Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table. The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 6, 2017, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest 1/8". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon  will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an  are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Round Foldaway Table

CP310.

Product Information

Description

This 3/4"-thick, 29"-high table has a laminate or veneer surface with a plywood edge. It has 2 folding sides, a center opening for wire management, and 4 painted legs with 2 locking and 2 non-locking black casters. The table supports collaborative work activities and can be used with other tables for larger conference areas. It can also be used as a secondary surface within a workstation.

Notes

Storage and keyboard support products cannot mount under table.
Round foldaway table can be configured with other foldaway table shapes.

Kotatsu Work Table

CP330.

Product Information
Description
This 20"-high table has a 3/4"-thick laminate surface with a plywood edge. The molded plywood understructure is natural maple. The table is 31 1/2" deep x 47" wide and has an integrated lower shelf for storage. It can be specified with 3 separate cutouts in the top surface; 2 square cutouts and 1 rectangular cutout. The cutouts are 3/4" deep and hold pens and pencils, cell phones, clips, and other small items. The table has 4 painted legs with 1/2" adjustable silver glides. The table can be used for informal meetings or used in a sitting area.
Notes
Storage and keyboard support products cannot mount under table. Optional cutouts match laminate finish.

Idea Exchange Center

CP810.

Product Information

Description

This 3-paneled center is 72" high x 141" wide and provides a collaborative workspace for exchanging ideas. It has stationary vertical posts and 1-sided magnetic marker boards. The end panels are at 135° angles. All 3 panels include a tray for markers, erasers, idea boards, and other materials. 6 clip/hooks are included to hang pads of paper or to hang tackboards.

Notes

Vertical posts can be adjusted to accommodate uneven floors.

Back finishes have a translucent plastic covering the laminate. Back side of panels cannot be used as a marker board.

Order idea exchange center accessories separately:

- Clip/hook (CP891.)

Mobile Easel

CP820.

Product Information

Description

This dual-sided easel has markable display surfaces on each side; the markable surface can be specified as magnetic or non-magnetic. A ledge is included on each side for markers and erasers. The easel has clip/hooks to hang pads of paper; clip/hooks can be positioned anywhere along the top rail. The easel can be specified with an optional laminate or veneer shelf. The shelf has a plywood edge and includes an organizer tray; 1 tray is included with the 30"-wide easel and 2 trays are included with the 60"-wide easel. The easel has 4 dual-wheel black casters; 2 are locking and 2 are non-locking.

Notes

Actual width for 30"-wide easel is 33 1/4"; actual width for the 60"-wide easel is 62".

Order mobile easel accessories separately:

Product Information

Description

This mobile screen creates divisions within an environment and provides vertical workspace. It is available in 2 heights: the 68"-high screen provides standing or seated privacy; the 54"-high screen provides seated privacy. The screen has 2 48"-wide panels on each side that connect with a hinge; this hinge adjusts the screen opening from 39° to 125°. The panels telescope in and out to accommodate a change in room or group size and to facilitate movement and storage. Bumpers are included on the inside of the hinge to prevent panels from touching when closed.

There are 4 screen combinations of marker boards, tackable fabric panels, and/or translucent panels for each screen height. The screen has casters; the 2 end panels have locking casters to limit movement of the screen. The frame is anodized aluminum.

Notes

Moving screen through doorway may require opening up the screen's angle.

Specify 2 panels on 1 side of screen from the hinged panel out; other side of screen is a mirror of specified side. See following chart:

Specify—Hinged Panels—End Panels

FF—fabric panel—fabric panel

TT—translucent panel—translucent panel

MM—marker board—marker board

MF—marker board—fabric panel

Screen specified with 4 fluted translucent panels (CP110.54TTFW and CP110.68TTFW) passes Class A fire code.

Screens cannot attach to each other or to other Herman Miller products. Items tacked on fabric panels do not need to be removed when screen is closed; items cannot exceed $\frac{3}{4}$ " thick.

Screen accepts Customer's Own Material (COM). For nondirectional, 54"-wide fabrics used on 54"-high panels, order minimum of $2\frac{3}{4}$ yards per fabric panel specified; for nondirectional, 66"-wide fabrics used on 68"-high panels, order minimum of $2\frac{3}{4}$ yards per fabric panel specified (see following chart). COM with rayon cannot be used on screen. For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

Height, Surface Material—Yardage

Product Information

Description

This 68"-high mobile screen provides standing or seated privacy, creates divisions within an environment, and provides vertical workspace. It has 3 48"-wide panels on each side that connect with a hinge; this hinge adjusts the screen opening from 24° to 125°. The panels telescope in and out to accommodate a change in room or group size and to facilitate movement and storage. Bumpers are included on the inside of the hinge to prevent panels from touching when closed.

