

The details make all the difference: Spec's trademark quality and durable design ensure that your Cooper products have a long, productive life.

Wood arms are available in seven standard stains. Stain-to-match at no upcharge.

On some models, both wood and polyurethane arms are available in flat or round profiles.

Polyurethane arms may come in three colors. All arms are replaceable in the field.

Wall-saving frame is standard for Bracebridge, Huntsville and Midland.

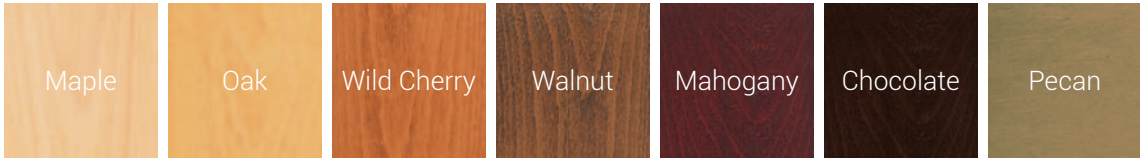

Models with wood frames come standard with steel-threaded glides that are field-replaceable.

Separate seat and back provide exceptional comfort and ease of maintenance.

Standard Wood Finishes

Wood Stains

Custom stain-to-match available at no upcharge.

Make It Your Own

With a choice of polyurethane or wood arms, seven standard wood stains (custom stains at no upcharge) and a virtually limitless selection of fabrics, the Cooper Collection is a perfect fit for any environment.

All three polyurethane colors are available on Bala, Bracebridge, Dwight and Mission. For Midland and Huntsville, polyurethane arms come in black only.

Metal Finishes

Metal frames can be finished in 76 Spectone colors from our line of powder epoxy coatings, including five textured finishes.

**COOPER
COLLECTION**

Durability Meets Design

Breathe new life into public seating areas with the Cooper Collection. With equal parts style and functionality, Cooper's wood frame gives a softer, less institutional look to high-performance chairs. Choose from six distinctive, award-winning designs—Bala, Bracebridge, Dwight, Huntsville, Midland and Mission.
