Each year Knoll sets key initiatives in our journey to sustainability. We are members of a global consortium on energy, have adopted a scientific, metrics-based approach to sustainable product design, and maintain a leadership position in establishing universal, verifiable, sustainability standards for our industry.

Knoll promotes independent third-party certification because it provides the most impartial and trustworthy foundation for industry-wide environmental compliance. Certification by established and respected third parties ensures that all manufacturers are held to the same high standards and that customers can trust a company's declaration about the environmental benefits of its products. Knoll third-party partners include: the International Standards Organization (ISO); Forest Stewardship Council (FSC®); Rainforest Alliance; GREENGUARD® Environmental Institute; and The Business and Institutional Furniture Manufacturer's Association (BIFMA) level® certification from Scientific Certification Systems (SCS).

In addition, Knoll is aligned with the U.S. Green Building Council and can help companies, healthcare organizations and educational institutions achieve Leadership in Energy and Environmental Design (LEED®) workplace certification.

Global Climate Change

- Knoll is a sponsor of the Clinton Global Initiative, which brings together a community of global leaders to devise and implement solutions to some of the world's most pressing challenges, including environmental change.
- Knoll has a comprehensive Energy Management Program to increase energy efficiency in products and processes.

Life Cycle Assessment (LCA) Tool

- Life Cycle Assessment is a science-based measurement of a product's environmental impacts throughout its life cycle, from raw materials sourcing through manufacture, shipping, use and re-use or end-of-life. LCA enables cradle-to-cradle implementation of sustainable practices.

Setting Industry Standards

- Knoll partners with MTS (The Institute for Market Transformation to Sustainability) to develop the SMaRT® Consensus Sustainable Products Standards, a set of consensus-based sustainable product standards based on the LEED® model, for all building products, fabric, apparel, flooring and carpet. MTS, the developer of SMaRT®, is an accredited American National Standards Institute (ANSI) standard developer.
- Knoll also partners with BIFMA (Business and Institutional Furniture Manufacturers Association) to promote level® sustainability standards for the contract furniture industry.
- Knoll has established FSC® (Forest Stewardship Council) certified wood as the standard for general office open plan office systems, casegoods and tables.
- Knoll has launched Full Circle, a resource recovery program developed with ANEW, to help customers extend the life cycle of surplus furniture, fixtures and equipment (FF&E) in an economically, socially and environmentally responsible manner.
- Our goal is to encourage all manufacturers in the contract furniture industry and related industries to adopt standards that will lead to sustainable products and practices.

Digital Keypad Lock Specifications for Credenzas and Doublewide Pedestals

Anchor Storage

Application

Anchor credenzas and doublewide pedestals with digital keypad lock option support applications where work stations are shared by multiple users.

The digital keypad lock option provides secure storage alternative to a standard key lock with a user-selected 4-digit code to lock and unlock the unit. This eliminates the use of a standard key which can easily be misplaced or taken off site. If a code is forgotten, a manager key (specified separately) can be used to bypass the code and unlock the unit.

Each installation site with digital keypad locks requires one programming key and at least one manager key, specified separately.

Specifications and Features

Digital Keypad Lock

- Brushed Nickel finish
- Black keypad with white numbers
- Horizontal body orientation
- Recessed-mount, factory installed
- All metal lock housing
- Manual dead bolt (turn knob)
- Powered by 3 premium AA batteries
- Operated with a user-selected 4-digit code
- Shared use application
- Tamper guard
- Audible and visible usage indicators
- Programmable automatic unlock
- Programmable LED usage indicator

To specify a credenza or doublewide pedestal with a digital keypad lock, select "D" in the pattern number for the lock option.

Example: WC2236BL(D) - Credenza, box/file, 22H x 36W, laminate, **digital keypad lock**
When specified, digital keypad lock is factory installed. Instructions for programming are included.

- Digital keypad locks and unlocks a unit with a user-selected 4 digit code.
- Lock can be bypassed with a manager key if code is forgotten or in case of battery failure.
- LED usage indicator prompts the lock's LED to flash when the unit is locked, indicating the locker is in use. The default setting for this feature is ON, however the LED usage indicator can be turned off with the program key at any time.
- Typical battery life is 3-5 years (based on length of usage). Turning the LED usage indicator feature off extends battery life.
- Three (3) AA batteries are included with the locks.

- Batteries can be changed without removing the lock mounting hardware.
- Locks can be programmed to auto unlock after a set amount of hours. The default setting for this feature is OFF (does not auto-unlock), but if desired this feature can be activated with the programming key at any time.

Manager Key

- Manager key is used to bypass a locked unit.
- Manager keys are registered to locks using the program key.
- One or more manager keys may be registered to each lock. This allows the client to design a lock system that suits their management access requirements.
- Additional manager key(s) may be registered to a lock without erasing previously registered manager keys.
- Provides external power in case of battery failure.
- Each lock accepts up to (6) manager keys.

Programming Key

- The programming key is a communication device used to initialize locks out of factory default mode and to register manager keys to the locks. It is used to transfer, but not store information.
- Only one programming key should be specified per installation site. Multiple programming keys cannot be used in conjunction with each other.
- If a programming key is lost, a new one may be ordered but the original programming key will become obsolete.
- Add-on or phased orders for digital keypad locks should be initialized and programmed using the original programming key.
- Used to turn on/off features such as LED usage indicator and auto unlock.
- Provides external power in case of battery failure.

Digital Keypad Lock Specifications for Lockers, Floorstanding and Mobile Pedestals

Anchor Storage

Application

Anchor lockers with digital keypad lock option support applications where lockers are shared by multiple users. Also available on select floorstanding and mobile pedestal configurations.

The digital keypad lock option provides secure storage alternative to a standard key lock with a user-selected 4-digit code to lock and unlock the unit. This eliminates the use of a standard key which can easily be misplaced or taken off site. If a code is forgotten, a manager key (specified separately) can be used to bypass the code and unlock the unit.

Each installation site with digital keypad locks requires one programming key and at least one manager key, specified separately.

Specifications and Features

Digital Keypad Lock

- Brushed Nickel finish
- Black keypad with white numbers
- Vertical body orientation
- Recessed-mount, factory installed
- All metal lock housing
- Automatic (motorized) 1/2" dead bolt
- Powered by 4 premium AA batteries
- Operated with a user-selected 4-digit code
- Shared use application
- Tamper guard
- Audible and visible usage indicators
- Programmable automatic unlock
- Programmable LED usage indicator

To specify a locker with a digital keypad lock, select "D" in the pattern number for the lock option.

Example: WL5724FDRHL(D) - Locker with full height door, 57H x 24D, laminate, **digital keypad lock**

When specified, digital keypad lock is factory installed. Instructions for programming are included.

- Digital keypad automatically locks and unlocks a unit with a user-selected 4 digit code.
- Lock can be bypassed with a manager key if code is forgotten or in case of battery failure.
- LED usage indicator prompts the lock's LED to flash when the unit is locked, indicating the locker is in use. The default setting for this feature is ON, however the LED usage indicator can be turned off with the program key at any time.
- Typical battery life is 3-5 years (based on length of usage). Turning the LED usage indicator feature off extends battery life.
- Four (4) AA batteries are included with the locks.

- Batteries can be changed without removing the lock mounting hardware.
- Locks can be programmed to auto unlock after a set amount of hours. The default setting for this feature is OFF (does not auto-unlock), but if desired this feature can be activated with the programming key at any time.

Manager Key

- Manager key is used to bypass a locked unit.
- Manager keys are registered to locks using the program key.
- One or more manager keys may be registered to each lock. This allows the client to design a lock system that suits their management access requirements.
- Additional manager key(s) may be registered to a lock without erasing previously registered manager keys.
- Provides external power in case of battery failure.
- Each lock accepts up to (25) manager keys.

Programming Key

- The programming key is a communication device used to initialize locks out of factory default mode and to register manager keys to the locks. It is used to transfer, but not store information.
- Only one programming key should be specified per installation site. Multiple programming keys cannot be used in conjunction with each other.
- If a programming key is lost, a new one may be ordered but the original programming key will become obsolete.
- Add-on or phased orders for digital keypad locks should be initialized and programmed using the original programming key.
- Used to turn on/off features such as LED usage indicator and auto unlock.
- Provides external power in case of battery failure.

Digital Keypad Lock Specifications

Manager Key Counts

Calculating the total number of manager keys

The digital keypad lock system is flexible, allowing the client to choose the number of manager keys required. Solutions may range from simple to complex, depending on client needs. It may be helpful to create a chart to organize and calculate the number of manager keys required, similar to the examples shown below.

Considerations:

- If units will be located on different floors, consider ordering keys that can be registered to bypass all locks as a floor-specific “master key”.
- If units will be located within different zones or areas, consider ordering keys that can be registered to locks within specific zones on each floor.
- If the client would like to create a “master key”, one or more manager keys can be registered to all locks to act as a “master key”.

