### Original Production Date

1994

### Design for the Environment

46% recycled content; 83% recyclable

### Warranty

2 years

It's easy to see the influence of Charles and Ray Eames on the gracefully molded wooden seat of this stool by Design Group Italia. Available in both medium and tall heights, the sleek, natural beech seat sits atop strong but delicate-looking legs constructed of steel tubing in chrome. Sold in sets of 4.