There are 6 screen combinations of marker boards, tackable fabric panels, and/or translucent panels. The screen has casters; the 2 end panels have locking casters to limit movement of the screen. The frame is anodized aluminum.

Notes

Specify 3 panels on 1 side of screen from the hinged panel out; other side of screen is a mirror of specified side. See following chart:

Specify—Hinged Panels—Middle Panels—End Panels

Product Information

Description

This chair has a tubular frame and an upholstered-foam back and seat. It has a welt cord along the outside edge of the back and along the top edge of the seat. The back and seat can be specified with 1 or 2 fabrics, 1 or 2 leathers, or a combination of fabric and leather. The arms can be specified with 2 metal arms, 2 leather arms, 1 metal arm and 1 tablet arm, or 1 leather arm and 1 tablet arm. A chair with a tablet arm includes 2 casters on the front, 2 glides on the back, and a back handle for easy movement. The 2" casters are black nylon with double wheels. The oval tablet arms have a laminate or veneer surface and swivel 360°. A fire-retardant chair meets CAL 133 requirements; this chair is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

Chair is tested and warranted for use by persons 300 pounds and under.

When front casters (C) are specified, a back handle is included.

Following are planning considerations for back, seat, and arm materials:

- If 2 different fabrics are specified on back and seat, leather arms cannot be specified.
- If 2 different leathers are specified for back and seat, leather arms will match leather seat.
- For fabric back and leather seat, leather arms can be specified. Leather arms will match leather seat.
- For leather back and fabric seat, leather arms can be specified. Arms will match leather back.

For contrasting welt colors or for fabric and/or leather combinations not available as standard product, contact Herman Miller Options. Call (800) 654 3910 for more information.

Customer's Own Material (COM) and Customer's Own Leather (COL) require the following. See Order Information in Appendices for additional information.

Product Information

Description

This 2-seat sofa has a tubular frame and upholstered-foam backs and seats. It has a welt cord along the outside edge of the back and along the top edge of each seat. The back and seat can be specified with 1 or 2 fabrics, 1 or 2 leathers, or a combination of fabric and leather. The arms can be specified with 2 metal arms, 2 leather arms, 1 metal arm and 1 tablet arm, 1 leather arm and 1 tablet arm, or 2 tablet arms. A sofa with a tablet arm includes 2 casters on the front, 2 glides on the back, and 2 back handles for easy movement. The 2" casters are black nylon with double wheels. The oval tablet arms have a laminate or veneer surface and swivel 360°.

A fire-retardant sofa meets CAL 133 requirements; this sofa is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

Chair is tested and warranted for use by persons 300 pounds and under.
When front casters (C) are specified, 2 back handles are included.

Following are planning considerations for back, seat, and arm materials:

- If 2 different fabrics are specified on back and seat, leather arms cannot be specified.
- If 2 different leathers are specified for back and seat, leather arms will match leather seat.
- For fabric back and leather seat, leather arms can be specified. Leather arms will match leather seat.
- For leather back and fabric seat, leather arms can be specified. Arms will match leather back.

For contrasting welt colors or for fabric and/or leather combinations not available as standard product, contact Herman Miller Options. Call (800) 654 3910 for more information.

Customer's Own Material (COM) and Customer's Own Leather (COL) require the following. See Order Information in Appendices for additional information.

Type—COM—COL

Chair—6½ yards—117 square feet

Back only—5 yards—67 square feet

Seat only—5 yards—67 square feet

Product Information

Description

This 3-seat sofa has a tubular frame and upholstered-foam backs and seats. It has a welt cord along the outside edge of the back and along the top edge of each seat. The back and seat can be specified with 1 or 2 fabrics, 1 or 2 leathers, or a combination of fabric and leather. The arms can be specified with 2 metal arms, 2 leather arms, 1 metal arm and 1 tablet arm, 1 leather arm and 1 tablet arm, or 2 tablet arms. A sofa with a tablet arm includes 2 casters on the front, 2 glides on the back, and 2 back handles for easy movement. The 2" casters are black nylon with double wheels. The oval tablet arms have a laminate or veneer surface and swivel 360°.

A fire-retardant sofa meets CAL 133 requirements; this sofa is manufactured with cushions covered with a fire-barrier material and upholstered in approved fire-retardant fabrics.

Notes

Chair is tested and warranted for use by persons 300 pounds and under. When front casters (C) are specified, 2 back handles are included.