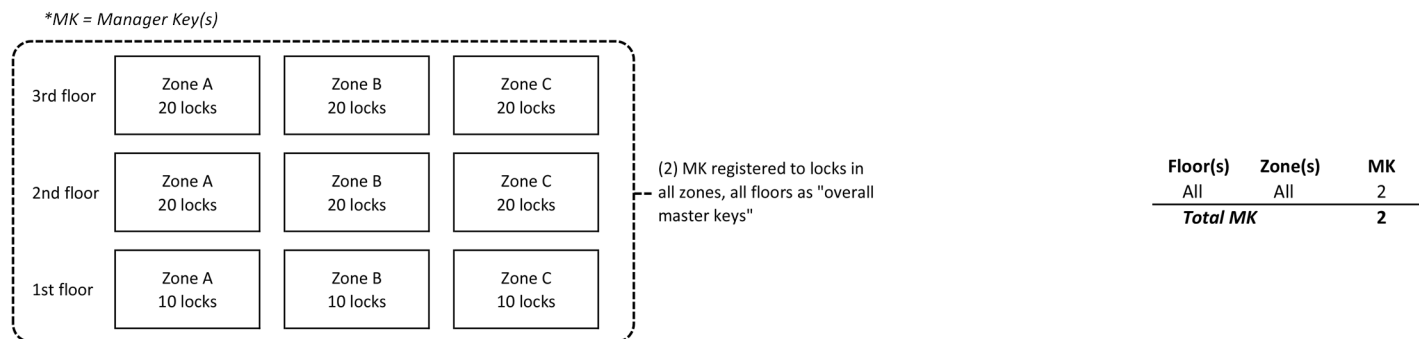

Manager key count examples

Sample project is a three story space, each floor is divided into three zones containing a varied number of lockers. Example 1 is a simple lock system showing two manager keys registered to all locks, regardless of floor or zone. Example 2 is a more complex solution showing manager keys registered to locks in a layered approach. At the lowest management level, keys are registered specific to zone, followed by keys that are floor-specific and at the top level, keys are registered to all locks to be used as overall master keys.

The manager key counts shown in the examples are sample numbers; the ratio of manager keys to the number of locks is decided by the client.

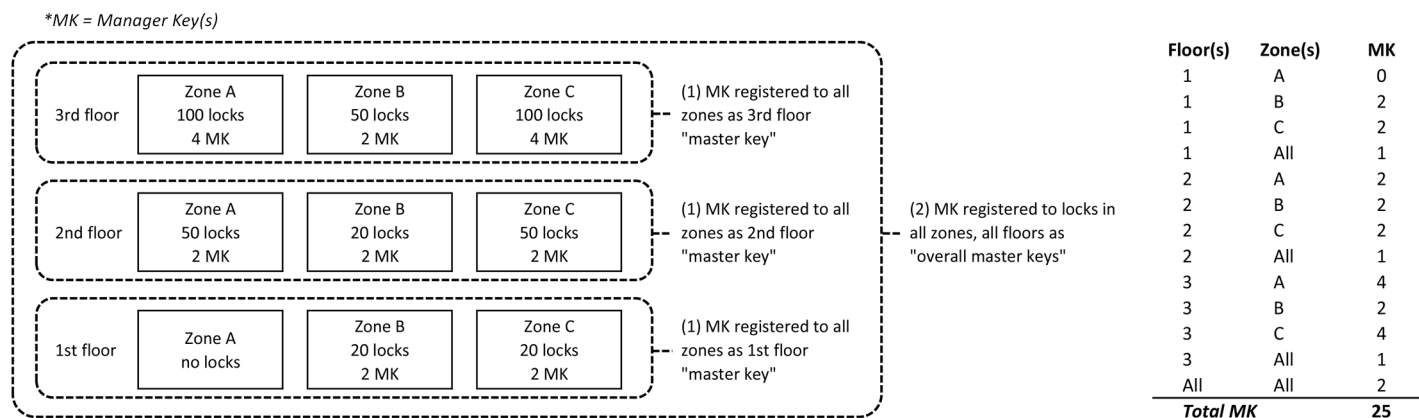

Example 1:

Two (2) manager keys registered to all locks throughout the space. No manager keys registered specific to floor or zone.

Example 2:

- Manager keys registered to all locks within each specific zone on each floor. Number of manager keys is decided by client. Once registered, these manager keys may be used to bypass any lock within that zone on that floor, but will not be able to bypass any of the other units.
- One (1) manager key for each floor registered to all locks in all zones on that floor, used as first, second and third floor “master keys”.
- Two (2) manager keys registered to all locks, in all zones on all floors used as “overall master keys”.

Anchor Raised Storage

Anchor Raised Storage a collection of storage units designed to be specified with a raised foot option.

Feet are nominally 3" high and include a leveling glide. Feet are additive to the height of a standard credenza. Foot kits are specified separately as kits and installed on site.

Feet are not retrofittable onto existing Anchor units. Feet are available only for products as stated in the application notes on the pricing page.

Application

Individual units require 4 corner feet. Individual units 60" and wider additionally require 2 T-feet for support.

Two units ganged side-by-side require a total of 4 corner feet plus 2 T-feet at the seam. Two additional T-feet are required for support on any unit 60" and wider.

Corner feet are available in a 4-piece kit and bulk kit of 40 pieces. T-feet are available in a 2-piece kit and bulk kit of 20 pieces. Hardware is included to attach to storage unit.

description	description	pattern number	P
Foot Kit, Corner	Corner foot kit, 4 pieces	WAFC04P	\$110.
	Corner foot kit, bulk, 40 pieces	WAFC40P	1,025.
Foot Kit, T	T foot kit, 2 pieces	WAFT02P	73.
	T foot kit, bulk, 20 pieces	WAFT20P	664.

Order Information	Order Code	Specification Information	Application Notes
1. <i>Base Pattern Number</i>	Foot Kit, Corner, Kit of 4	Foot kits are specified separately as kits and installed on site. Kits include hardware for attaching feet to the storage unit.	Feet are nominally 3" high and include a black leveling glide. Feet are additive to the height of the standard credenza bringing the overall finished height of the credenza on feet to 25" high (nominal).
2. <i>Finish</i> See Finish Options page	Example: WAFC04P		
	W Anchor Storage	Individual units require 4 corner feet. Individual units 60" and wider additionally require 2 T-feet for support.	Foot kits are not retrofittable onto existing Anchor units.
	AF Accessory, Foot		
	C Corner		
	04 Kit of 4		
	P Painted	Two units ganged side-by-side require a total of 4 corner feet plus 2 T-feet at the seam. Two additional T-feet are required for support on any unit 60" and wider.	Foot kits are only compatible with Anchor Credenzas.

Anchor Credenzas

Credenzas are 22" high wood construction cabinets sized to fit below and support one end of a desk top or be used as freestanding units. Credenzas feature one or two midpanels providing a unique combination of closed and open storage.

Credenzas are available in 4 widths with a variety of configurations. Reference the Statement of Line for full product scope.

Available Sizes (nominal)

Height: 22"

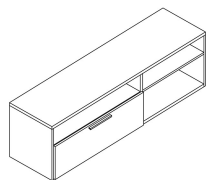

Widths: 18", 24", 30", 36", 42", 48", 60", 72", 84"

Depth: 20"

Credenzas ship assembled including the top. All drawer and door pulls are field installed.

Credenzas may be used as freestanding units or provide support for a perpendicular worksurface when specified with a spacer bracket or support adapter.

Counterweight must be specified for certain credenzas when used in freestanding applications. Further information is detailed on pricing pages.

Freestanding unit

Credenza used as support for a perpendicular work surface

Credenzas used as supports in a benching application

Construction

- Credenzas are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1 3/16" (nominal) on credenza bottom and midpanels, 3/4" on credenza back, sides, interior shelves and drawer fronts.
- Material thickness: 1 3/16" (nominal) on credenza tops
- Box and File drawer suspension: Full extension, ball bearing slides
- Units include interlock to prevent more than one drawer (aligned vertically) opening at a time.
- Leveling glides: 3/16" diameter steel stem with 1 1/16" of height adjustment. Units up to 42" wide include 4 glides; units 48" and wider include 6 glides.
- Longer glides are included to provide an additional 1 1/16" of height adjustment; 2 per credenza.

Internal Drawer Dimensions ***Box drawer**

- Internal height: 3 3/4" (5 1/8" clearance)
- Internal width: 26 3/4", 32 3/4", 38 3/4"
- Internal depth: 16 1/4"

File drawer

- Internal height: 9 3/4" (11 3/4" clearance)
- Internal width: 26 3/4", 32 3/4", 38 3/4"
- Internal depth: 16 1/4"

Internal Clearances – Open sections *

- Internal height A: 6 1/2"
- Internal height B: 11 15/16"
- Internal width by nominal configuration size:
 - 18" w configuration = 16 1/2" w
 - 24" w configuration = 22 1/2" w
 - 30" w configuration = 28 1/2" w
 - 36" w configuration = 34 1/2" w
 - 42" w configuration = 40 1/2" w
- Internal depth: 18 1/4"

*Actual dimensions to the nearest 1/16th of an inch.

