When using electrical equipment, basic safety precautions should always be followed, including the following:

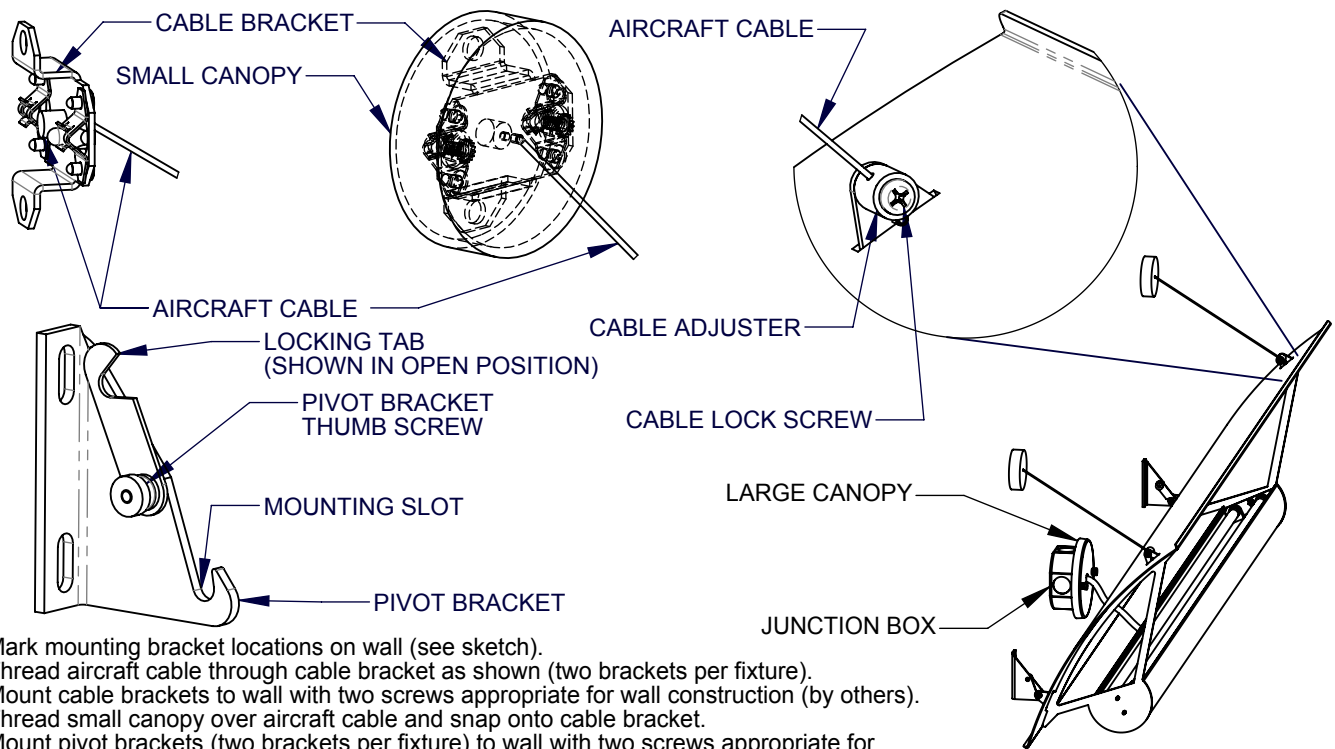

- Read all instructions carefully before installing and save for future use.
- Make sure all connections are in accordance with the National Electrical Code and local regulations.
- To avoid possible electric shock, be sure the power supply is turned off before servicing or installing the fixture.
- Service should be performed by qualified personnel.
- These instructions may not cover all details or variations. If additional information is needed, please contact Visa Lighting.

# INSTALLATION INSTRUCTIONS

Model: **CB6510, CB6512**

 ASCENT Series Luminaires

MOUNTING BRACKET LOCATIONS FACING WALL

1. Mark mounting bracket locations on wall (see sketch).
2. Thread aircraft cable through cable bracket as shown (two brackets per fixture).
3. Mount cable brackets to wall with two screws appropriate for wall construction (by others).
4. Thread small canopy over aircraft cable and snap onto cable bracket.
5. Mount pivot brackets (two brackets per fixture) to wall with two screws appropriate for wall construction (by others).
6. Install mounting strap to junction box.
7. Loosen pivot bracket thumb screws and push locking tabs up to open mounting slots.
8. Loosen cable lock screw on cable adjuster (two places).
9. Place light fixture onto pivot bracket, push locking tab down and firmly tighten pivot bracket thumb screws.
10. Thread aircraft cable through cable adjuster, adjust fixture tilt and tighten cable lock screw on cable adjuster (two places).
11. Make necessary wire connections and attach large canopy to junction box.

**!** When using electrical equipment, basic safety precautions should always be followed, including the following:

- Read all instructions carefully before installing and save for future use.
- Make sure all connections are in accordance with the National Electrical Code and local regulations.
- To avoid possible electric shock, be sure the power supply is turned off before servicing or installing the fixture.
- Service should be performed by qualified personnel.
- These instructions may not cover all details or variations. If additional information is needed, please contact Visa Lighting.