Following are planning considerations for back, seat, and arm materials:

- If 2 different fabrics are specified on back and seat, leather arms cannot be specified.
- If 2 different leathers are specified for back and seat, leather arms will match leather seat.
- For fabric back and leather seat, leather arms can be specified. Leather arms will match leather seat.
- For leather back and fabric seat, leather arms can be specified. Arms will match leather back.

For contrasting welt colors or for fabric and/or leather combinations not available as standard product, contact Herman Miller Options. Call (800) 654 3910 for more information.

Customer's Own Material (COM) and Customer's Own Leather (COL) require the following. See Order Information in Appendices for additional information.

Stacking Chair

WC410
WC420

Product Information

Description

This stacking chair has a tubular steel frame, a molded back that is perforated and contoured, and a 4-leg base with casters or glides. It has 2 seat options: the molded seat is perforated and contoured; the Flexnet™ seat is suspension material. Each chair is breathable and distributes the user's weight evenly. The chair is available with or without arms. All chairs meet CAL 133 requirements.

The chair is lightweight and mobile. The molded chair without arms weighs 9½ pounds and the Flexnet chair with arms weighs 11½ pounds. All styles of this chair can be stacked up to 6-chairs high on the floor and up to 15-chairs high on the Caper® cart. Each chair has a cutout in the back for easy movement.

Notes

Chair is tested and warranted for use by persons 300 pounds and under. Ganging stacking chairs (WC415 or WC425) can be stacked with armless stacking chairs (WC410N or WC420N) on the floor or on a Caper cart.

Caper chairs with installed storage basket will not stack. Order storage basket (WC6) separately.

Order optional Caper cart (WC904) separately.

Caper chairs are not recommended for outdoor use.

Glide color is predetermined based on arm finish/arm cap finish. For black (BK) and silver grey (SY), glides are black. For fog (63), glides are fog (63).

For information on casters and glides, see Casters and Glides in Appendices.

20-Day or Less/Assigned Lead-Time Order Information

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon  will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an  are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Passage®, 5000 Series, and Meridian® Filing and Storage: (616) 846 9236.

Order Entry fax number for all other products:
(616) 654 3085.

For more information, contact your Customer Care representative at:
(866) 854 3048 EXT 3400.

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Customer's Own Material Order Information — Workspaces

Customer's Own Material

Program Overview

The Customer's Own Material (COM) program gives you the option of using textiles other than those listed. Herman Miller will test textiles for application to Herman Miller products and will process orders for those with approved COM textiles only. COM textiles are on assigned lead times.

Omni lists an overview of fabrics that have been tested and indicates whether or not they were approved for application to Herman Miller products.

Specific information on the terms and conditions, testing, approval, and ordering process for COM is listed below. Questions about the COM program and requests for assistance may be directed to your COM representative at:

(616) 654 3400

(866) 854 3048 EXT 6543400

Customer's Own Material Warranty

Herman Miller does not warrant COM textiles. COM textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Customer's Own Material Pricing

COM is a Category 1 fabric. There are no application charges for COM fabrics.

Ordering and payment for COM textile yardage are the responsibility of the customer and the textile supplier.

If desired, Herman Miller will purchase COM textiles directly from True Textiles, C.F. Stinson, Luna Textiles, Maharam, and Momentum Textiles to simplify ordering and shipment. For this service, refer to the Supplier Connection program.

Application Note

Herman Miller does not guarantee that Customer's Own Material (COM) fabric patterns will align across panels/tiles or from one screen to the next. We also do not guarantee that COM fabric designs will be positioned consistently in the same location across several panels, tiles, or screens.

Textile Approval

1. Select a COM textile and a Herman Miller product.
2. If your textile is not listed in Omni, obtain a test number from a COM representative at (616) 654 3400. You can also submit your request within Omni. Please have the following information ready before calling: textile name, number, pattern, and the product you will apply it to.
3. Herman Miller will notify you of approval or disapproval within 4 days from receipt of the test yardage.

Ordering Products with COM

1. Refer to the specific products to determine the yardage required for COM textiles.
2. If your textile is not listed in Omni, call a COM representative at (616) 654 3400 or (866) 854 3048 EXT 6543400. The representative will assign an identification number for your textile (ID#) and will verify yardage requirements for your order.

Note: Yardage requirements are based on nondirectional, 54"-wide textiles. 66"-wide textiles are needed for application on 60"-wide products. Additional yardage may be needed due to the unique characteristics of a textile.

3. Enter your order on Order Manager in Omni.
4. Upon receipt of your purchase order, Herman Miller will send you a PO acknowledgment.
5. Arrangements must be made for the textiles to be shipped from the supplier to Herman Miller for application to the Herman Miller products. Textiles must be tagged with the assigned identification number and the roll yardage quantity. See Omni for shipping procedures and current shipping addresses or contact a COM representative at (616) 654 3400 or (866) 854 3048 EXT 6543400.