Filing

The credenza file drawer design allows for side-to-side letter or legal filing and front-to-back letter filing. Credenzas with a file drawer include a hanging file bar to accommodate front-to-back filing.

Locks

Anchor Credenzas may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Standard lock placement is the upper right hand corner of the bottom file drawer. Center of lock is 1 1/16" from top edge, 1 1/2" from side. Dual-tab lock design allows one shared lock core per box/file configuration.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed. Finger Pull, 10" long; centered horizontally on drawers.

Top drawer: mounted 3/4" from bottom of drawer
Bottom drawer: mounted 3/4" from top of drawer

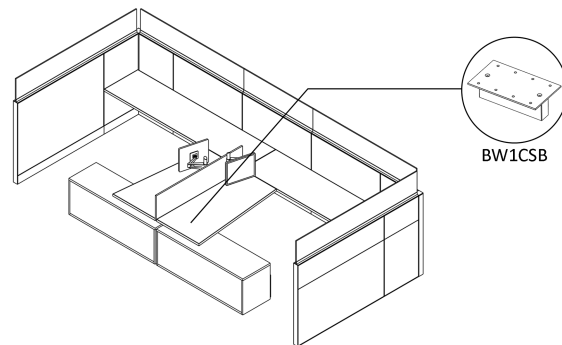

A variety of planning scenarios with the required connection or support brackets are shown below. Single freestanding credenzas may require counterweight kits; refer to pricing pages for specific requirements.

Credenza supporting a Dividends Horizon desk. Specify a **Template BW1CSB Credenza Spacer** to support one end of the work surface. No counterweight kit required.

*In this application, a credenza with a centered midpanel will require the spacer to be mounted off-center.

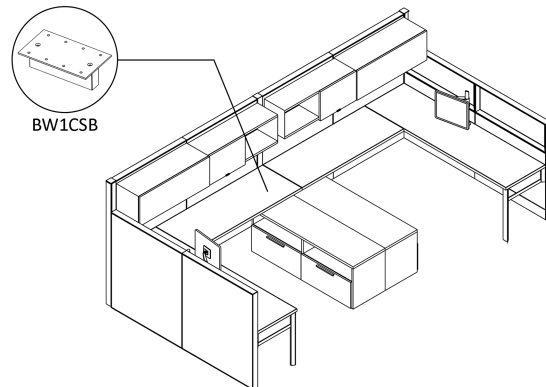

Credenzas supporting work surfaces in a Dividends Horizon panel surround. Specify a **Template BW1CSB Credenza Spacer** per credenza. No counterweight kit required.

No counterweight kit required.

Credenzas mounted to Dividends Horizon panels. For each credenza, specify both the left and right hand **Dividends Horizon Panel brackets BC1EPDPB** to secure the unit to the panel. No counterweight kit required.

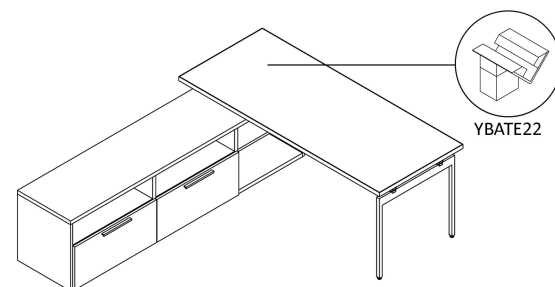

Credenzas supporting work surfaces in a Dividends Horizon panel surround. Specify a **Template BW1CSB Credenza Spacer** for each credenza. No counterweight kit required.

No counterweight kit required.

When used as freestanding units (not supporting the work surfaces), units may be ganged back-to-back for stability.

Credenzas supporting Antenna Big Table. Specify **Template/Antenna YBATBT22 Floorstanding Cabinet Desk Support Adapters for Big Table** in place of an end leg. Two YBATBT22 adapters would be required for the configuration shown. Units may be ganged back-to-back and/or side-by-side for additional stability. No counterweight kit required.

Credenzas supporting an Antenna desk. Specify **Template/Antenna YBATE22 (pair) Floorstanding Cabinet Desk Support Adapters** to support one end of the work surface. No counterweight kit required.

Cushions are for use on credenzas only.

Cushions are preassembled with hook and loop tape for mounting to credenza.

For CAL133 backing on the cushion, add \$79 to the list price.

Pedestal Specifications

Floorstanding Pedestal Technical Specifications

Anchor Storage

Anchor Floorstanding Pedestals

Anchor Floorstanding Pedestals are desk height wood construction cabinets designed to support work surfaces in both panel wrapped and freestanding applications. No cantilevers or other supports are required at the end of the work surface supported by a pedestal. Opposite end of the extended work surface must be supported by support leg or a panel. **Floorstanding pedestals are not intended for freestanding use.** Floorstanding Pedestals ship assembled, excluding a finished top. All drawer and door pulls are field installed.

Available Sizes (nominal)

Height: 28" overall height including work surface (specified separately)
Widths: 12", 16", 24", 30"
Depth: 24"

12" and 16" wide floorstanding pedestals open and with full door (left or right hand)

12" and 16" wide floorstanding pedestals with drawers:

- Open/File
- Open/Box/File
- Box(file front)/File
- Box/Box(file front)/File
- File/File

24" and 30" wide floorstanding combination pedestals (left or right hand, as determined by the pedestal locker position; right hand pedestals shown)

Pedestal configurations:

- Open
- Full door
- Open/File
- Open/Box/File
- Box(file front)/File
- Box/Box(file front)/File
- File/File

Pedestal locker configurations:

- Open
- Full Door

Construction

- Floorstanding Pedestals are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1 3/16" (nominal) on pedestal bottom and midpanels (where applicable), 3/4" on pedestal back, sides, interior shelves and drawer fronts.
- 16" wide pedestal drawer bodies are metal; 12" wide pedestal drawer bodies are wood construction
- Box and File drawer suspension: Full extension, ball bearing slides
- Leveling glides: 3/16" diameter steel stem with 1 1/16" of height adjustment, 4 per pedestal.
- Longer glides are included to provide an additional 1 1/16" of height adjustment; 2 per pedestal.

Internal Drawer Dimensions 16" wide

Box drawer

- Internal height: 4 5/16" (4 13/16" clearance)
- Internal width: 12 7/16"
- Internal depth: 14 7/16"

File drawer

- Internal height: 9 1/4" (11 5/16" clearance)
- Internal width: 12 7/16"
- Internal depth: 14 7/16"

Internal Clearances *

Pedestal with top shelf

- Internal height A: 4 7/8"
- Internal height B: 6 1/2"
- Internal height C: 11 15/16"

Pedestal with top shelf removed (where applicable)

- Internal height A: 12 1/8"
- Internal height B: 11 15/16"

Filing

16" wide pedestal file drawer allows for front-to-back letter filing. File Support Channel for legal filing must be specified separately.

12" wide pedestal file drawer allows for side-to-side letter or legal filing.

Locks

Anchor Floorstanding Pedestals may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Dual-tab lock design allows one shared lock core on units with 2 drawers in vertical alignment.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed. Finger Pull, centered horizontally on drawers, positioned vertically on doors.

Top drawer: 3/4" from bottom of drawer

Bottom drawer: 3/4" from top of drawer

Doors: 1 1/8" below top edge of door

Combination pedestal doors open from midpanel; hinges are located on the end panels.

*Actual dimensions to the nearest 1/16th of an inch.

Pedestal Specifications

Doublewide Pedestals

Anchor Doublewide Pedestals

Anchor Doublewide Pedestals are 28" high wood construction cabinets sized to align with desk height (when specified with top) and are designed to be used in a variety of applications.

Doublewide pedestals are available in 3 widths and 5 interior configurations. Reference the Statement of Line page for full product scope. All drawer and door pulls are field installed.

Available Sizes (nominal)

Height: 28" (including top)

Widths: 30", 36", 42"

Depth: 20"

Doublewide Pedestals ship assembled excluding the top. **Doublewide pedestal tops must be specified separately.**

Doublewide pedestals may be specified with a full-width individual top, common top spanning two side-by-side units (facing the same or opposite direction) or with an extended top. Opposite end of the extended worksurface must be supported by a perpendicular work surface, support leg or a panel.

Counterweight kit must be specified for certain doublewide pedestals in applications that are not connected to a desk or another unit. Further information is detailed on pricing pages.

Individual top

Common top, units facing same direction

Common top, units facing opposite direction

Extended top connected to a perpendicular surface.

Construction

- Doublewide Pedestals are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1³/₁₆" (nominal) on pedestal bottom, 3/4" on pedestal back, sides, interior shelves and drawer fronts.
- Material thickness: 1³/₁₆" (nominal) on pedestal tops (specified separately)
- Box and File drawer suspension: Full extension, ball bearing slides
- Units include interlock to prevent more than one drawer opening at a time.
- Leveling glides: 3/16" diameter steel stem with 1¹/₁₆" of height adjustment, 4 per doublewide pedestal.
- Longer glides are included to provide an additional 1¹/₁₆" of height adjustment; 2 per doublewide pedestal.

