted Pencil Radius or Radius edge detail in solid hardwood.

Pencil Radius Radius

Westcoast offers five different edge styles in solid hardwood:

Bevel Classic Arch Dome Reed

TIFFANY:

Tiffany Tables are designed to compliment a variety of surroundings, yet stand alone as an essential design statement. The legs celebrate the bold top as a ring setting celebrates its stone.

AGENDA:

The Agenda occasional table offering with Waterfall edge has been designed to complement the Agenda casegoods offering, or to be used on their own as a contemporary table.

The occasional table Waterfall edge is 1-1/6" high x 2" wide solid, which is the same proportion as the conference table and casegoods worksurface edge, but at a scale to better reflect the smaller tables.

GEMINI:

The Gemini series of occasional tables have been designed to complement the Gemini casegoods, or to stand alone.

The Gemini occasional table Reverse Bevel edge is 1" high top with a 1/2" high sub top as illustrated.

Gemini occasional tables are available with a variety of grain designs. Please refer to the *Conference Table* portion of this guide for options and codes. The product designer feels that the Checkerboard (T5) patterned grain is most compatible with occasional tables.

Gemini's occasional table legs are metal and are finished in a powder paint finish.

FINISHES:

For details on the finishes with codes available for occasional Tables, please refer to the Wood/Casegoods Introduction booklet.

Please refer to Teknion's Fabrics & Finishes Program guide to view finish sample cards and to order individual finish samples.

Custom Wood Stain

For custom wood finishes (ZCCWS) add 676 list per match. This is a one time matching charge. Please see the Wood/Casegoods Introduction booklet for details.

ZCOTE
End Table

NOTES
Please see finish listing with codes in the Wood / Casegoods Introduction Booklet.

GENERAL:

All dimensional codes (listed throughout the text and under options) are nominal figures – they are not actual dimensions.

The extensive offering of conference tables are manufactured using select veneers and solids. Please note that the natural characteristics of wood veneer and wood solids may contribute to a variation of finish grain, tone and color.

Tables 96" and shorter in length have one piece tops with the veneer grain running parallel to the longest table top dimension.

Tables greater than 96" in length up to and including 192" in length have two piece tops with the veneer grain running parallel to the shortest table top dimension.

Tables greater than 192" in length have three piece tops with the veneer grain running parallel to the shortest table top dimension.

The dealer is responsible for confirming that tops will fit in an elevator or other site access.

Round, square and modified square tops that are greater than 60" are two pieces.

T6 patterned grain tops have a 12" center square. Finish of this square can be specified in veneer or Platinum painted MDF. Table top length must be a multiple of table top width.

All conference table edge details and most table bases are available on conference tables of all shapes and sizes. Combining these with corner details, veneer patterns and finishes allows the specifier to select a table design that meets the aesthetic and functional requirements of their project.

FINISHES:

For details on the finishes available for these products, please see the Wood/Casagoods Introduction booklet.

Please refer to Teknion's Fabrics & Finishes Program guide to view finish sample cards and to order individual finish samples.

Custom Wood Stain

For custom wood finishes add 676 list per match. This is a one time matching charge. Please see the Wood/Casagoods Introduction booklet for details.

GENERAL:

All dimensional codes (listed throughout the text and under options) are nominal figures – they are not actual dimensions.

Wall Mounted Cabinets

All wall mounted cabinets and shelves include a separate wall cleat that is sized to support the cabinet, but does not include wall cleat attachment hardware. The structural capacity of the support wall and the anchoring of the cleat to the wall are beyond the control and expertise of Teknion. It is, therefore, understood by all parties involved that it is the responsibility of the buyer, owner, and/or installer to consult with the building owner, architect, interior designer, structural engineer, and/or contractor to ensure that the supporting wall structure and cleat attachment method will support the size and weight of the specific cabinet selected from the Halcon price list.

Casegoods

Refer to the corresponding product line sections of Teknion's Wood binder for a complete offering of casegoods products.

FINISHES:

For details on the finishes available for Conferencing products, please see the Wood/Casegoods Introduction booklet.

Please refer to Teknion's Fabrics & Finishes Program guide to view finish sample cards and to order individual finish samples.

Custom Wood Stain

For custom wood finishes add 676 list per match. This is a one time matching charge. Please see the Wood/Casegoods Introduction booklet for details.

OPTIONS

Lighting/Accessories

In addition to the lighting and accessory products offered in this guide, please see Complements: Teknion's *Ergonomics & Accessories Program* for a listing of additional Keyboard Supports & Accessories.

Complements: Teknion's *Ergonomics & Accessories Program* - is designed to organize and personalize the workspace and promote healthy working postures. Complements products integrate with all Teknion furniture and can be applied to complete and enhance individual workstations, group work areas and public spaces.

Grommets

Where applicable, grommets and wire trays are available to facilitate all your wire management needs. In the high-tech office environment, these components are a must to maintain a professional look without compromising function!

ZAGAV72

AV Cabinet

NOTES

TEKNION EMBRACES CHANGE AND ITS INNATE POSSIBILITIES. OUR CULTURE IS ONE OF INNOVATION. IN THAT SPIRIT, WE HAVE STEPPED FORWARD TO INTEGRATE SUSTAINABLE PRINCIPLES AND PRACTICES INTO THE DESIGN, MANUFACTURING AND MARKETING OF OUR PRODUCTS.

TEKNION PRODUCTS PERFORM INDEPENDENTLY AND IN CONCERT, COMBINING IN VIRTUALLY UNLIMITED CONFIGURATIONS. OUR PHILOSOPHY EMBRACES DESIGN AS ONE OF THE BEST TOOLS WE HAVE FOR REALIZING THE BENEFITS OF BUSINESS, WHILE ALSO STRIVING TO REACH SUSTAINABLE GOALS.

WE HAVE LEARNED FROM DESIGN THAT CHANGING A SINGLE DETAIL ALTERS THE WHOLE. EVERY INCH MAKES A DIFFERENCE. EVERY LEAP IS THE SUM OF MANY SMALL STEPS.

TEKNION CREATES FURNITURE THAT CONNECTS PEOPLE, TECHNOLOGY AND SPACES; INTEGRATED DESIGN WITH NEW POSSIBILITIES FOR A HEALTHY, PRODUCTIVE WORLD TOMORROW AND THE DAY AFTER.
