Steelcase

Product Environmental Profile – media:scape®

Environmental Attributes

Product Category — System Solutions: Collaborative Solutions

Certifications — SCS Indoor Advantage™ certified for indoor air quality in North America

(excludes wood veneer options)

level® 2 certified to ANSI/BIFMA e3 standard

LEED Contribution — Recycled content

Regional materials

Low -Emitting materials

Daylight and views

Innovation in design

Sustainable purchasing

Environmental Facts — 77% recyclable

45% recycled content

Recycled Content Summary

Total Weight (lbs) 642.5 - Stool-Height Table with Attached Totem

Recycled Content (lbs)	291.6	Recycled Content	45%
Post Consumer (lbs)	122.0	Post Consumer	19%
Pre Consumer (lbs)	169.5	Pre Consumer	26%
Recyclable Content (lbs)	493.0	Recyclable Content	77%

Disclaimer

Numbers may vary based on model and options selected. Calculations based on style number MTSL7860T of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Steelcase Product Environmental Profile – media:scape®

Program	Category	Item	Contribution	
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED- CI)	Materials & Resources	MR 4 (recycled content)	Post-consumer (19%) + ½ pre-consumer (26%) = 32.2%.	
	Materials & Resources	MR 5 (regional materials)	media:scape $^{\$}$ is assembled in Grand Rapids, MI. Worksurfaces are assembled in Oconomowoc, WI. Projects \leq 500 miles from these locations qualify.	
	Innovation & Design	ID 1 (innovation in design – ergonomic strategy)	This product may contribute to the requirements of providing machine, equipment, tools, work aids (METWA's), furnishings and accessories that reduce the risk of work related musculoskeletal disorders.	
	Indoor Environmental Quality	IEQ 4.5 (low emitting materials)	media:scape [®] is SCS Indoor Advantage [™] certified for indoor air quality in North America. (excludes wood veneer options)	
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-School)	Materials & Resources	MR 4 (recycled content)	Post-consumer (19%) + ½ pre-consumer (26%) = 32.2%.	
	Indoor Environmental Quality	IEQ 4.5 (low emitting materials)	These standards do not currently include furniture in the IEQ credit; however USGBC has allowed equivalent credit for furniture/furnishings when submitted as an Innovation and Design credit.	
	Indoor Environmental Quality	IEQ 8.1 & 8.2 (daylight and views)	Steelcase offers a range of products and application thought starters to assist customers in achieving these credits.	
	Innovation & Design	ID 1 (innovation in design – ergonomic strategy)	This product may contribute to the requirements of providing machine, equipment, tools, work aids (METWA's), furnishings and accessories that reduce the risk of work related musculoskeletal disorders.	
LEED-OPERATION & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.2 (sustainable purchasing – durable goods)	Exceeds the \geq 10% post consumer or \geq 20% preconsumer criteria.	

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.