Internal Drawer Dimensions *

Box drawer

- Internal height: 3³/₄" (5¹/₈" clearance)
- Internal width: 26³/₄", 32³/₄", 38³/₄"
- Internal depth: 16¹/₄"

File drawer

- Internal height: 9³/₄" (11³/₄" clearance)
- Internal width: 26³/₄", 32³/₄", 38³/₄"
- Internal depth: 16¹/₄"

Internal Clearances *

Pedestal with top shelf

- Internal height A: 4⁷/₈"
- Internal height B: 6¹/₂"
- Internal height C: 11¹⁵/₁₆"
- Internal width: 28¹/₂", 34¹/₂", 40¹/₂"
- Internal depth: 18¹/₄"

Pedestal with top shelf removed (where applicable)

- Internal height A: 12¹/₈"
- Internal height B: 11¹⁵/₁₆"

*Actual dimensions to the nearest 1/16th of an inch.

Filing

The pedestal file drawer design allows for side-to-side letter or legal filing and front-to-back letter filing. Pedestals with a file drawer include a hanging file bar to accommodate front-to-back filing.

Locks

Anchor Doublewide Pedestals may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Standard lock placement is the upper right hand corner of the bottom file drawer. Center of lock is 1¹/₁₆" from top edge, 1¹/₂" from side. Dual-tab lock design allows one shared lock core per box/file and file/file configuration.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed. Finger Pull, 10" long, centered horizontally on drawers

Top drawer: 3/4" from bottom of drawer

Bottom drawer: 3/4" from top of drawer

Doublewide pedestal with extended top. Specify **Dividends Horizon DB1F24SP flat bracket** for connection to perpendicular work surface.
No counterweight kit required.

Doublewide pedestal with individual top. Specify both the left and right hand **Dividends Horizon Panel brackets BC1EPDPB** to secure the unit to the panel.
No counterweight kit required.

Doublewide pedestals with extended tops. Specify a **Dividends Horizon DB1F24SP flat bracket** where each extended top connects to a perpendicular work surface.
No counterweight kits required.

Common top spanning two doublewide pedestals facing opposite directions.
No counterweight kits required.

Doublewide pedestals each with extended top. Specify a **Dividends Horizon DB1F24SP flat bracket** where each extended top connects to a perpendicular work surface.
No Counterweight kits required.

Doublewide Pedestals facing opposite directions with common top.
No counterweight kits required.

Doublewide Pedestal Top,
30" wide x 19"

Example: **WPT3019 ()**

WPT	Anchor Pedestal Top
30	30" Wide
19	20" deep
(118)	Finish, Bright White

Specification Information

For use with Anchor Doublewide Pedestals only.

Mounting hardware included with Pedestals.

Edgebanding preselected to match or coordinate with laminate, see "Finish Options" page for further details.

See Pedestal Specifications for Pedestal Top planning.

Application Notes

Doublewide Pedestal tops for Antenna are designed to match Antenna laminate top thickness and edge band details.

Counterweight Kits

For Doublewide Pedestals

Anchor Storage

description	type	w	h	pattern no.	list
Counterweight Kits	Counterweight Kit 02			WCWKIT02	\$121.
	Counterweight Kit 03			WCWKIT03	170.
	Counterweight Kit 04			WCWKIT04	191.
	Counterweight Kit 05			WCWKIT05	211.

Order Information	Order Code	Specification Information	Application Notes
		Pedestals with file drawers may require counterweights when used in freestanding applications.	Counterweight kits include hardware to mount the counterweight plates.
		When applicable, reference the pedestal pricing pages to identify the appropriate kit.	Counterweight plates are to be mounted to the back panel behind the file drawer(s) inside the pedestal.

Work Surface Stacker Specifications

Technical Specifications

Anchor Work Surface Stackers

Anchor Work Surface Stackers are wood construction cabinets designed to provide privacy and offer above-desk storage. Elevation heights correspond with Dividends Horizon panel heights when installed on a standard height work surface. Work Surface Stackers are designed to be installed directly onto a work surface and do not include a base.

Stackers ship preassembled including a finished top. Tape for mounting to work surface is included. All drawer and door pulls are field installed.

Available Sizes (nominal)

Elevation Heights: 42", 50", 57", 64" (when installed on standard height work surface)
Widths: 12", 16"
Depth: 24"

Configurations include:

Side Access (open)

Front Access Open

Front Access with Door

Construction

- Work Surface Stackers are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1 3/16" (nominal) on stacker top; 3/4" on back, sides, interior shelves and door fronts.

Internal Clearances *

Internal height:

- A: 11 15/16"
- B: 6 5/16"
- C: 13 15/16"
- 8 3/16"

Internal width: 10 1/2", 14 1/16"

Internal depth: 22 3/4"

**Actual dimensions to the nearest 1/16th of an inch*

Inset Back

Parallel and Side Access Stackers may be specified with an inset back for use with tackboard insert (specified separately.) When specified, the back panel of the stacker is inset 1/2" into the unit to accommodate mounting a tackboard on the outside of the stacker.

Tackboards are not intended for use inside stackers with shelves.

Locks

Anchor Work Surface Stackers with full door may be ordered with or without locks. No lock hole is drilled on units specified as nonlocking.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed. Finger Pull, 10" long, positioned vertically on doors. Pulls on 42" high (elevation) stackers are 8" long.

Credenza Stackers

Parallel Credenza Stackers

12" deep

Order Information	Order Code	Specification Information	Application Notes
		Parallel credenza stackers are designed to mount parallel onto a credenza.	Credenza stackers mount directly to a credenza; mounting kit included.
		Parallel stackers are available with an inset back for use with a tackboard insert (specified separately). To specify a stacker with inset back, replace "FO" with "FOB".	Elevation height represents the overall nominal height of a stacker when mounted to an Anchor credenza.
		Credenza stacker shelf count: 42" high, 1 shelf, 50" and 57" high include 2 shelves, 64" high includes 3 shelves.	
		Stackers specified with mixed laminate finishes are L2 pricing. Refer to Mixed Laminate Finishes for further details.

Specification Information

Tackboards are designed to fit within the inset back of a parallel work surface stacker specified with inset back option.
Tackboards are not compatible for use on stackers with standard back.

Application Notes

Elevation height represents the overall nominal height of a stacker when mounted on a standard height work surface.

Overhead Storage Specification

Technical Specifications

Anchor Storage

Anchor Overhead Storage

Anchor Overhead Storage units are wood construction cabinets designed to be wall mounted for above desk storage.

Overhead Storage units have a preassembled case. Sliding doors and door pulls are to be field-installed.

Available Sizes (nominal)

Height: 16"

Widths: 24", 30", 36", 42", 48", 60", 72", 84"

Depth: 15"

Configurations include:

Open

Sliding Door (Left Hand)

Sliding Door (Right Hand)

Construction

- Overhead Storage units are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1³/₁₆" (nominal) on overhead top and bottom; 3/4" on back, sides, interior shelves and door fronts.

Internal Clearances*

- Internal height 13³/₄"
- Internal width by nominal configuration size:
 - 24" w overall = 22¹/₂" w
 - 30" w overall = 28¹/₂" w
 - 36" w overall = 34¹/₂" w
 - 42" w overall = 40¹/₂" w
 - 48" w overall = (2) 22¹/₁₆" w sections
 - 60" w overall = (2) 28¹/₁₆" w sections
 - 72" w overall = (2) 34¹/₁₆" w sections
- Internal depth clearance:
 - Open units: 13³/₈"
 - Sliding Door units: 12¹/₄"

**Actual dimensions to the nearest 1/16th of an inch*

Locks

Anchor Overhead Storage units with sliding door may be ordered with or without locks. No lock hole is drilled on units specified as nonlocking.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed. Finger Pull, 10" long, positioned vertically on doors.

Specification Information

Overhead units 48" and wider feature a centered midpanel. Shelves specified for units with a midpanel are sized to fit in one half of the unit. If a shelf is desired in both halves of the unit, two shelves must be specified.

Dimension listed under w h d are actual to the nearest 1/16".

Application Notes

Anchor Slide Out Towers

Anchor Towers are 15" and 18" wide wood construction cabinets offered in 2 heights designed to correspond with Dividends Horizon panel heights. Slide Out Towers are available left or right handed and feature a side access interior offered in two customizable configurations, detailed below. Door pulls are field installed.

Available Sizes (nominal)

Height: 42", 50"

Widths: 15", 18"

Depth: 24", 30"

Slide Out Tower Interior Details

All Slide Out Towers include a 7" fixed upper shelf and shallow bin at the bottom. 30" deep towers include a 5 1/4" coat cubby at the back with a dual-prong coat hook. 24" deep towers do not include a coat cubby or coat hook.

- 1) **Adjustable Shelves Interior** additionally includes 2 adjustable shelves; not compatible with slatwall tools. White interior finish.
- 2) **Slatwall Interior** additionally includes slatwall below the fixed shelf, for use with slatwall tools, specified separately. Adjustable shelves may be specified separately. White interior finish with gray slatwall.

