

Warranty

This warranty is subject to the Warranty Terms and Conditions provided at the end of this document and applies only to the Milliken Moisture Extreme Aerosol Adhesive product sold by Milliken. Details about the test methods supporting this warranty are available upon request.

LIMITED WARRANTY:

Milliken warrants that the Milliken Moisture Extreme Spray Adhesive, when used with current Milliken modular carpet with Comfort Plus® or Underscore™ backing systems*, will form a bond that provides tack and resistance to lateral movement while allowing for the removal of the modular carpet in high moisture slab conditions with no limit on relative humidity as long as there is no visible water on the slab surface for the Lifetime of the original carpet installation.

For newly poured concrete slabs the use of the adhesive product must be 45 days after the slab has been poured. On grade concrete slab new pours require the use of an ASTM E-1745 Class B minimum vapor retarder placed in accordance with ACI 302-2001 and directly in contact with concrete placement. The substrate must be visibly dry for both newly poured and existing on and above grade slabs. If the concrete slab is experiencing hydrostatic pressure, or the slab surface is visibly wet, the slab should be treated by some other method and is not covered by this warranty.

**Other modular carpet backing systems may be qualified. Contact Milliken at the number below for information on cost for qualification.*

WARRANTY TERMS AND CONDITIONS:

The following terms and conditions (the "Warranty Terms and Conditions") apply to the warranty made by Milliken & Company ("Milliken") for Milliken Moisture Extreme Spray Adhesive for use with modular carpet. These Warranty Terms and Conditions and related warranty do not apply to non-commercial installations.

The warranty provided herein is in lieu of any and all other warranties, express or implied, including but not limited to implied warranties of merchantability and fitness for a particular purpose. This warranty is subject to the limitations and exclusions set forth in these Warranty Terms and Conditions and in the individual warranty. The warranty only applies to use of the Milliken Moisture Extreme Aerosol Adhesive product in carpet installations when bond testing, substrate preparation, adhesive application and carpet installation have all be performed in accordance with the requirements and instructions set forth on the product label, the product specification sheet, Milliken's then current published instructions for installation of modular carpet (which are specific for each carpet product), and the then current Carpet and Rug Institute publication CRI 104 (collectively, the "Documentation"). Furthermore, the carpet installation must be in an indoor commercial environment. The warranty shall not apply (i) to installations on substrates that were not prepared as instructed in the Documentation; (ii) to installations where silicates or other sealers or curing additives have been used on the substrate; (iii) to installations over substrates where hydrostatic pressure exists; (iv) when the claimant does not have written and photographic documentation of the bond testing conducted prior to the installation; (v) to installation failures due to outside sources of water; (vi) to installations taken up or replaced prior to inspection by authorized Milliken personnel; (vii) to installations with chemically cleaned substrates, where improper cleaning methods have been used, or where adhesive removed have been applied; (viii) to installations using incompatible curing compounds, mold release agents, or non-Portland cement based leveling or patch compounds; (ix) to failure of leveling or patch

compounds of any kind; (x) to damage caused by expansion joints or other structural areas; (xi) to structural failure, seismic action, discoloration, caustic solutions entering the system topically through joints; or (xii) where the adhesive product was allowed to freeze prior to use. In no event shall Milliken be liable for incidental or consequential damages, whether in contract, warranty, negligence, strict liability, or otherwise.

The substrate must be visibly dry for both newly poured and existing on and above grade slabs. This warranty does not include responsibility for effects to the applied floor coverings due to exposure to conditions for which they were not designed or for improper installation of the floor covering material, defective floor covering material or problems associated with substrate preparation or imperfections, staining due to mold, mildew or bacterial growth, or any other discoloration of the floor covering material, improper maintenance, differences in color between flooring products and samples or photographs, or inappropriate end-user activities. For the warranty to be valid, the adhesive product should be used only for the purposes stated on the product description and be used within three years of the date of manufacture and be applied in accordance with the product application instructions. Any other products used in conjunction with the adhesive product are required to be certified compatible.

Purchaser is required to maintain written and photographic documentation of bond testing and any corrective action required. Any installation problems or claims associated with the use of any type of underlayment product should be directed to the underlayment manufacturer or to those responsible for its application.

Warranty periods, whatever the length and wherever referenced in this document, begin at the date of the applicable invoice.

Purchaser's exclusive remedy for any and all losses or damages resulting from a breach of warranty shall be the repair or replacement of the adhesive and, if required, the modular carpet in the affected area, as determined by Milliken in its sole discretion. The selected remedy shall reflect the previous usage of the carpet and may take the form of credit toward future purchases. This shall be the purchaser's sole remedy. If replacement is chosen by Milliken as the appropriate remedy, Milliken will not be responsible for additional expenses including but not limited to: (i) labor, (ii) the removal of furniture, partitions, temporary walls and the like which are located on, above, or around the installation, or (iii) any ancillary fees or costs, including, but not limited to building charges for use of elevators, air conditioning, utilities, after hours access or charges for freight, shipping or handling. These additional expenses shall be borne by the purchaser. If any modular carpet is replaced as part of the remedy, the replacement will be made with a current, comparable Milliken carpet.

Warranty coverage is limited to the original purchaser of the adhesive product (which includes anyone purchasing through a dealer), and is not transferable. Milliken requires the original sales receipt or other documentation as proof of warranty coverage.

"Lifetime" is defined as the period of time that the original purchaser of the original carpet installed with the adhesive product chooses to keep the carpet on the floor at the original installation site. Lifetime warranties only apply to adhesive product purchased after November 4, 2016.

OBLIGATIONS OF PURCHASER-OWNER:

1. Purchaser/Owner must submit notice of all claims under this warranty within the warranty period and comply with any other obligations under the warranty.
2. Claims must be submitted in writing and delivered to your Milliken Sales Representative:

-
3. All areas in which adhesive is to be replaced must be cleared of all furnishings and other items or materials that had been installed over the adhesive, other than the carpet, at Purchaser/Owner's expense.

4. For information about your Milliken Sales Representative or for answers to questions about the warranties and/or test procedures supporting these warranties please contact Milliken at:
Phone number: 1-800-528-8453 (Option 2 @ prompt for Quality Assurance)

OBLIGATIONS OF MILLIKEN:

Milliken will, within ten (10) business days of receipt of such written notice, designate a representative to promptly respond and arrange an inspection of the installation.
