

FINELITE
Better Lighting

Series **11**

Cove lighting *for beautiful architectural elements*

NEW LOW PROFILE AVAILABLE

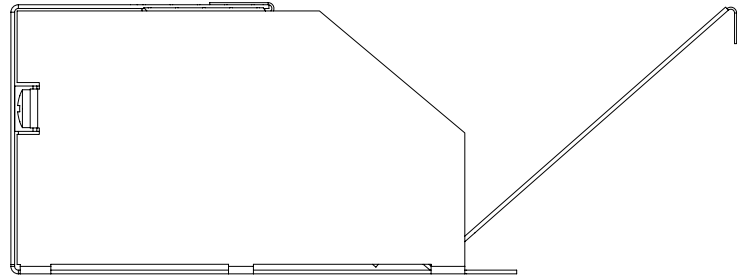

FINELITE

Series 11

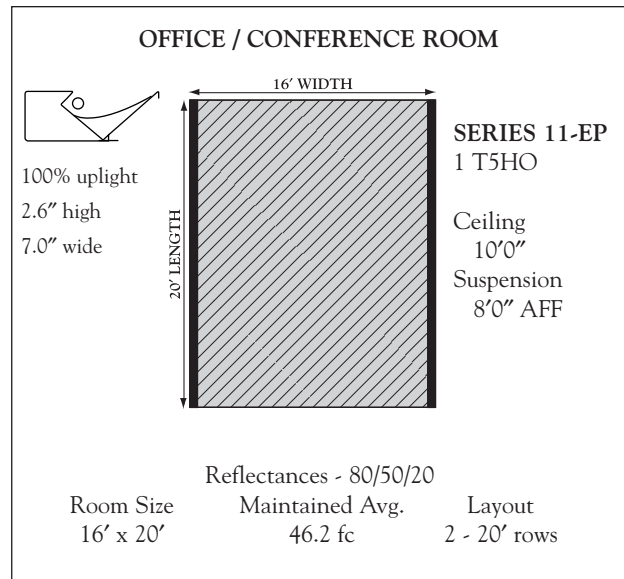

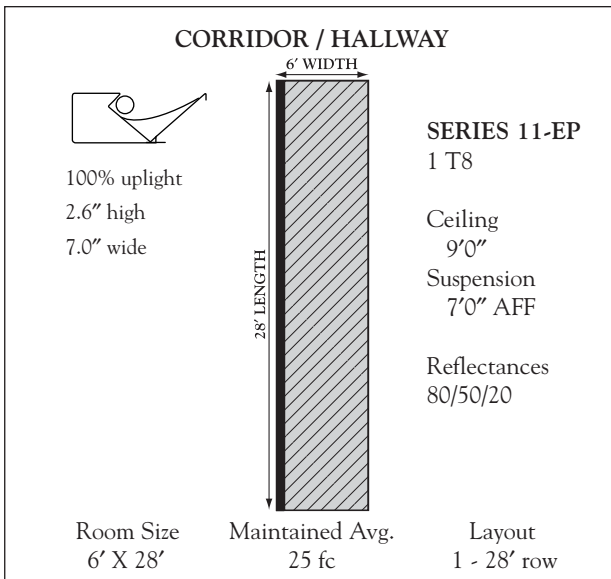

Series 11 delivers outstanding performance and value. These high-performance cove luminaires use unique optical designs to produce a smooth asymmetric distribution resulting in a very uniform appearance on the ceiling.

- Shadow-Free Illumination
- High Performance Optics
- Affordable Design
- Available in 3', 4', and 8' lengths

New to Series 11 is a Low Profile design for today's smaller architectural coves. Accommodating 1 or 2 T5 or T5HO lamps, the Series 11LP uses the same 96% reflective white paint, or specular material to deliver outstanding performance. The standard Series 11 accommodates 1 or 2 T5, T5HO or T8 lamps.

EXCELLENT PERFORMANCE

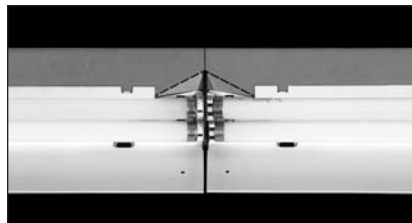

LAMPING

Series 11 is available with 1 or 2 lamp T5, T5HO, or T8 lamps.

Series 11LP is available with 1 or 2 lamp T5, T5HO.

NO SOCKET SHADOWS

Unique optics direct light behind the lamp sockets, thus eliminating shadows.

OPTIONAL CORNER HARNESS

An optional harness connects fixtures at corners to minimize feeds.