Construction

- Towers are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1 3/16" (nominal) on tower top, bottom, and vertical and horizontal midpanels, 3/4" on tower back, sides, all other interior shelves, doors and drawer fronts
- Leveling glides: 5/16" diameter steel stem with 1 1/16" of height adjustment, 4 per tower.

Locks

Anchor Towers may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed.
Finger Pull, 10" long, horizontal position.

Anchor Towers

Anchor Towers are 24" and 30" wide wood construction cabinets offered in 4 heights designed to correspond with Dividends Horizon panel heights. Towers ship assembled including a finished top. All drawer and door pulls are field installed.

Available Sizes (nominal)

Height: 42", 50", 57", 64"

Widths: 24", 30"

Depth: 24"

Towers are categorized by the upper configuration (A) and include 7 pedestal options (B) and 2 locker options (C). Towers are available in left or right hand, defined by the location of the locker. (Right hand tower shown below.)

Configuration Options:

A: Upper Configuration

Side Access (open)
Front Access Open
Front Access with Door

B: Pedestal Configuration

File/File

C: Locker Configuration

Open with Shelves
Full Door

Side Access tower, Front Access Open tower, Front Access with Door tower

Front Panel for Side Access Tower

A laminate or markerboard front panel may be specified (separately) for Side Access towers. To accept front panel mounting, Side Access tower must be specified with a drilled front.

Construction

- Towers are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1 3/16" (nominal) on tower top, bottom, and vertical and horizontal midpanels, 3/4" on tower back, sides, all other interior shelves, doors and drawer fronts
- Leveling glides: 5/16" diameter steel stem with 1 1/16" of height adjustment, 4 per locker.
- Longer glides are included to provide an additional 1 1/16" of height adjustment; 2 per pedestal.

Locks

Anchor Towers may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed. Finger Pull, 10" long, vertical pulls on 42" towers are 8" long.

Pull Position:

Doors: vertical, 1 1/8" below top edge of door.

Drawers: centered horizontally
Top drawer: 3/4" from bottom of drawer
Bottom drawer: 3/4" from top of drawer

Tower doors open from midpanel; hinges are located on the end panels.

(D)	Drilled for front panel

Specification Information

- Refer to Tower Shelf count for number of included shelves with each interior configuration.
- Add \$40 to the list price per standard key lock.
- Add \$15 to the list price per pull for Anodized Nickel (AN) or Aluminum (AA) finish.
- Towers specified with mixed laminate finishes are L2 pricing. Refer to Mixed Laminate Finishes for further details.
- Dimensions listed under w h d are actual to the nearest 1/16".
- A laminate or markerboard front panel may be specified (separately) for side access towers. To accept front panel mounting hardware, side access towers must be specified with "D" for a predrilled front.

Application Notes

- Towers 24" deep (nominal) have a 23 1/2" deep case; 24 3/8" overall depth including door.
- Towers with full door include a coat hook to be field installed.

Specification Information

Refer to Tower Shelf count for
number of included shelves with
each interior configuration.

Add \$40 to the list price per
standard key lock.

Add \$15 to the list price per pull for
Anodized Nickel (AN) or Aluminum
(AA) finish.

Towers specified with mixed
laminate finishes are L2 pricing.
Refer to Mixed Laminate Finishes
for further details.

Dimensions listed under w h d are
actual to the nearest 1/16".

Application Notes

Towers 24" deep (nominal) have a
23 1/2" deep case; 24 3/8" overall
depth including door.

Towers with full door include a coat
hook to be field installed.

Markerboard front panel for SA Tower	
Example: WTFP57M	
WT	Anchor Tower
FP	Front panel
57	for 57" high side access tower
M	Markerboard laminate

Specification Information

Front panels include mounting bracket to install on side access tower. **Side access towers must be specified with a drilled front to accept front panel mounting hardware.**

Application Notes

Markerboard front panel is finished with 118 Bright White edgebanding.

Anchor Lockers

Anchor Lockers are 12" wide wood construction cabinets offered in 2 depths and 5 heights designed to correspond with Dividends Horizon panel heights. All drawer and door pulls are field installed.

Locker configurations include all open with shelves or enclosed with a door. Multiple door option is available in limited heights. Reference the Statement of Line for full product scope.

Available Sizes (nominal)

Height: 42", 50", 57", 64" 71"

Widths: 12"

Depth: 20", 24"

Lockers ship assembled excluding the top.

Locker tops must be specified separately.

Lockers may be specified with a full-width individual top or specified in banks with a common top spanning up to eight units. They may be installed facing the same or opposite direction. Lockers may also be used to support one end of a work surface utilizing the accessory L-bracket.

Lockers must be ganged to a locker, another Anchor storage unit or connected to a work surface for stability.

Lockers with common top (specified separately) spanning up to eight lockers

Locker connected to a workstation, ganged to another Anchor storage unit

Locker supporting one end of a work surface utilizing L-bracket accessory

Construction

- Lockers are constructed of wood core, laminate and ABS edge banding; cam and dowel construction.
- Material thickness: 1 3/16" (nominal) on locker bottom, 3/4" on locker back, sides, subtop, interior shelves and doors.
- Material thickness: 1 3/16" (nominal) on locker tops (specified separately)
- Leveling glides: 5/16" diameter steel stem with 1/16" of height adjustment, 4 per locker.

Internal Clearances*

All Open with Shelves

Internal height:

- 42" high: A: 11 15/16", B: 12 1/4"
- 50" high: A: 11 15/16", C: 19 5/16"
- 57" high: A: 11 15/16", D: 13 1/8"
- 64" high: A: 11 15/16", E: 16 5/8"
- 71" high: A: 11 15/16", F: 20 1/8"

Internal width: 10 1/2"

Internal depth: 18 5/16", 22 3/4"

**Actual dimensions to the nearest 1/16th of an inch*

Locks

Anchor Lockers may be ordered with or without locks. No lock hole is drilled on units specified as non-locking.

Locks are randomly keyed unless otherwise specified. Other keying options include keyed alike or keyed with lock cores K001-K250. To specify units as such, reference KnollKey Lock Program.

Pulls

All drawer and door pulls are field installed. Finger Pull, 10" long; vertically positioned 1 1/8" below top edge of door; exceptions shown below.

Standard Pull Position

Pull positions on 71" high lockers standard except the following:

- Full Door: 11 5/8" below top edge of door
- Double Door locker, top door: 1 1/8" above bottom edge of door
- Triple Door locker, top door: 11 1/8" below top edge of door

Locker Shelf Positions

Height	42"	42"	50"	50"	57"	57"	64"	64"	64"	71"	71"	71"	71"
Configuration	Open	Full Door	Open	Full Door	Open	Full Door	Open	Full Door	Double Door	Open	Full Door	Double Door	Triple Door
Number of shelves included standard	2	1	2	1*	3	1*	3	1	0	3	1	0	0
Total shelf positions predrilled	2	2	3	3*	3	3*	3	3	2**	5	5	4***	3**

* Middle shelf position can only accept a partial-depth shelf

** One shelf position per interior section

*** Two shelf positions per interior section

Locker Coat Hook and Coat Rod specifications

Locker with coat hook factory-installed

Sample pattern number: WL5724FHRHL(N)

Locker, Full Door, including coat hook

Includes:

- One full-depth shelf
- Coat hook, factory-installed, see hook location details below

Also shown:

- Two partial-depth shelves **(must be specified separately)**
- Locker top **(must be specified separately)**

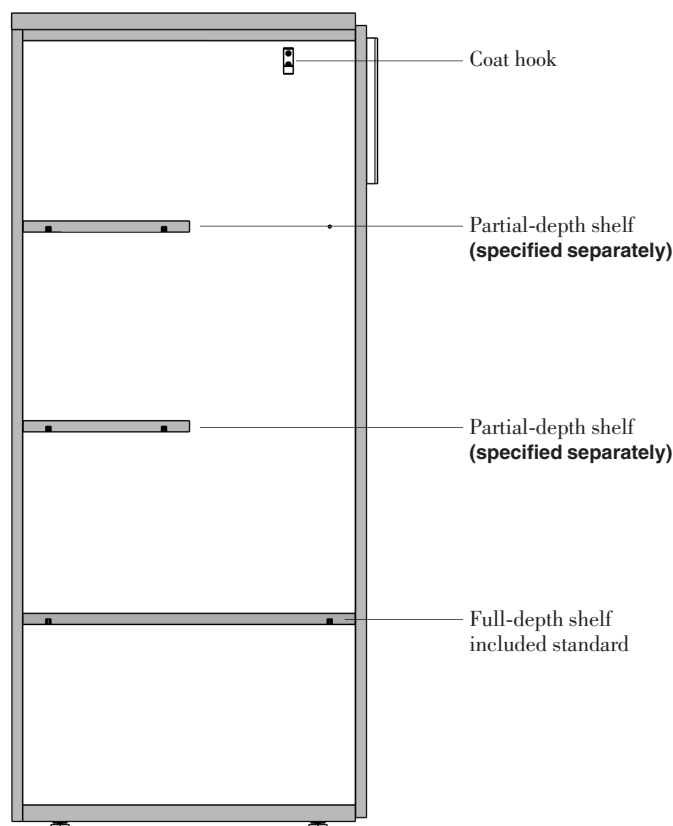

This configuration allows for storage shelves at the back of the locker and coat storage at the front of the locker to maximize internal space.

