

Instructions:

1. Remove front face assembly by pulling on front bar.
2. Fasten mounting bracket to junction box with junction box screws (by others).
2. Make all necessary wire connections.
3. Hang fixture on mounting bracket and tighten set screws on side of fixture.
4. Install lamps.
5. Install front face assembly.

When using electrical equipment, basic safety precautions should always be followed, including the following:  
 1) Read all instructions carefully before installing and save for future use. Make sure all connections are in accordance with the National Electrical Code and local regulations.  
 2) To avoid possible electric shock, be sure the power supply is turned off before servicing or installing the fixture. Service should be performed by qualified personnel.  
 3) These instructions may not cover all details or variations. If additional information is needed, please contact Visa Lighting.