Products will be scheduled for production when COM textiles are received at Herman Miller. Standard lead times in effect at that time will apply.

Note: If textiles are to be purchased directly by Herman Miller through the Supplier Connection program, Herman Miller will handle the ordering and shipping process and will schedule your order for production upon receipt of your purchase order (dependent on textile availability). Refer to the Supplier Connection program for more information.

Supplier Connection

Program Overview

The Supplier Connection program is a service offered by Herman Miller to purchase approved COM textiles directly from True Textiles, C.F. Stinson, Luna Textiles, Maharam, and Momentum Textiles. When you select a textile through this program, Herman Miller will facilitate the ordering, scheduling, and shipment of the textile directly with the supplier.

Suppliers included in the Supplier Connection program keep an active inventory of textiles that are pre-approved for application to Herman Miller products. Pre-approval applies only to the suitability of a textile for manufacturing and application to a Herman Miller product. Omni provides an overview of fabrics that have been tested and indicates whether or not they were approved for application to Herman Miller products.

Specific information on the terms and conditions, testing, approval, and ordering process for the Supplier Connection program is listed below. Questions and requests for assistance may be directed to your COM representative at:
(616) 654 3400
(866) 854 3048 EXT 6543400

Supplier Connection Warranty

Textiles purchased by Herman Miller through the Supplier Connection program are COM and are not warranted by Herman Miller. COM textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.
Suppliers of COM textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Supplier Connection Pricing

Textiles purchased by Herman Miller through the Supplier Connection program are COM. COM is a Category 1 fabric. There are no application charges for COM fabrics.
Payment for textiles purchased by Herman Miller through the Supplier Connection program is the responsibility of the customer or dealer. Herman Miller will invoice the order at the supplier's prices published at the time of the order.

Textile Approval

1. Refer to Omni to identify the approval status of the textile. If your textile is not listed, contact the COM Department to request testing for application to Herman Miller products.
2. Herman Miller will notify you of approval or disapproval in approximately 4 days from receipt of the test yardage. If the textile is approved, it will be assigned a COM identification number.

Ordering Products with Supplier Connection COM

1. Identify and include the following information on your purchase order:
 - Product number and option
 - Herman Miller's COM identification number
2. Enter your order on Order Manager in Omni.
3. Upon receipt of the purchase order, Herman Miller will process your order and send you a PO acknowledgment. Herman Miller will determine the yardage required to produce your product and will order and schedule for delivery the required textile. Standard lead times in effect at the time the textile is allocated at the supplier will apply to products ordered through this program.

Fire Retardancy – Seating

Fire Retardancy

Fire-retardant chairs are manufactured with special cushions, cushions covered with fire-barrier material, and/or are upholstered in approved fire-retardant fabrics. These chairs meet California TB 133 requirements.

All foam, Proprietary Textiles, and Textile Alliance Program™ (TAP™) textiles on HermanMiller seating products comply with California TB 117-2013.

- Fabric meets code requirements.

FR To meet California TB 133 code requirements, fabrics must be applied to approved chairs identified with FR product numbers. To verify a fabric is approved for a specific chair, see the Fire-Retardant listing on the Seating Textiles Application Chart.

- 1 Balance 3512 carbon and 3513 black only available on Embody® FR chairs.
- 2 Rhythm 3014 black only available on Embody FR chairs.
- 3 Lyris 2 4W11 graphite only available on Setu® FR chairs.
- 4 Pellicle Classic 3Do1 graphite only available on Classic Aeron® FR chairs.

Customer's Own Material/Customer's Own Leather Order Information — Seating

Packaging

Packaging varies according to individual product. A surcharge may be added for special packaging requests. Contact Customer Care for specific information.

Customer's Own Material/Customer's Own Leather

Program Overview

The Customer's Own Material (COM) and Customer's Own Leather (COL) program gives you the option of using textiles other than those listed. Herman Miller will test textiles for application to Herman Miller products and will process orders for those with approved COM/COL textiles only. COM/COL are assigned lead-time textiles.

Omni lists an overview of fabrics and leathers that have been tested and indicates whether or not they were approved for application to Herman Miller products.

Specific information on the terms and conditions, testing, approval, and ordering process for COM/COL is listed below. Questions about the COM/COL program and requests for assistance may be directed to your COM representative at:

(616) 654 3400

(866) 854 3048 EXT 6543400

Customer's Own Material/Customer's Own Leather Warranty

Herman Miller does not warrant COM/COL textiles. COM/COL textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM/COL textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Customer's Own Material/Customer's Own Leather Pricing

COM is a Category 1 fabric. There are no application charges for COM fabrics. COL is a Category 7 textile; refer to prices on specific products to determine the application charge.