To specify a locker with custom coat hook location:

- Locker (not including a hook) - sample pattern number WL5724FDRHL(N)
- Coat hook (pattern number WACH); field-installed
- Locker top specified separately

To specify a locker with a coat rod:

- Locker (not including a hook) - sample pattern number WL5724FDRHL(N)
- Coat rod (pattern number WLCR); field-installed
- Locker top specified separately

Locker cross-section

Coat hook standard location:

Coat hook is located on the same side panel as the door hinges.

3 1/2" (on center) from front edge of 20" deep locker case

5 5/8" (on center) from front edge of 24" deep locker case

1/2" below inner top (42", 50", 57", 64" high lockers)

1/2" below top shelf location (71" high locker)

Order Code

Locker Top, 12W x 20D

Example: **WLT1220L**

WLT Anchor Locker Top

12 12" Wide

20 20" Deep

L Laminate

(118) Finish, Bright White

Specification Information

For use with Anchor Lockers only.

Edgebanding preselected to match or coordinate with laminate, see "Finish Options" page for further details.

Back-to-back tops are designed to be used over lockers of the same depth, positioned back-to-back flush with no gap.

Application Notes

Locker tops are 19" and 23" deep nominal.

Locker tops include hardware kit to secure to locker.
Common locker tops include hardware to gang lockers together. Individual tops do not include ganging hardware.

Application Notes

description	finish	pattern no.	list
Coat Hook, side mount 	Anodized Silver	WACH	\$37.
Coat Rod, side mount	Chrome	WLCR12	28.
Coat Rod, top mount 	Chrome	WLCRTM12	51.
L-bracket for side-mounted work surface 20" and 24" deep (nominal) 	Black	WLLB	43.
Programming key for digital keypad and RFID lock	yellow	WDKEYP	252.
Manager key for digital keypad and RFID lock	black	WDKEYM	183.
User key for digital keypad and RFID lock	n/a	WDKEYU	81.

Order Information	Order Code	Specification Information	Application Notes
		<p>Programming and manager key(s) must be specified for lockers with digital keypad locks. See specification page for further details.</p> <p>User key for digital keypad and RFID locks is an optional key available for users who are unable to use a keypad or card reader function. User key is not required to use digital keypad or RFID lock system.</p>	WLLB L-bracket allows for a work surface to be mounted to the side of a locker (of matching depth).

Wall Mounting Suggestions

The following information is provided only as a guide, and represents minimum recommendations only. Knoll does not accept responsibility for the attachment of any Knoll product to a Customer's site wall. Wall specification/construction is the responsibility of the Customer and its structural engineer/architect. Failure to properly attach Knoll products to adequate wall structures can lead to property damage and/or personal injury.

You should consult your own structural engineers and/or architects and must not rely on the information provided herein.

It is the responsibility of the Customer and its structural engineers/architects to verify that the permanent structural walls (studs, blocks, solid masonry, etc.) on which the Knoll products are intended to be mounted are designed appropriately to support the product weight, PLUS 3 lbs. per linear inch for each useable shelf length

NOTE: A cabinet's top is considered a "useable shelf" and MUST be included in the calculation of the total load for an overhead cabinet.

It is the responsibility of the Customer and its structural engineer/architects to specify the fasteners and method for attaching the Knoll supplied wall mounting cleat, bracket, frame, etc. to the supporting wall and to confirm that the installers have adhered to these specifications. For all local building standards and codes, and additional requirements (including, but not limited to, seismic conditions) the Customer should always consult local code agencies.

		EXISTING CONSTRUCTION				
	NEW CONSTRUCTION	Cinder Block or Poured Concrete Masonry Wall	Wood Stud Wall, the studs being FULL HEIGHT to the roof/floor above	Wood Stud Wall, the studs being only Ceiling Height	Steel Stud Wall, the studs being FULL HEIGHT to the roof/floor above	Steel Stud Wall, the studs being only Ceiling Height
Stud Specification	Wood studs, grade #2 or better, 3 1/2" minimum width, OR Metal studs, minimum 25 gage thickness, 3 5/8" minimum width	The wall must be a minimum of 6" thick, and must be full height to the roof/ floor structure above	Wood studs must be Grade #2, or better, 3 1/2" minimum width	Wood studs must be Grade #2, or better, 3 1/2" minimum width	Metal studs must be minimum 25 gage thickness, 3 5/8" minimum width	Metal studs must be minimum 25 gage thickness, 3 5/8" minimum width
Stud Centers	Metal and wood studs must be spaced at 16" c/c maximum	N/A	Wood studs must be spaced at 16" c/c maximum	Wood studs must be spaced at 16" c/c maximum	Metal studs must be spaced at 16" c/c maximum	Metal studs must be spaced at 16" c/c maximum
Stud Height	Metal and wood studs must extend upwards, and be securely attached to the roof/ floor structure above			Wood studs must be braced above the ceiling, and be securely attached to the roof/floor structure above Affix #2 grade 'cap' across the top of the studs, then place diagonal studs from the top cap up to underside of the roof/ floor structure above		Metal studs must be braced above the ceiling, and be securely attached to the roof/floor structure above Affix metal bracing 'cap' across the top of the studs, then place diagonal studs from the top cap up to underside of the roof / floor structure above
Mounting the Knoll Supplied Cleat, Bracket, Frame, etc*	Insert a 2" X 6" wood block, #2 grade or better, [or a Danback™ flexible wood backing system] horizontally between each of the studs to accommodate the full width of the cabinet, and beyond to the next stud. Fasten the wood block to each stud using three screws at the ends of each block. (Fasten the Danback™ as directed by the manufacturer) Fasten the Knoll supplied wall mounting cleat, bracket, frame, etc directly to each wood block every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wood blocking every 6", and fasten the lower horizontal element to each wall stud, using one fastener per stud.	Fasten the Knoll supplied cabinet wall mounting cleat, bracket, frame, etc. directly to the masonry wall every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wall every 6", and fasten the lower horizontal element to the wall every 16"	In the desired location of the cabinet mounting rail, remove an 8" high section of drywall the width of the cabinet, and beyond to the next stud. Insert a 2" X 6" wood block, #2 grade or better, horizontally between each of the exposed studs. Fasten the wood block to each stud using three screws at the ends of each block. Replace the drywall and repair as desired. Fasten the Knoll supplied wall mounting cleat, rail, frame, etc directly to the wood block every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wood blocking every 6", and fasten the lower horizontal element to each wall stud, using one fastener per stud.	In the desired location of the cabinet mounting rail, remove an 8" high section of drywall the width of the cabinet, and beyond to the next stud. Insert a 2" X 6" wood block, #2 grade or better, horizontally between each of the exposed studs. Fasten the wood block to each stud using three screws at the ends of each block. Replace the drywall and repair as desired. Fasten the Knoll supplied wall mounting cleat, rail, frame, etc directly to the wood block every 6" For wall mounting structures that have a rectangular frame-like configuration: fasten the top horizontal element of the frame to the wood blocking every 6", and fasten the lower horizontal element to each wall stud, using one fastener per stud.	In the desired location of the cabinet mounting rail, remove an 8" high section of drywall the width of the cabinet, and beyond to the next stud. Selling Policy

