

Keyboard Accessories

improved comfort | intuitive operation | adaptive use

Furnishing Knowledge®

■ **Rectangular Worksurface** – requires 20"–deep clearance under worksurface for track

KOMG.20

- Fully adjustable 5.5" standard length neck accommodates straight desktops with limited space
- Patented lift-and-lock spring-assisted counterbalancing system allows for precise height adjustment (up 2.5" and down 5.8") without use of knobs or levers
- Low profile arm design provides maximum leg room
- Available in black only

■ **Corner Worksurface** – requires 23"–deep clearance under worksurface for track

KOMG.23

- Fully adjustable 7.5" extended length neck accommodates corner mounts
- Patented lift-and-lock spring-assisted counterbalancing system allows for precise height adjustment (up 3.0" and down 7.75") without use of knobs or levers
- Low profile arm design provides maximum leg room
- Available in black only

Standard Mouse Tray

KOMG.20.M – Rectangular Worksurface
KOMG.23.M – Corner Worksurface

- Sliding mouse surface has three forward index positions for optimal ergonomic posture
- Slide-through mousing surface adjusts easily from side to side for left or right hand usage; mouse tray does not tilt
- Features built-in cable manager and fence
- Available in black only

Tilt and Swivel Mouse Tray

KOMG.20.PM – Rectangular Worksurface
KOMG.23.PM – Corner Worksurface

- Ergonomically shaped, rigid phenolic tray is sturdier than steel, and offers anti-skid grip strips
- Built-in mouse guard with cable management prevents mouse from slipping off tray
- Adjustable and detachable swivel and tilt mouse tray attaches right or left
- Available in graphite tray and black arm

Keyboard Accessories

Whether you're sending a quick e-mail or performing intensive data entry, comfort is key. KI offers a variety of keyboard combinations to fit everybody's type style with improved comfort, intuitive operation and adaptive use.

Each combination is ergonomically designed to help reduce employee injury and fatigue. You can adjust the keyboard to the right height and angle, allowing good knee clearance.

All keyboard trays include the following:

- Ergonomically shaped, low-profile ABS plastic keyboard tray features anti-skid grip strips
- Snap in foam-gel wrist rest is easy to clean and wear resistant
- Soft touch knob provides tilt control +/-15 degrees
- 360° swivel allows user to move keyboard freely from side to side

The keyboard combinations are economically priced yet offer more features than ever before. Built to last, the arms and trays are steel with a durable black textured powdercoat. All mounting hardware and instructions are included, making it easy to install.
