

# 3D Projector Stacker

---

The 3D Projector Stacker is a mounting solution for front or rear projection stereoscopic 3D displays. Designed with two cradles to mount two projectors in either a tabletop or inverted format, the 3D Projector Stacker offers easy and efficient fine-tuning with several adjustments for image alignment.

## Features

---

- Sturdy aluminum construction with steel projector cradles
- Available with two shelf sizes to accommodate the most common projectors: 10" X 19" and 19" X 33 ½"
- Optional filter holders and cooling fan accessories for use with polarizing filters