	<p>This Selling Policy supercedes all previous selling policies. Prices, discounts and product offerings are subject to change without notice.</p>
Terms & Conditions of Sales	<p>Sales by Knoll, Inc. or Knoll North America Corp. ("Seller") of Knoll Product Lines (hereinafter "Products") within the United States and Canada are made only on the terms which are contained in this Selling Policy. Seller hereby gives notice of its objection to any different or additional terms and conditions. This sale is expressly conditional upon Purchaser's assent to the terms and conditions set forth below. Additional terms and conditions may apply to KnollStudio and KnollTextiles orders. These terms and conditions may be modified or supplemented only by a written document signed by an authorized representative of Seller. These terms and conditions supercede any prior and/or contemporaneous agreements or correspondence between Purchaser and Seller. Written quotations expire thirty (30) days from the date of issuance and can be withdrawn by written notice anytime during that period. Where Purchaser and Seller have entered into the Knoll Electronic Terms and Conditions, all orders, acknowledgements, invoices and other business communications placed or transmitted in accordance with the Knoll Electronic Terms and Conditions shall be deemed to be in writing and signed and shall be valid for all purposes as if they were originated and maintained in documentary form.</p>
Ordering Information	<p>All orders must be in writing. The product pattern number(s) contained on Seller's order acknowledgement shall be the final expression of the order.</p>
Order Confirmation	<p>A purchase order is not binding on Seller until Purchaser has received Seller's order confirmation or acknowledgment.</p>
Pricing Policies	<p>List prices are subject to change without notice.</p> <p>List prices shall be those prices in effect on the date of receipt of a complete purchase order unless shipment is requested more than ninety (90) days after order entry in which case prices in effect on the date of shipment apply. List prices include specified freight costs. Unless specified in writing by Seller, no other charges are included in Seller's list prices.</p>
Taxes	<p>All sales, use, excise and other taxes applicable to the sale of the Products shall be paid by Purchaser. If Purchaser claims an exemption from any tax, Purchaser shall submit to Seller the appropriate exemption certificates.</p>
Terms of Payment	<p>Payment for one hundred percent (100%) of the net order amount is due within thirty (30) days of the date of invoice, which is generally issued upon shipment. In case of any discrepancies, such as shortages, and Seller is notified in writing within ten (10) days of receipt of Product, only that portion may be deducted and the balance paid. For orders greater than \$100,000 net, a fifty percent (50%) deposit is due at the time of order placement, with the remainder due within thirty (30) days of the date of invoice.</p> <p>KnollStudio orders less than \$2,000 require payment for one hundred percent (100%) of the net order amount (including any applicable sales tax and charges for inside delivery, special packaging, etc.), due at time of order placement. For KnollStudio orders greater than \$2,000, a one-half (50%) deposit is due at time of order placement with the remainder (including any applicable sales tax and charges for inside delivery, special packaging, etc.) due prior to shipment.</p> <p>If, in the judgment of Seller, Purchaser's financial condition does not justify the terms of the payment, Seller may require full or partial payment in advance.</p> <p>Past due accounts shall be charged one and one-half percent (1.5%) per month, or the highest rate permitted by law, whichever is less, and will be added to the outstanding balance. In the event Purchaser defaults on payment, Purchaser shall be liable for all collection costs, including reasonable attorney's fees and costs.</p>
Changes and Cancellation	<p>Purchase orders may not be changed or cancelled, in whole or in part, without prior written consent of Seller. Changes may effect delivery dates. Expenses incurred because of changes shall be charged to Purchaser. In the event of cancellations, Purchaser will be liable for reasonable cancellation charges established by Seller. Orders for special Product, orders including "COM" (hereinafter defined) material and orders pursuant to expedited delivery programs, may not be canceled.</p>
Freight Prepaid	<p>Freight is prepaid and included in the price of all Products, except KnollTextiles, within the 48 contiguous United States for orders placed with Knoll, Inc. and within Canada, excluding the Yukon, Northwest Territories, Nunavut and Newfoundland for orders placed with Knoll North America Corp. Packing is tested for rigorous motion and transportation but is not guaranteed to protect furniture from all conditions. If special packaging is required for any reason, please consult with your sales representative or dealer. Seller shall select the method of shipment and routing. Freight for all KnollTextiles orders is prepaid and added to the invoice.</p>
Delivery/Freight Charges	<p>Shipments outside the contiguous 48 United States and Canada shall be shipped F.O.B. Origin.</p> <p>For shipments outside the contiguous United States and Canada, Purchaser is responsible for the cost of freight from point of embarkation, including any handling and transportation charges incidental to loading at the point of departure and unloading at the final destination.</p> <p>Conditions beyond the control of Seller, including weather, available facilities and traffic conditions, may affect exact time of delivery. Seller shall not be responsible for specific carrier delivery date or time unless it has made a specific delivery commitment, in writing.</p> <p>Nonstandard methods of shipment and/or additional services are available upon request. Purchaser will be billed for the differential cost of any special services in excess of standard surface carrier freight costs. Premium charges, at Purchaser's request, will be added for airfreight, exclusive use of vehicle and extra, export or special packaging. Accessorial charges will be added for inside delivery, extra labor, reconsignment and redelivery.</p> <p>Partial shipments may be made and invoiced by Seller.</p>
Claims	<p>All shipments for Knoll Products within the contiguous United States and Canada are F.O.B. Origin. All risk of loss passes to Purchaser at time of delivery to carrier. Purchaser shall inspect all Products upon receipt and notify Seller within ten (10) working days after receipt of any damage or defects which are, or should be, apparent from an inspection of the Product and its packaging. Failure of Purchaser to notify Seller during the ten (10) working day period shall constitute acceptance of the Products and waiver of any apparent defects, errors or shortages. For all claims relating to Product damaged in transit or for any other claims relating to or arising out of the transportation of the Product, Purchaser must seek recovery from the carrier and Seller has no liability to Purchaser for such claims. Seller may, upon request, assist Purchaser with filing of such claims with the carrier, but Seller will not be liable for any of these transportation related claims.</p>
Seller's Security Interest	<p>Until Seller receives the full payment for the Product, Seller shall have a security interest in the Product. Purchaser agrees to perform all acts, including but not limited to the execution and filing of documentation, which may be necessary to perfect and assure the security interest of Seller.</p>
Returns	<p>The return of Products without a written authorization by Seller shall not be accepted. To receive authorization for Product return, please call Customer Service. All Products that are returned pursuant to a valid authorization shall be subject to a twenty-five percent (25%) of list restocking charge. Products not currently offered for sale by Seller (including COM) shall not be authorized for return. All returned Products must be unused, in original condition and in the original Seller packing cartons. No refund or credit shall be given for damaged Products.</p>
Held Orders/Storage	<p>If Purchaser requests that an order be held or delayed, prices and terms and conditions in effect at the time of shipment shall apply. If Purchaser requests a delay after the time when Seller can defer production, Purchaser will be invoiced for the Product, payable in accordance with standard terms, when the order is ready for shipment. Seller may transfer the Product to storage, in which case all expenses incurred in connection with storage, including demurrage, preparation for storage, storage charges and handling shall be payable by Purchaser upon submission of invoices by Seller. Risk of loss to the Product shall pass to the Purchaser upon delivery of the Product into storage.</p>

Selling Policy

Customer's Own Material	<p>A Purchaser who requests a fabric or other surface material not standard to Seller's line of Products ("COM") must submit samples of the requested material to Seller prior to entry of a purchaser order. Seller shall determine if the material is suitable to its manufacturing processes and meets any requirements of Underwriters Laboratories. If the COM is acceptable, Seller will then establish a price for using the COM or the Product in question. For a description of the procedures for submitting samples and testing, contact customer resources or your sales representative. Seller shall have no responsibility for the appearance, condition, performance, durability, colorfastness or any other physical attribute of the COM. Purchaser shall indemnify and hold Seller harmless for any damages, injuries or losses arising out of or related to use of the COM on the Product.</p>
Warranty	<p>Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below.</p> <p>Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair).</p> <p>Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.</p> <p><i>Product and Period of Warranty</i></p> <p><i>Lifetime: Antenna Workspaces, AutoStrada, Calibre, Crinion Open Table, Currents, Dividends Horizon, Morrison, Reff Profiles laminate, Rockwell Unscripted, Series 2 Storage, Template and other non-wood components (except cascade edge worksurfaces, operational parts, controls, electrical, Lighting, Series 2 Veneer Front Storage, upholstery, textiles and leathers, special or custom products, see below)</i></p> <p><i>12 Years: Chadwick, Essentials Work Chairs, Generation by Knoll, k. task, Life, Moment, MultiGeneration by Knoll, ReGeneration by Knoll, Remix, and Toboggan seating (except seating upholstery, textiles, leathers and finishes, see below).</i></p> <p><i>10 Years: Anchor Storage except digital keypad lock, Antenna Workspaces, AutoStrada, Crinion Open Table, Dividends Horizon, Dividends Horizon Satellite Surfaces, Reff Profiles, Rockwell Unscripted, Template wood components, Series 2 Veneer Front Storage, cascade edge worksurfaces, Wood Casegoods (The Graham Collection) (except wood casegoods upholstered surfaces, see below), Reuter overheads, Reuter vertical storage, KnollExtra Sapper Monitor Arm Collection, Sapper XYZ Monitor Arm, Adjustable keyboard mechanisms and platforms, Communication Boards (except fabric board textiles, cork and FilzFelt, see below), Smokador collection (except leathers, see below), and Orchestra Universal Systems Accessories, k. lounge structural components, Tone Height-Adjustable Tables.</i></p> <p><i>5 Years: Operational parts, controls, electrical, Lighting (except light ballasts, bulbs and power supply, see below), special or custom product, wood veneer products and plywood, Currents handcrank, Interaction Counterforce, KnollStudio, Rockwell Unscripted wire bases, Spark Series seating structural elements, structural elements of all KnollStudio outdoor products including all Richard Schultz designed products, KnollExtra CPU storage and all universal storage drawers and Power Collection, k. stand (except changes in finish, see below).</i></p> <p><i>3 Years: Rockwell Unscripted upholstery (except textiles and leather), Office Seating upholstery, textiles, leathers and finishes. KnollStudio, outdoor product finishes, k. lounge upholstery and k. lounge fabric. Rockwell Unscripted fabric and accessories.</i></p> <p>This warranty does not apply to:</p> <ul style="list-style-type: none">• Damage caused by a carrier other than the Seller.• Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).• COM or other third party materials applied to Products.• Products not installed by or under the auspices of a Knoll Dealer.• Dramatic temperature variations or exposure to unusual conditions.• Changes in surface finishes, including colorfastness due to aging or exposure to light.• Except as specifically noted above, textiles and upholstery supplied by <i>KnollTextiles</i> and Spinneybeck FilzFelt (consult current price lists for applicable warranties). <p>Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.</p> <p>THE EXPRESS WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.</p> <p>The remedies provided above are the Purchaser's sole remedies for any failure of Seller to comply with its obligations regarding the workmanship of its Products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Seller, with respect to or arising out of the Product furnished hereunder.</p>
Delay/Force Majeure	<p>Seller shall not be liable for failure to perform or for delay in performance due to fire, flood, strike or other labor difficulty, act of God, act of any governmental authority or of the Purchaser, riot, embargo, fuel or energy shortage, wrecks or delay in transportation, inability to obtain necessary labor, materials or manufacturing facilities from usual sources or failure of suppliers to meet their contractual obligations, or due to any cause beyond its reasonable control. If any such event occurs, Seller may extend delivery dates by a period of time necessary to overcome the effect of such delay, allocate available Product or cancel any purchase order.</p>
Compliance with Law	<p>PURCHASER IS SOLELY RESPONSIBLE FOR COMPLIANCE WITH ALL APPLICABLE FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, REGULATIONS, RULES AND STANDARDS RELATING TO THE INSTALLATION, MAINTENANCE, USE AND OPERATION OF THE PRODUCTS.</p>
Patents	<p>Subject to the following provisions, Seller shall, at its own expense, defend or, at its option, settle any claim, suit or proceeding brought against the Purchaser, and/or its vendees, mediate and immediate, so far as based on an allegation that any Product or any part thereof furnished hereunder constitutes a direct or a contributory infringement of any claim of any patent of the United States or Canada. This obligation shall be effective only if Purchaser shall have made all payments then due hereunder and if Seller is notified promptly in writing and given authority, information and assistance for the defense of said claim, suit or proceeding. Seller shall pay all damages and costs awarded in such suit or proceedings so defended.</p> <p>The foregoing indemnity does not apply to the following:</p> <ul style="list-style-type: none">• Products supplied according to a design other than that of Seller, and which is required by the Purchaser.• Combination of the Product with another product not furnished hereunder unless Seller is a contributory infringer.• Any settlements of a suit or proceeding made without Seller's written consent.
Limitations of Liability	<p>SELLER, ITS CONTRACTORS, AUTHORIZED DEALERS AND SUBCONTRACTORS OR SUPPLIERS OF ANY TIER SHALL NOT BE LIABLE TO PURCHASER FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF THIS AGREEMENT.</p> <p>Purchaser's remedies set forth herein are exclusive and the liability of Seller with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the Product or part on which such liability is based.</p>