Ordering and payment for COM/COL textile yardage are the responsibility of the customer and the textile supplier.

If desired, Herman Miller will purchase COM textiles directly from True Textiles, C.F. Stinson, Luna Textiles, Maharam, and Momentum Textiles to simplify ordering and shipment. For this service, refer to the Supplier Connection program.

Textile Approval

1. Select a COM/COL textile and a Herman Miller product.
2. If your textile is not listed in Omni, obtain a test number from a COM representative at (616) 654 3400. You can also submit your request within Omni. Please have the following information ready before calling: textile name, number, pattern, roll width, and the product you will apply it to.

Additional yardage may be needed due to the unique characteristics of a textile. All package labels must include the words "COM test" or "COL test" and the assigned COM/COL test number.

3. Herman Miller will notify you of approval or disapproval within 4 days from receipt of the test yardage.

Ordering Products with COM/COL

1. Refer to the specific products to determine the yardage required for COM/COL textiles.
2. If your textile is not listed in Omni, call a COM representative at (616) 654 3400 or (866) 854 3048 EXT 6543400. The representative will assign an identification number for your textile (ID#) and will verify yardage requirements for your order. Additional yardage may be needed due to the unique characteristics of a textile.
3. Enter your order on Order Manager in Omni.
4. Upon receipt of your purchase order, Herman Miller will send you a PO acknowledgment.
5. Arrangements must be made for the textiles to be shipped from the supplier to Herman Miller for application to the seating products. Textiles must be tagged with the assigned identification number and the roll yardage quantity. See Omni for shipping procedures and current shipping addresses or contact a COM representative at (616) 654 3400 or (866) 854 3048 EXT 6543400.

Products will be scheduled for production when COM/COL textiles are received at Herman Miller. Standard lead times in effect at that time will apply.

Note: If textiles are to be purchased directly by Herman Miller through the Supplier Connection program, Herman Miller will handle the ordering and shipping process and will schedule your order for production upon receipt of your purchase order (dependent on textile availability). Refer to the Supplier Connection program for more information.

Supplier Connection

Program Overview

The Supplier Connection program is a service offered by Herman Miller to purchase approved COM textiles directly from True Textiles, C.F. Stinson, Luna Textiles, Maharam, and Momentum Textiles. When you select a textile through this program, Herman Miller will facilitate the ordering, scheduling, and shipment of the textile directly with the supplier.

Suppliers included in the Supplier Connection program keep an active inventory of textiles that are pre-approved for application to Herman Miller products. Pre-approval applies only to the suitability of a textile for manufacturing and application to a Herman Miller product. Omni provides an overview of fabrics that have been tested and indicates whether or not they were approved for application to Herman Miller products.

Specific information on the terms and conditions, testing, approval, and ordering process for the Supplier Connection program is listed below. Questions and requests for assistance may be directed to your COM representative at:
(616) 654 3400
(866) 854 3048 EXT 6543400

Supplier Connection Warranty

Textiles purchased by Herman Miller through the Supplier Connection program are COM and are not warranted by Herman Miller. COM textiles are tested for application only; they are not tested for performance. The Herman Miller warranty does apply to the underlying products.

Suppliers of COM textiles are responsible for color consistency within commercial tolerances, UV stability, and resistance to soiling and perspiration.

Supplier Connection Pricing

Textiles purchased by Herman Miller through the Supplier Connection program are COM. COM is a Category 1 fabric. There are no application charges for COM fabrics.

Payment for textiles purchased by Herman Miller through the Supplier Connection program is the responsibility of the customer or dealer. Herman Miller will invoice the order at the supplier's prices published at the time of the order.

Textile Approval

1. Refer to Omni to identify the approval status of the textile. If your textile is not listed, contact the COM Department to request testing for application to Herman Miller products.
2. Herman Miller will notify you of approval or disapproval in approximately 4 days from receipt of the test yardage. If the textile is approved, it will be assigned a COM identification number.

Ordering Products with Supplier Connection COM

1. Identify and include the following information on your purchase order:
 - Product number and option
 - Herman Miller's COM identification number
2. Enter your order on Order Manager in Omni.
3. Upon receipt of the purchase order, Herman Miller will process your order and send you a PO acknowledgment. Herman Miller will determine the yardage required to produce your product and will order and schedule for delivery the required textile. Standard lead times in effect at the time the textile is allocated at the supplier will apply to products ordered through this program.