KnollKey Lock Program

KnollKey Lock Program General Information

Following is the KnollKey lock policy, applicable to all products.

Knoll furniture can be ordered keyed-alike or random keyed. Key-alike and random keying instructions cannot be mixed on any single order. Only one of the two instructions can be used on an individual order. When an order is submitted with mixed (key-alike and random) instructions, Knoll will release the order as key-alike only and lock cores will have to be specified separately.

Key-alike

For the convenience of the user, furniture may be keyed alike at no charge. Write "Key-alike" in the description of your purchase order for any pedestal, overhead, file or other item you wish to have keyed alike.

Using the key-alike instructions, order cores and keys as line items on your purchase order. Do NOT submit a key-alike form. The Knoll East Greenville Lock Center will select key numbers from the standard range of K 001 - K 250. Key numbers will not be repeated unless over 250 sets are ordered. Lock cores keyed-alike will ship separately from the product, ready for field installation.

There is no charge for key-alike orders if placed with the furniture order.

IF THE KEY-ALIKE ORDER IS NOT PLACED AT LEAST TWO WEEKS PRIOR TO THE FURNITURE SHIP DATE, A \$50 HANDLING CHARGE AND AIR FREIGHT CHARGES WILL APPLY.

If product is ordered and shipped random-keyed, additional lock cores for key-alike are billable.

Random-Keying

To specify product keyed-random, write "key-random" in the product description. Random-keyed product is shipped with the lock core factory installed. A shrouded key is included. Random means no effort has been made to match key numbers, or to make them different.

Keys

A Knoll shrouded key is shipped with every lock core. 250 Key numbers are available. For numbers above 250, contact Custom Product Development. Additional keys and key blanks are available. See service parts for more information.

Master Keying

Knoll locks can be controlled by means of a master key. There is no additional per-lock charge for master keying. A letter of approval from the client must accompany orders for master keys.

Installing Lock Cores

Lock cores can be installed or removed in the field by using a change key. Cores must be in the unlocked position to be removed. See service parts for change key pattern number and pricing.

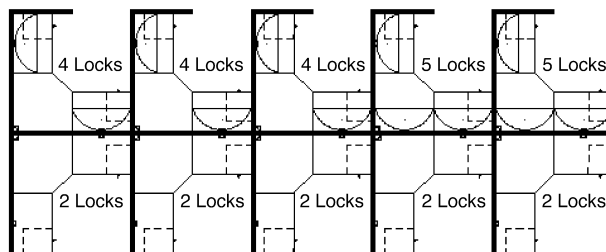

Lock Distribution

All orders for key-alike lock cores/keys are packaged and shipped from the East Greenville Lock Center, regardless of where the pedestals, overhead, or other units are produced. Random keyed product will have cores factory-installed.

How to Specify Key-Alike

Following is an example of how to specify key-alike for a cluster of 10 workstations.

Step 1 - Using the project floorplan, count the number of locks in each workstation.

Step 2 - Count the number of workstations with the same quantity of locks. Group together the workstations with a like number of locks.

5 workstations with 2 locks per station
3 workstations with 4 locks per station
2 workstations with 5 locks per station

Step 3 - For the first group (5 sets of 2 locks), enter the number of workstations in the quantity column.

Qty	Pattern #	Description	Unit List	Ext. List
5				

Step 4 - Then enter the pattern number "KSPEC_ _" and add a suffix for the number of locks for that group (i.e., for 2 locks per station, add the suffix "2"). Up to 30 lock cores are available in a set (i.e., KSPEC 30).

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C

Step 5 - Repeat for other groups.

Qty	Pattern #	Description	Unit List	Ext. List
5	KSPEC 2	Set of 2 cores/keys	N / C	N / C
3	KSPEC 4	Set of 4 cores/keys	N / C	N / C
2	KSPEC 5	Set of 5 cores/keys	N / C	N / C

Your Key instructions are complete.

Knoll will select key numbers for each set from 250 available numbers. Additional key numbers are available through Custom Product Development. **For additions to existing installations, specify desired key numbers in the description.**

Service Parts

Pattern #	Description	List Price
KKEY_ _ _	Shrouded Key Specify key number desired	\$10
KBLANK	Shrouded Key Blank	\$10
KSPECB_ _ _	Retrofit Universal Core/Key Specify key number desired	\$22
KCHANGE	Change Key	\$10
HLKRKMASTER*	Master Key	\$10

*Note: A letter of approval on company letterhead from the client must accompany all orders for master keys.

General Ordering Information

The Products

This guide encompasses all standard products for this product group.

Sizes

Dimensions listed in this guide are indicated as:

H = height

W = width

D = depth

Dia. = diameter

Rad. = radius

Pricing

All prices shown are list.

How to Order

Select pattern numbers and quantities required for your complete installation. Product questions can be addressed in the specific sections of this guide or by contacting your sales representative or customer resource representative at 1-800-343-5665.

Next, select options (if required), along with colors and finishes appropriate to each product. Reference the Finishes and Fabrics pages for color designations.

On large installations, an item's "designated area" can be specified to assist in product organization and handling.

To expedite complete / correct entry of your order, be certain all pattern numbers, quantities, colors and area identifications are completely specified. Also, include complete purchase order numbers, bill-to and ship-to addresses, a contact name and specific factory shipping dates required.

Mail all orders to:

Knoll, Inc.
1235 Water Street
P.O. Box 157
East Greenville, PA 18041
Attention: Order Entry

Once your order is entered at Knoll, an acknowledgment will be mailed to you. You will be advised of your scheduled shipping date within five days of the original acknowledgment. If it is necessary to revise your order, please contact your customer resource representative.

Sustainability Statement

Sustainable design is a key component of Knoll's environmental focus. Our commitment to social responsibility and a healthy environment has prompted us to further articulate our longstanding environmental programs and, with encouragement and support from our colleagues in the industry, we have re-energized our focus on such "green" initiatives as life cycle analysis and LEED™ certification. Knoll is proud to have contributed to projects that have received LEED certification from the U.S. Green Building Council.

For the latest information on Knoll products that help our customers achieve LEED certification, log on to knoll.com, click on "About Knoll" and then "Environmental Focus."
